Grammaticalization And Pragmatics Facts Approaches Theoretical Issues Studies In Pragmatics:

Grammaticalization and Pragmatics: Facts, Approaches, Theoretical Issues Corinne Rossari,Claudia Ricci,Adriana Spiridon,2012-11-02 The studies collected in this volume deal with pragmatic factors involved in the evolution of grammatical or lexical forms or in the emergence of complex syntactic structures in various languages Dutch French Italian Portuguese Romanian Serbian and Spanish They are set against the theoretical framework of grammaticalization The main methodological tools are cross linguistic contrastive analysis and diachronic perspective The two main issues that emerge from these studies are the place of pragmatic factors in language change input output or setting frame of the process and the existence or otherwise of a prevailing mechanism for explaining change phenomena **Grammaticalization and Pragmatics** Corinne Rossari,Claudia Ricci,Adriana Spiridon,2009 Annotation The studies collected in this volume deal with pragmatic factors involved in the evolution of grammatical or lexical forms or in the emergence of complex syntactic structures in various languages Dutch French Italian Portuguese Romanian Serbian and Current Trends in Diachronic Semantics and Pragmatics Maj-Britt Mosegaard Hansen,Jacqueline Visconti,2012-11-02 The focus of this volume is on semantic and pragmatic change its causes and mechanisms The papers gathered here offer both theoretical proposals of more general scope and in depth studies of language specific cases of meaning change in particular notional domains The analyses include data from English several Romance languages German Scandinavian languages and Oceanic languages Detailed case studies covering central semantic domains such as concession evidentiality intensification modality negation scalarity subjectivity and temporality allow the authors to test and refine current models of semantic change by focusing for instance on the respective roles of speakers and hearers in the process and on the relationship between semantic and syntactic reanalysis Key theoretical notions such as presuppositions paradigms word order and discourse status are revisited in a diachronic perspective to provide innovative accounts of causes and motivations for linguistic changes A prominent theme is the evolution of procedural meanings of various kinds Thus several papers feature different types of pragmatic markers as their object of study while others are concerned with items and constructions expressing modality evidentiality negation and relational meanings Closely related themes are the interface between semantics and pragmatics discourse with figurative uses of language rhetorical argumentational strategies discourse traditions information structure and the importance of dialogic contexts in change playing a salient role in several papers the relationship between meaning change and processes such as grammaticalization subjectification and pragmaticalization and the thorny issue of the categorization of linguistic items such as discourse markers or modal particles evidentials or epistemic modals to which the diachronic data are shown to contribute substantially The volume will be of interest to graduate students and researchers in the fields of semantics pragmatics discourse analysis grammaticalization and historical linguistics **Where Prosody Meets Pragmatics** Dagmar Barth-Weingarten,Nicole Dehé,Anne Wichmann,2012-11-02 This volume demonstrates the synergies

that can result from interdisciplinary collaboration Responding to the growing interest in the interface between prosody and pragmatics it presents a collection of papers which use different approaches and data to explore a wide range of interrelated issues in both fields The volume contains a state of the art introduction by the editors and individual chapters organised in three sections In the first section chapters by Sasha Calhoun Joe Blythe Merle Horne and Phoenix Lam examine prosodic cues to referential and discourse textual meaning The second section is devoted to the role played by prosody in the negotiation of speaker change in conversational interaction with papers by Dagmar Barth Weingarten Jill House Emina Kurtic Guy J Brown Bill Wells and Beatrice Szczepek Reed In the final section chapters by Leendert Plug Elizabeth Couper Kuhlen and Anne Catherine Simon Liesbeth Degand focus on various aspects of interpersonal meaning and how they are conveyed Languages discussed are English Dutch German Swedish French and Murriny Patha and the frameworks used include Conversation Analysis Gricean pragmatics Interactional Linguistics Intonational Phonology Phonology for Conversation and Relevance Theory **Subjectivity in Language and Discourse** Nicole Baumgarten,Inke Du Bois,Juliane House,2012-11-02 Subjectivity in Language and in Discourse deals with the linguistic encoding and discursive construction of subjectivity across languages and registers The aim of this book is to complement the highly specialized parallel and often separate research strands on the phenomenon of subjectivity with a volume that gives a forum to diverse theoretical vantage points and methodological approaches presenting research results in one place which otherwise would most likely be found in substantially different publications and would have to be collected from many different sources Taken together the chapters in this volume reflect the rich diversity in contemporary research on the phenomenon of subjectivity They cover numerous languages colloquial academic and professional registers spoken and written discourse diverse communities of practice speaker and interaction types native and non native language use and Lingua Franca communication The studies investigate both already well explored languages and registers e g American English academic writing conversation and with respect to subjectivity less studied languages Greek Italian Persian French Russian Swedish Danish German Australian English as well as many different communicative settings and contexts ranging from conference talk promotional business writing academic advising disease counselling to internet posting translation and university classroom and research interview talk Some contributions focus on individual linguistic devices such as pronouns intensifiers comment clauses modal verbs adjectives and adverbs and their capacity of introducing the speaker s subjective perspective in discourse and interactional sequence others examine the role of larger functional categories such as hedging and metadiscourse or interactional sequencing Pragmatic Markers, Discourse Markers and Modal Particles Chiara Fedriani,Andrea Sansó,2017-11-15 This book offers new perspectives into the description of the form meaning and function of Pragmatic Markers Discourse Markers and Modal Particles in a number of different languages along with new methods for identifying their prototypical instances in situated language contexts often based on cross linguistic comparisons The papers collected in

this volume also discuss different factors at play in processes of grammaticalization and pragmaticalization which include contact induced change and pragmatic borrowing socio interactional functional pressures and sociopragmatic indexicalities constraints of cognitive processing together with regularities in semantic change Putting the traditional issues concerning the status delimitation and categorization of Pragmatic Markers Discourse Markers and Modal Particles somewhat off the stage the eighteen articles collected in this volume deal instead with general questions concerning the development and use of such procedural elements explored from different approaches both formal and functional and from a variety of perspectives including corpus based sociolinguistic and contrastive perspectives and offering language specific synchronic and diachronic studies *New Approaches to Hedging* Gunther Kaltenböck,Wiltrud Mihatsch,Stefan Schneider,2012-11-02 Hedging is an essential part of everyday communication It is a discourse strategy which is used to reduce commitment to the force or truth of an utterance to achieve an appropriate pragmatic effect In recent years hedges have therefore attracted increased attention in Pragmatics and Applied Linguistics with studies approaching the concept of hedging from various perspectives such as speech act and politeness theory genre specific investigations interactional pragmatics and studies of vague language The present volume provides an up to date overview of current research on the topic by bringing together studies from a variety of fields The contributions span a range of different languages investigate the use of hedges in different communicative settings and text types and consider all levels of linguistic analysis from prosody to morphology syntax and semantics What unites the different studies in this volume is a corpus based approach in which various theoretical concepts and categories are applied to and tested against actual language data This allows for patterns of use to be uncovered which have previously gone unnoticed and provides valuable insights for the adjustment and fine tuning of existing categories The usage based approach of the investigations therefore offers new theoretical and descriptive perspectives on the context dependent nature and multifunctionality of hedges **The Oxford Handbook of Grammaticalization** Heiko Narrog,Bernd Heine,2011-10-13 This book presents the state of the art in research on grammaticalization the process by which lexical items acquire grammatical function grammatical items get additional functions and grammars are created Leading scholars from around the world introduce and discuss the core theoretical and methodological bases of grammaticalization report on work in the field and point to promising directions for new research They represent every relevant theoretical perspective and approach Research on grammaticalization and its role in linguistic change encompasses work on languages from every major linguistic family Its results offer valuable insights for all theoretical frameworks including generative construction and cognitive grammar and relates to work in fields such as phonology sociolinguistics and language acquisition The handbook provides a full critical assessment of every aspect of this research It is divided into five parts of which the first two are devoted to theory and method the third and fourth to work in linguistic domains classes and cateogories and the fifth to case studies of grammaticalization in a range of languages It will

be an indispensable source of information and inspiration for all those who wish to know more about this fascinating and important field **Manual of Discourse Markers in Romance** Maj-Britt Mosegaard Hansen,Jacqueline Visconti,2024-12-02 Virtually unstudied until the 1980s discourse markers have gone on to become a growth industry Research on markers is central to comprehensive theories of the synchronic linguistic system as such of the use of language in communication and of language change From the very beginning linguists working on Romance languages have been at the forefront of research on discourse markers Including among its contributors many of the foremost experts in the field this volume not only offers substantial state of the art introductions to the diverse facets of contemporary research on discourse markers with a focus on Romance but it achieves added value by including in each chapter original and previously unpublished results The first part of the book addresses foundational issues What are discourse markers What is their relationship to other types of pragmatic markers The second part considers discourse markers at different levels of linguistic description in particular their grammatical status their semantics and pragmatics their prosodic features their positioning within discourse units The third part outlines different approaches to the study of discourse markers namely contrastive studies corpus linguistics discourse traditions and historical linguistics The fourth part explores discourse markers at the interface with central topics in linguistics such as politeness social variation language acquisition and psycholinguistic processing The final part focuses on discourse markers in each of the major Romance languages namely French Italian Spanish Catalan Portuguese and Romanian The volume will be of interest to researchers and students working in the field of Romance studies general linguists pragmaticians discourse analysts educationalists and psychologists
