Governing Texas Champagne:

Governing Texas Anthony Champagne, Edward J. Harpham, 2013 A new Texas politics book with a proven approach

Hope for Justice and Power Kathleen Staudt, 2020-03-15 Texas based affiliates in the Industrial Areas Foundation IAF built on ideas principles and actions from the late Saul Alinsky offer a strong mature organizing model compared with other community organizations in the state and the United States as a whole IAF affiliates members consist of institutions most of them faith based congregations and synagogues Local volunteer leaders in those institutions work together in relationships of trust that draw strength unity and purpose from IAF principles and the social justice precepts of their different faiths In Hope for Justice and Power Kathleen Staudt examines the twenty first century activities of the Texas IAF in multiple cities and towns around the state drawing on forty years of academic teaching and on twenty years of active leadership experiences in the IAF She identifies major contradictions tensions and their resolutions in IAF organizing related to centralism versus local control reformist versus radical goals stable revenue generation greater gender balance in leadership and evolving IAF principles The political context in modern Texas is a challenging one compared to the Texas IAF founding period in the last quarter of the twentieth century yet local IAF volunteer leaders achieve their goals with a strong political base in divergent urban regions around the state With declining religious affiliation in U S society the Texas IAF has begun to recruit members from broad based institutions such as schools and health clinics The hope and winnable goals that sustain IAF organizing show the importance of organized power trained volunteer leaders and relationships with public officials in between elections With cross class alliances IAF affiliates work to foster equitable change toward a more just society To analyze the Texas IAF Staudt draws on participant observation in El Paso statewide meetings and training on interviews and on archival documents and media coverage This book will appeal to those interested in community based organizing and leadership Mexican American and women s politics civic capacity building in education political socialization and both Texas and urban politics

Governing Texas Champagne, 2013-03-15

We the People and Governing Texas Anthony Champagne, Benjamin Ginsberg, Edward J. Harpham, Margaret Weir, Theodore J. Lowi, Caroline J. Tolbert, 2015-07-08 Politics is relevant and participation matters

Manifesto for New Social Movements César Augusto Rossatto, 2019-10-01 The world is currently witnessing the emergence of a new context for education labor and transformative social movements Global flows of people capital and energy increasingly define the world we live in The multinational corporation with its pursuit of ever cheaper sources of labor and materials and its disregard for human life is the dominant form of economic organization where capital can cross borders but people can't Affirmative action democracy and human rights are moving in from the margins to challenge capitalist priorities of efficiency i.e. exploitation In some places the representatives of popular movements are actually taking the reins of state power Across the globe new progressive movements are emerging to bridge national identities and boundaries in solidarity with transnational class gender and ethnic struggles At this juncture

educators have a key role to play The ideology of market competition has become more entrenched in schools even as opportunities for skilled employment diminish We must rethink the relationship between schooling and labor developing transnational pedagogies that draw upon the myriad social struggles shaping students lives and communities Critical educators need to connect with other social movements to put a radically democratic agenda based on the principles of equity access and emancipation at the center of educational praxis Many countries in Latin America like in other continents are developing new alternatives for the reconstruction of social projects these emerging sources of hope are the central focus of this book Major historical change always starts with people s social movement Democracy can be one of the best political and social systems in the world but for it to work entails the sustainable participation of citizens Above all it requires that people be informed and critically educated since the quality of democracy depends on quality of education There are 2 kinds of power money and people If people exercise their agency they can be more powerful than money There are some organizing principles of social movements as don t do for others what they should do for themselves Saul Alinsky wrote Rules for Radicals A pragmatic primer for realistic radicals Mary Rogers Cold Anger A story of faith and power politics Michael Gecan Going Public An organizer s guide to citizen action and Ernesto Cortez s Industrial Area Foundation are all great sources for organized activism that do work I put some of these principles to the test and they produced positive results I was a founder and president of a union at my university and I lived my whole life as an activist and learned that we can do more together than alone Now we also have a new digital war with the Cambridge Analytica and Breitbart s fake news manipulation however we also have social justice hacktivism to counter act it as well as other democratic social media venues that critical thinkers and activist use The chapters in this book demonstrate the importance of widening and diversifying social movements at the same time emphasizes the need to build cohesive alliances among all the different fronts What some people think is impossible can become a transformed reality for those who dare attempt changing the world as global citizens

Government and Politics in the Lone Star State L. Tucker Gibson, Clay Robison, 1999 Reflecting the insights of authors who have written about taught or participated in Texas government and politics for over 20 years this text explores Texas government and its relationship to the people it serves and to the federal and local governments that form the American political system Merging the writing styles of an academic and a professional newsman this treatment of Texas Politics is scholarly and exceedingly readable

Judicial Selection in the States Herbert M. Kritzer, 2020-04-30 How do legal professionalism and politics influence efforts to structure the process of selecting and retaining state judges

Texas Politics Cal Jillson, 2015-07-30 The fifth edition of this popular text is now expanded and updated to better fit the needs of a stand alone Texas Politics course Jillson continues to approach the politics of the Lone Star State from historical developmental and analytical perspectives while giving students the most even handed readable and engaging description of Texas politics available today Throughout the book students are encouraged to connect the origins and development of

government and politics in Texas from the Texas Constitution to party competition to the role and powers of the Governor to its current day practice and the alternatives possible through change and reform This text helps instructors prepare their students to master the origin and development of the Texas Constitution the structure and powers of state and local government in Texas how Texas fits into the U S federal system as well as political participation the electoral process and public policy in Texas Texas Politics offers instructors and students an unmatched range of pedagogical aids and tools Each chapter opens with an engaging vignette and a series of focus questions to orient readers to the learning objectives at hand and concludes with a chapter summary a list of key terms review questions suggested readings and web resources Key terms are bolded in the text listed at the end of the chapter and included in a glossary at the end of the book Each chapter includes Let s Compare boxes to help students see how Texas sits alongside other states and Pro Con boxes to bring conflicting political views into sharper focus Tables figures and photos throughout highlight the major ideas issues individuals and institutions discussed

Texas Politics Calvin C. Jillson, 2011 The fifth edition of this popular text is now expanded and updated to better fit the needs of a stand alone Texas Politics course Jillson continues to approach the politics of the Lone Star State from historical developmental and analytical perspectives while giving students the most even handed readable and engaging description of Texas politics available today Throughout the book students are encouraged to connect the origins and development of government and politics in Texas from the Texas Constitution to party competition to the role and powers of the Governor to its current day

American Politics Today and Governing Texas William T. Bianco, David T. Canon, Edward J. Harpham, Anthony Champagne, 2015-02-01 Show students how politics really works through a focus on conflict and compromise

Judicial Politics in Texas Kyle Cheek, Anthony Champagne, 2005 In recent years judicial elections have changed dramatically The elections themselves have become increasingly partisan interest group involvement in judicial races has escalated recent court decisions have freed judicial candidates to speak more openly than ever before about their judicial ideologies and the tenor of judicial campaigns has departed significantly from what were once low key sleepy affairs This book examines the evolution of the new rough and tumble politics of judicial elections by focusing on Texas a bellwether for the new judicial selection politics in America The Texas experience illustrates what can and usually will go wrong when judges are elected and lays the path for meaningful reforms to stem the tide of the new politics of judicial elections

The Best of Texas Festivals Ann Ruff, 1986

Texas Bar Journal, 1992

Practicing Texas Politics Eugene W. Jones, 1989

The Latina Advantage Christina E. Bejarano, 2013-09-01 During the past decade racial ethnic minority women have made significant strides in U S politics comprising large portions of their respective minority delegations both in Congress and in state legislatures This trend has been particularly evident in the growing political presence of Latinas yet scholars have offered no clear explanations for this electoral phenomenon until now In *The Latina Advantage* Christina E Bejarano draws on national public opinion datasets and a close examination of state legislative candidates in Texas and California to

demonstrate the new power of the political intersection between race and gender Underscoring the fact that racial ethnic minority women form a greater share of minority representatives than do white women among white elected officials Bejarano provides empirical evidence to substantiate previous theoretical predictions of the strategic advantage in the intersectionality of gender and ethnicity in Latinas Her evidence indicates that two factors provide the basis for the advantage increasingly qualified candidates and the softening of perceived racial threat leading minority female candidates to encounter fewer disadvantages than their male counterparts Overturning the findings of classic literature that reinforce stereotypes and describe minority female political candidates as being at a compounded electoral disadvantage Bejarano brings a crucial new perspective to dialogues about the rapidly shifting face of America s electorate Running for Judge Matthew J. Streb, 2009-07 This outstanding collection of essays provides new insight into one of the most important features of the American judicial system Matthew J Streb has assembled a first rate set of contributors who offer a fascinating exploration of the institutions incentives and democratic consequences of electing judges Kevin T McGuire author of *Understanding the U S Supreme Court* A timely and important addition to the literature on state courts and judicial politics by a stellar team of contributors New research is presented on a range of issues that will interest scholars and students not only of courts but state politics more generally David M O Brien author of *Storm Center The Supreme Court in American Politics* Across the country races for judgeships are becoming more and more politically contested As a result several states and cities are now considering judicial election reform *Running for Judge* examines the increasingly contentious judicial elections over the last twenty five years by providing a timely insightful analysis of judicial elections The book ties together the current state of the judicial elections literature and presents new evidence on a wide range of important topics including the history of judicial elections an understanding of the types of judicial elections electoral competition during races the increasing importance of campaign financing voting in judicial elections the role interest groups play in supporting candidates party organizing in supposedly non partisan elections judicial accountability media coverage and judicial reform of elections *Running for Judge* is an engaging accessible empirical analysis of the major issues surrounding judicial elections with contributions from prominent scholars in the fields of ju Time Briton Hadden, Henry Robinson Luce, 1924 Reels for 1973 include Time index 1973 *The Democratic Party* Douglas B. Harris, Lonce H. Bailey, 2014-10-07 Through an examination of key historical documents this book chronicles the Democratic Party s complete transformation from the small government Jeffersonian party to a party of activist government and social progressivism during the presidencies of Franklin D Roosevelt Lyndon Johnson Bill Clinton and Barack Obama What are the objectives of today s Democratic Party and what historic events have guided its evolution from a decidedly different ideological starting point more than 200 years ago *The Democratic Party Documents Decoded* supplies a thorough historical examination of the Democratic Party from its distant origins in George Washington s administration to the two term administration of Barack Obama Told through key documents

and speeches this history comes alive in the words and thoughts of those who built sustained and transformed the Democratic Party No other book uses documents in this way to tell a comprehensive history of this party The book utilizes primary documents to investigate a breadth of topics such as the Democratic party s positions on civil rights discrimination voting rights taxation representation immigration primary elections caucuses the Republican opposition relations between church and state the role of government and foreign policy The scholarly commentary provides essential context that bridges the gaps between documents and insightful explanations and clarifications of specific passages or terms to ensure reader comprehension A work unlike any other on the history of the Democratic Party this book will serve advanced high school students in government and history classes as well as undergraduate students taking courses in political science and history

Trowels in the Trenches Christopher P. Barton, 2021-02-23 Presenting examples from the fields of critical race studies cultural resource management digital archaeology environmental studies and heritage studies *Trowels in the Trenches* demonstrates the many different ways archaeology can be used to contest social injustice This volume shows that activism in archaeology does not need to involve radical or explicitly political actions but can be practiced in subtler forms as a means of studying the past informing the present and creating a better future In case studies that range from the Upper Paleolithic period to the modern era and span the globe contributors show how contemporary economic environmental political and social issues are manifestations of past injustices These essays find legacies of marginalization in art toys houses and other components of the material world As they illuminate inequalities and forgotten histories these case studies exemplify how even methods such as 3D modeling and database management can be activist when they are used to preserve artifacts and heritage sites and to safeguard knowledge over generations While the archaeologists in this volume focus on different topics and time periods and use many different practices in their research they all seek to expand their work beyond the networks and perspectives of modern capitalism in which the discipline developed These studies support the argument that at its core archaeology is an interdisciplinary research endeavor armed with a broad methodological and theoretical arsenal that should be used to benefit all members of society Contributors Christopher P Barton Stephen A Brighton Tiffany Cain Stacey L Camp Kasey Diserens Morgan Yamoussa Fane Daouda Keita Nathan Klembara Ora V Marek Martinez Christopher N Matthews Bernard K Means Vinod Nautiyal Kyle Somerville Moussa dit Martin Tessougue Kerry F Thompson Joe Watkins Andrew J Webster *Courts, Corrections, and the Constitution* John J. DiIulio, John J. DiIulio (Jr.), 1990 By some definitions most American prisons and jails are overcrowded by any definition many penal facilities are filthy and violence ridden Over the last twenty years dozens of state and local corrections systems have come under court orders to reform What have been the causes and consequences of judicial involvement in this area and how in the future can judges act to improve the quality of life behind bars at a reasonable human and financial cost This volume by a diverse and distinguished group of contributors provides a much needed answer to this question It offers an introductory statement on enhancing judicial capacity a critical

review of the relevant literatures original in depth analyses of selected state and local cases a statistical study of the likely effect of the Republicanization of the federal bench on judicial involvement and a provocative essay by a corrections practitioner with over three decades of litigation experience Under the heading What Judges Can Do to Improve Prisons and Jails the concluding chapter by DiIulio highlights key findings offers policy prescriptions and suggests an agenda for future research

Ignite the flame of optimism with Crafted by is motivational masterpiece, Find Positivity in **Governing Texas Champagne** .
