SCHEME OF WORK Unit 1

Pearson Edexcel International Advanced Subsidiary in Information Technology (XIT11) Pearson Edexcel International Advanced Level in Information Technology (YIT11)
First teaching September 2018 First examination from June 2019
First certification from August 2019 (International Advanced Subsidiary) and August 2020 (International Advanced Level)

INTRODUCTION

The following scheme of work provides an overview of the content of the 2018 International Advanced Level Information Technology and shows how the content could be taught as a guideline approach only.

It should be adapted by schools to fit their timetabling and staffing arrangements. It is based upon a two-year delivery model where all IAS content is being taught in the first year and the remaining IAL content in the second year.

The scheme of work is broken up into units and topics, so that there is greater flexibility for moving topics around to meet planning needs.

It includes:

- Recommended teaching time for topics, though of course this is adaptable according to individual teaching needs
- Classroom activities, teaching points and suggested teaching resources
- Objectives for students at the end of the topic area and integrated Transferable Skills* that are being developed.

The number of guided learning hours for Advanced Level is 360. Teachers should be aware that the estimated teaching hours are approximate and should be used as a guideline only.

Teaching and Learning Design and Technology John Eggleston, 2004-12-30 Here is an increasingly wide agreement among teachers researchers inspectors advisers and policy makers that both teaching and research will benefit from being brought closer together But how can this be achieved Hard pressed practitioners cannot be expected to review a constant flow of conference papers journals and other publications even if such items were accessible and clearly understood This unique book synthesizes relevant research findings for the professional practitioner and highlights their implications for the quality of teaching and learning Whether you are a teacher looking to improve your practice through applying the latest thinking in your subject or a researcher looking for a concise review of the literature this book will prove to be a valuable acquisition

Primary Science: Teaching Theory and Practice John Sharp, Graham Peacock, Rob Johnsey, Shirley Simon, Robin Smith, Alan Cross, Diane Harris, 2017-05-22 Covering all the important skills of teaching primary science the book takes a focused look at all the practical aspects of teaching

The Primary ICT & E-learning Co-ordinator's Manual James Wright, 2007-05-23 This book is absolutely wonderful It will be my new Bible I have used it loads already in preparation for my ICT Mark assessment Taking on the role of ICT co ordinator can be quite a daunting task but this step by step guide breaking things down into manageable chunks will be very supportive I love the blogging idea the comments made by the characters are very realistic This is just what new co ordinators need I wish I d had this when I took over co ordination of ICT Christine Beedham Primary ICT adviser Warrington Every primary school has the daunting task of embedding ICT and e learning into their curriculum This practical manual is the first part of a two volume set that together makes up a detailed two year training programme for primary ICT and e learning co ordinators The books combine key strategies and information with a weblog discussion from a group of virtual co ordinators who share their problems fears and successes over the two year programme based on the author s wide experience of working with new co ordinators and experienced staff on training programmes and in general support Book 1 is designed specifically for co ordinators new to the role who need starting points and broad support It presents a structured training programme split over three terms guiding co ordinators through the key stages of developing and implementing ICT policy and practice including o auditing existing school systems o reviewing and revising the school policy for ICT o reviewing the ways in which ICT is used as a teaching and

learning tool across the curriculum o examining methods for the management of technical support services o establishing a clear overview of standards in ICT including a review of assessment procedures moderating work monitoring teaching and learning and creating E Portfolios The books have a companion website which will offer downloadable versions of the photocopiable sheets from the book as well as links to other sources of help and advice [Textiles Technology for Key Stage 3](#) Alex McArthur, Tristram Shepard, 2000-08 Accompanying the pupils full colour textbook this pack enhances classroom effectiveness and helps raise standards of teaching and learning It places emphasis on individual target setting whereby pupils achievement is easily monitored
