Dvoretsky's Endgame Manual: Fourth Edition Mark Dvoretsky,2020-12-17 The Fourth Edition of a Modern Classic When you are serious about improving your endgame skills it is time for Dvoretsky's Endgame Manual Perhaps the best known and most respected instructor of world class chessplayers Mark Dvoretsky has produced a comprehensive work on the

endgame that will reward players of all strengths For those ready to immerse themselves in endgame theory there may be no better manual available today But even if you do not play at master level the book has been designed to help your endgame too Basic theories and must know concepts are highlighted in blue You may skip the more complex analysis focus on the text in blue and still improve your endgame technique When it appeared in 2003 the first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised Fourth Edition is better than ever I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here s what they had to say about the First Edition Dvoretsky s Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post

History in Practice 2nd edition Ludmilla Jordanova,2016-07-28 History in Practice explores the discipline s breadth its complexities and the tasks it takes on This study by one of the liveliest and most acute practitioners in the field demystifies what historians do It looks at history as an academic discipline but also engages with the use of historical ideas in the wider world Historical work has public consequences and draws considerable energy from contemporary preoccupations For this new edition of her respected and widely used book Ludmilla Jordanova has revised the text and added a new chapter that takes into account recent world events She discusses the role of the internet globalisation world history and the current enthusiasm for military history This book is essential reading for all students needing an understanding of history as a discipline

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1968 **World History and the Eonic Effect** John C. Landon,2010-04-27 At a time when theories of evolution are undergoing renewed controversy the study of the Eonic Effect can break the deadlock by looking at world history in the light of evolution The assumption that evolution occurs at random is the crux of the dispute and one confused with issues of religion and secularism We can detect a non random pattern in the record of civilization itself to see evolution in action on a stupendous scale We live in the first generations with enough data to detect this phenomenon In the confusion of evolutionary theories the unexpected discovery of deep level structure can allow us to deconstruct fl at history and assess claims of directionality in evolution In the process the theory of natural selection applied to human evolution is seen to fail a photo finish test The book provides a new model for the study of the overlap of history and evolution and a critique of current views of the descent of man
