The Words and Music of Frank Zappa Kelly Fisher Lowe, 2007-10-01 A deep look at the work of one of the most insightful and incisive critics of late 20th century American culture Savage Journey Peter Richardson, 2023-04-25 A superbly crafted study of Hunter S Thompson's literary formation achievement and continuing relevance Savage Journey is a supremely crafted study of Hunter S Thompson's literary formation and achievement Focusing on Thompson's influences development and unique model of authorship Savage Journey argues that his literary formation was largely a San Francisco story During the 1960s Thompson rode with the Hell's Angels explored the San Francisco counterculture and met talented editors who shared his dissatisfaction with mainstream journalism Peter Richardson traces Thompson's transition during this time from New Journalist to cofounder of Gonzo journalism He also endorses Thompson's later claim that he was one of the best writers using the English language as both a musical instrument and a political weapon Although Thompson's political commentary was often hyperbolic Richardson shows that much of it was also prophetic Fifty years after the publication of Fear and Loathing in Las Vegas and more than a decade after his death Thompson's celebrity continues to obscure his literary achievement This book refocuses our understanding of that achievement by mapping Thompson's influences probing the development of his signature style and tracing the reception of his major works It concludes that Thompson was not only a gifted journalist satirist and media critic but also the most distinctive American voice in the second half of the twentieth century Tribal Secrets Robert Allen Warrior, 1995 A framework for understanding the contributions of Vine Deloria Jr and John Joseph Mathews two American Indian Intellectuals as part of the struggle for tribal sovereignty and argues that the contemporary reality of Native people can and should be part of the past present and future of Indian America Skiing Sun Valley: A History from Union Pacific to the Holdings John W. Lundin, 2020 Union Pacific Railroad's Averell Harriman had a bold vision to restore rail passenger traffic decimated

by the Great Depression create ski tourism in Idaho's remote Wood River Valley. A 1.5 million investment opened Sun Valley in December 1936 with a lavish lodge, luxury shopping, Austrian ski instructors, and extensive backcountry skiing. Prestigious tournaments featured the world's best skiers. Chairlifts invented by Union Pacific engineers serviced skiers quickly and comfortably. Ski instructor and filmmaker Otto Lang recalled that seemingly overnight it became a magnet for the beautiful people, a meeting place for movie stars and moguls, chairmen and captains of industry, Greek shipping tycoons, and peripatetic playboys and playgirls of the international social set. After World War II and Harriman's departure, Union Pacific's willingness to pay the 500,000 yearly subsidy waned. Bill Janss purchased it in 1964 and reimagined it as a year-round resort but lacked the capital for growth. Sinclair Oil owners Earl and Carol Holding acquired it in 1977, revitalizing it into a premier resort with international status. Award-winning ski historian John W. Lundin celebrates America's first destination ski resort using unpublished Union Pacific documents, oral histories, contemporaneous accounts, and more than 150 historic images.

Strategies of Qualitative Inquiry Norman K. Denzin, Yvonna S. Lincoln, 2012-10-24 Strategies of Qualitative Inquiry Fourth Edition is Volume II of the three-volume paperback versions of The SAGE Handbook of Qualitative Research Fourth Edition. This portion of the handbook consists of the topics addressed in Part III: Strategies of Inquiry. Strategies of Qualitative Inquiry Fourth Edition isolates the major strategies historically, the research methods that researchers can use in conducting concrete qualitative studies. The question of methods begins with questions of design and the matters of money and funding. These questions always begin with the researcher who moves from a research question to a paradigm or perspective and then to the empirical world. The history and uses of these strategies are explored extensively in this volume. The chapters move from forms and problems with mixed methods inquiry to case study, performance, and narrative ethnography to constructionist analytics to grounded theory, strategies, testimonies, participatory action research, and clinical research.

Political Graffiti and Global Human Rights Philip Hopper, Evan Renfro, 2023-10-16 Political Graffiti and Global Human Rights Take Another Look examines the role of

political graffiti in the public spaces of Northern Ireland and occupied Palestine highlighting the ways in which oppressed communities utilize this form of expression to convey resistance foster community support preserve the memory of armed struggle and assert their presence By drawing a comparative analysis between Northern Ireland and Palestine Philip Hopper and Evan Renfro argue that while the peace process has made progress in Northern Ireland it has not been successful in Palestine They assert that the disparities in political graffiti between the two regions are not solely attributable to geographical historical and political differences but also to the varying degrees of success in resolving long standing conflicts and the communities ability to remember or forget past atrocities In addition to exploring the themes symbols inspirations and artists behind wall art this book delves into the evolution of the meaning of political graffiti over time and critically examines the notion of who holds the privilege of creating politically themed art deemed to be in good taste **Terry Gilliam** Peter Marks,2017-06-01 Terry Gilliam presents a sustained examination of one of cinema s most challenging and lauded auteurs proposing fresh ways of seeing Gilliam that go beyond reductive readings of him as a gifted but manic fantasist Analysing Gilliam s work over nearly four decades from the brilliant anarchy of his Monty Python animations through the nightmarish masterpiece Brazil to the provocative Gothic horror of Tideland it critically examines the variety and richness of Gilliam s sometimes troubled but always provocative output The book situates Gilliam within the competing cultural contexts of the British European and American film industries examining his regular struggles against aesthetic and commercial pressures He emerges as a passionate immensely creative director whose work encompasses a dizzying array of material anarchic satire childhood and adult fantasy dystopia romantic comedy surrealism road movie fairy tale and the Gothic The book charts how Gilliam interweaves these genres and forms to create magical interfaces between reality and the illuminating frightening but liberating worlds of the imagination Scrutinising the neglected importance of literature and adaptation in Gilliam s career this study also observes him through the lenses of auteurism genre performance design and national culture explaining how someone born in Minnesota and raised in California came to be one of British television and film s most compelling figures *Speaking Personally* Rosalind Coward,2013-10-30 This book argues that the personal voice which is often disparaged in journalism teaching is and always has been a prevalent form of journalism Paradoxically the aim of objective reporters is often to be known for a distinctive voice This personal voice is becoming increasingly visible in the context of the confessional society **A Guide to Qualitative Field Research** Carol A.
