Second Language Teachers Make and Use Greta Gorsuch,2019-10-24 Classroom tests are an everyday feature of second

and foreign language classrooms worldwide Teachers spend a lot of time and energy making and using tests and learners spend a lot of time and energy taking them Nonetheless such assessments are under studied as they are considered routine This volume illuminates this little researched area Featuring fifteen classroom language tests made and used by Chinese English French German Italian Japanese Russian and Spanish teachers the book includes parallel teacher commentary and testing content chapters that transparently probe the teachers processes of making and using their tests Rather than view teachers tests as poor shadows of what professional test writers do this work identifies the reasoning behind teachers tests In addition focused testing content chapters take examples directly from the actual tests and the accompanying teacher commentary This book is an accessible applied resource for second and foreign language teachers language program administrators working with teachers students in teacher preparation and enrichment programs and scholars in language teaching learning and testing
