However, it's important to note that a low carb diet involves eating a variety of foods including meat, fish, eggs, and vegetables. A ketogenic diet is a high fat, low carb diet that is often used for weight loss and managing blood sugar. It typically involves consuming a high amount of fat, a moderate amount of protein, and a very low amount of carbohydrates. While some people find it helpful, others may experience side effects like fatigue and constipation. It's important to consult with a healthcare professional before starting any diet.
