discarded for a time to appear in a new form in later editions and not a few have disappeared entirely His poems appeal to the student rather than to the casual reader and this edition has been prepared with the clearest recognition of that fact It aims to give the growing as well as the grown Whitman The accepted readings are given in the text Each poem has been carefully compared with that appearing in all previous editions and the changes have been inserted in footnotes The lines have been numbered by which means the reader can readily compare the various readings and mark their transformations Under the head of Gathered Leaves I have collected such poems as have been dropped by the way some of which appeared in only one and others in several editions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
