The Vodka-Cola Cowboy: Trucking Russia 1990 - 1995 Mick Twemlow, 2020-05-01

The Vodka Cola Cowboy describes life trucking in what is possibly the harshest environment in the world. Russia. Between 1990 and 1995 British owner driver Mick Twemlow worked to transport goods to from and within Russia and the wider Soviet Union. Living in Moscow with his future wife Elena and their daughter Margarita who was born there in 1992 Mick learned the language and fully immersed himself in Russian society giving him an insider's view of this time of massive upheaval in the Soviet Union. The book vividly illustrates the conditions that British truck drivers encountered such as the atrocious winter weather in a wild and unforgiving landscape, police harassment and the dangers that came with the dissolution of the USSR. Mick was the only British truck driver in Moscow throughout the whole of the anti Gorbachev coup of 1991 and so the book offers a unique perspective of that historical event. The incidents described in the book range from the humorous to the serious to the potentially life threatening. This book will primarily be of interest to truck drivers and those with an interest in road transport and the haulage industry in general. Russia is still an unknown quantity all around the globe with regards to people's understanding of it and its people and so The Vodka Cola Cowboy will also be of interest to anyone who has a fascination with the country particularly during this tumultuous time in the region's socio political history.

Keep on Truckin': 40 Years on the Road Mick Rennison, 2016-03-16

Did the Good Old Days ever really exist? Mick Rennison is not so sure. After miraculously passing his test in an Atkinson Borderer way back in 1974 Mick drove in the days when crooks and con men seemed to run the haulage industry. And Mick worked for most of them. Earning crap wages from arrogant bosses with the constant threat of your P45 hanging over your head he learned his trade through trial and error, many trials and lots of errors. His career took him all over Europe and Scandinavia taking musical shows to Norway, JCBs to Greece and supermarket deliveries down to Gibraltar. Driving for a variety of firms he double manned trucks with his wife Jo for nearly 10 years. Along the way he has been blown over in high winds, outwitted hijackers and held hostage by striking Spanish drivers. Now living on a narrow boat on the Grand Union Canal Mick is approaching retirement and reflects on his varied career. With humour and not a little sarcasm he concludes that as good as those days were he certainly wouldn't want to go back.

Starks' Harvesters Robert S. White, 2019-10-01

For Rob and Charlie this was the start of memorable years driving Massey Ferguson combines the length and breadth of the American wheat belt. This is Rob's story, a vivid account of endless hours of work, rattlesnakes, truck wrecks, summer lightning, tornados, favourite bars and the honeys at the grain elevators. Rob went on to do five years harvesting with Dale Starks who comes to life in these pages with all his wisdom and cussedness. This is the man who starred in *Yellow Trail* from Texas, the BBC documentary that first inspired Rob and Charlie to make the trip. In England Rob was working as an agricultural

contractor For him machines and harvesting were more than a way of life they were a passion This enthusiasm which brought Rob long lasting friendships from his American days illuminates every page of his book **The Long Haul Pioneers** Ashley Coghill,2020-02-01 It all started in 1964 when two friends gave up promising medical careers to embark upon a journey which few hardened truckers would have considered In so doing they were solely responsible for creating the first long haul overland route across Europe and deep into the Middle East to Kabul The men had started the Middle East Run was to become a phenomenon in the road haulage industry an image which it still holds today This book is about the company founded by one of those men from its fledgling days as Asian Transport to the thriving Astran Cargo Services Ltd that it is today In this book Ashley Coghill documents the complete history of the company to date with the focus predominantly on the early days when the men were fighting for something and revelling in the adventure These early long haul drivers would think nothing of a 10 000 mile round trip to Iran or the Arabian Gulf and being stranded at 6 000 feet on a mountain pass with temperatures below 40 was just all in a day s work Ashley Coghill has an immense enthusiasm for his subject and has given his research total dedication He has also tracked down past and present employees to gather first hand information which he has illustrated with over 300 carefully selected images The end result is a detailed comprehensive and fascinating account of an extraordinary company Catalog of Copyright Entries.
