Guinea Pigs Technologies Of Control:

Guinea Pigs John Hall, 2014-12-08 For years the federal government has sought to remotely control human behavior Starting with the CIA projects MKULTRA and MKSEARCH in the 1950s the American public has been unwitting guinea pigs in a multitude of non consensually performed experiments that have continued into the 21st century Guinea Pigs takes readers on a journey into the darkest corners of U S non consensual experimentation and the various technologies of control that have led to our current surveillance state The recent revelations regarding the extent of NSA eavesdropping is only the tip of the iceberg We are currently in an information war and a mind war where our privacy and autonomy as human beings are at stake Guinea Pigs will arm you with the information needed to fight back against those who seek to eliminate human free will Over the coming years terms like remote neural monitoring brain mapping and electronic harassment will become household words To be one step ahead of the game be prepared for the future with Guinea Pigs **THE BATTLE FOR YOUR BRAIN** Viorel Serb, 2021-02-21 Based on a True Story Check out my interview Watch it here <https://tinyurl.com/yntzbyd2> In this interview I've explained what gang stalking is Why should everyone on earth know about it Sooner or later every person on earth will be linked to it This book will save your life and countless other lives Break free from mind control and mental slavery Every single person needs to know about this Protect Yourself Against Bullying Harassment Stalking Directed Energy Weapons Cyber Torture Gangstalking Sabotage Suicide Mobbing Induced Schizophrenia and more This book describes the most commonly used mind control silent weapons and psychological tactics This book will offer advice and solutions to help targeted individuals overcome everyday torture and gather evidence There are hundreds of thousands of victims worldwide Let's unite and fight to stop the killing of innocent and creative people Ps The typo mistake is intentional AAttention Two reasons why 1 SEO 2 People Always Spot and Remember Mistakes *Gangstalking* Liz B. Johnston, 2024-11-26 Gangstalking is a novel persecutory belief system Victims believe they are harassed by a group of unknown stalkers perhaps connected with the mafia CIA or law enforcement Victims describe themselves as targeted individuals TIs People who identify as TIs have perpetrated mass shooting incidents as revenge or to draw attention to the problem Social media has allowed the concept to spread globally and there are millions of posts about gangstalking online However there are only a handful of published academic research studies of gangstalking This book summarizes current academic research about gangstalking with a focus on the ethical dilemmas involved in researching this unique concept Gangstalking research is necessarily intersectional spanning the fields of criminology and law enforcement counselling psychology and social media but does not clearly fit into any one defined field Understanding gangstalking involves exploring ethical issues and paradoxes and can also lead to new theories illuminating the puzzle of paranoia This is a genuinely unique book the first academic book on gangstalking It brings together researchers and experts from many different fields and perspectives No Ordinary Stalking June Ti, 2017-01-03 Organized stalking is carried out by an enthusiastic and structured

group that has cruel intentions stalk harass injure financially ruin and mentally crumple human prey until incapacitation occurs What sets this crime apart is that innocents are picked off the street There is no getting away from the stalkers and no getting away from the unusual technology that is used to take over someone s life For the first couple of months says June I thought it was a sick game Now that I ve been tormented for years well it s clear that organized stalking is a sophisticated crime that follows a step by step process to leave the victim as bare and isolated as the dead tree on the cover He or she may still be standing but that s about it I ll sum it up this way Veiled intimidation ensures that targeted individuals are viewed by the public as free people which they are not They are playthings to their controllers Hostages in plain sight Victims are quite literally owned yet have limited chance of rescue because their desperate circumstances are misunderstood Some die from the violence Some die from suicide And the rest merely exist Organized stalking is worldwide and is called gang stalking in some areas The electronic harassment that accompanies organized stalking is also known as covert harassment

What the Hell Is Going On? The Web of Fraud That Is Enslaving Everyone and How We Can Escape to Freedom Donald Lee, 2022-10-20

Why does nothing make sense How can there be a climate emergency when the climate has not changed noticeably during my lifetime How can we fight a War on Drugs for fifty years and the drug problem gets worse How can we fight a War on Terror for two decades yet there s more terror than ever How could there be a worldwide pandemic when there were no excess deaths anywhere in 2020 Why is the answer to every problem more power and control for governments yet they never solve the problems Why is it that the real power doesn t seem to be in elected governments at all Every government in the world seems to be taking its marching orders from the World Economic Forum What the Hell Is Going On What s the connection between all these things Is it all just an accident These events seem to be planned but even if they aren t it doesn t matter Like pregnancy planned or unplanned the result is the same Whether by accident or conspiracy we are on the road to totalitarian slavery It s not hard to understand But it s hard to believe It is unbelievable You have to see the evidence to believe it That what this book is about evidence Donald Lee pulls together evidence from a dozen disciplines to connect the dots on a web of fraud that is leading inexorably to a one world totalitarian tyranny That s the path we re on But we can still get on a different path We re in World War III It s a 5th generation war so it doesn t even seem like war At its root it is a spiritual war and spiritual wars are fought within My favorite line from the book is In this spiritual war our strategy is love our tactic is forgiveness our weapon is non violent non cooperation I couldn t agree more Karen Kan M D In *What the Hell Is Going On* spiritual author Donald Lee takes you on a journey of unfolding enlightenment He shows you how To perceive differently so you can perceive what is really going on The Marxist Philosophy of Death has slowly marched through the institutions and culture of the Western world The tactics of communist subversion have overwhelmed our society and nobody noticed Mass formation psychosis has blinded people to reality making them immune to reason and common sense in every fraud We still have the structure of democracy in the Western world but all governance is really functioning as a dictatorship

the Policy Hierarchy The central bank digital currencies about to be unleashed on the world will trap everyone in the iron grip of a greater slavery than the world has ever known and from which there will be no escape The time to escape is NOW It is already late If we delay much longer all hope will be lost YOU must act NOW To turn back the totalitarianism and bring a new rebirth of freedom Turning back to democracy means turning back to God means exposing the lies and uncovering the truth particularly the truth of who you really are an eternal child of God a being of Light and Love You will be surprised maybe horrified but you won't emerge with the same set of conclusions you went in with Christopher A Shaw Ph D This might be the most important book you read this decade Buy it now **Win or Go Home** Michael Milligan, 2021-04-12 Is it bipolar or mind control The people around me including doctors say it's bipolar I say it's mind control For ten years I have dealt with this problem Talking to myself to get through problems has been my strategy and has been forced upon me since 2009 This new world filled with psych wards the mentally ill and surveillance is something others are going through I relied on routine
