Infamous Guide Ps3:

The Video Games Guide Matt Fox, 2013-01-17 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design from the very earliest 1962's Spacewar through the present day releases on the PlayStation 3, Xbox 360, Wii, and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels, and of course the author's views and insights into the game. In addition to the main entries and reviews, a full color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

There's no such thing as a quiet year in video games, and 2024 has been no different. For players, a steady stream of high-profile game releases has meant there's always been something new to play, regardless of what console, handheld, PC, or mobile device they were using. Meanwhile, behind the scenes, 2024 has been one of the most turbulent years in the history of the games industry, with widespread job losses, studio cuts, acquisitions, and other controversies. Video Games Chronicle, the expert source for video game news, has covered 2024's goings-on every step of the way, and this book summarises the entire year in one handy volume. Designed like an old-school games magazine, this book presents the VGC website's best coverage of 2024 in a more traditional format. Our News section takes you through all the major stories that took place throughout the year, allowing you to relive every moment, for better or worse. Our Reviews section contains every notable VGC game review from 2024, remastered and presented to you in physical form. We're big on preservation; you see, our Features section offers some of our best long-form articles from the past year. Finally, our Previews section takes a look at some of the games coming in 2025. The world of online games media is a fast-moving one, and news and reviews usually arrive at breakneck speed, then disappear from our consciousness to be replaced with the latest stories. With this book, we hope to provide a more permanent summary of the year while also harking back to the days of the games magazines we loved so
