**Casey and Bella Go Green** Jane Lovasico, 2012 *Go Green, Spend Less, Live Better* Crissy Trask, 2013-04-20 Go Green Spend Less Live Better is an authoritative practical guide that details the money saving side of greener healthier and

simpler living Bestselling author of *It's Easy Being Green* and sustainable living expert Crissy Trask provides a prescriptive handbook for making better decisions about our homes how we get around what we eat and how we behave as consumers in order to simultaneously achieve two desirable and imperative goals to be better off financially and to do what is good for the planet Laying out steps that will yield immediate results Trask also provides explanations of bigger commitments that take time to implement but also produce much bigger savings With her practical money saving strategies and environmental know how Trask empowers readers to confidently pursue change knowing their bank accounts will grow as a result *Go Green Spend Less Live Better* shows how typical families can easily save at least 10 000 and even as much as 30 000 in the first year alone by greening up some key areas of their homes and lives Other areas covered include How green living is not exclusive but highly accessible and affordable Five reasons you will live better and save money when going green How to start reaping economic rewards right away Taking green to the next level and getting more for your money Earning rich returns on green investments The link between better health and greater wealth And much more *Border Walls Gone Green* John Hultgren, 2015-10-15 How is it that self identified environmental progressives in America can oppose liberalizing immigration policies Environmentalism is generally assumed to be a commitment of the political left and restrictionism a commitment of the right As John Hultgren shows the reality is significantly more complicated American environmentalists have supported immigration restrictions since the movement first began in the late 1800s and anti immigration arguments continue to attract vocal adherents among contemporary mainstream and radical greens *Border Walls Gone Green* seeks to explain these seemingly paradoxical commitments by examining what is actually going on in American debates over the environmental impacts of immigration It makes the case that nature is increasingly being deployed as a form of walling which enables restrictionists to subtly fortify territorial boundaries and identities without having to revert to cultural and racial logics that are unpalatable to the political left From an environmental point of view the location of borders makes little sense the Mexican landscape near most border crossings looks exactly like the landscape on the American side And the belief that immigrants are somehow using up the nation's natural resources and thereby accelerating the degradation of the environment simply does not hold up to scrutiny So Hultgren finds the well intentioned efforts of environmentalists to sustain America are also sustaining the idea of the nation state and in fact serving to reinforce exclusionary forms of political community How then should socially conscious environmentalists proceed Hultgren demonstrates that close attention to the realities of transnational migration can lead to a different brand of socio ecological activism one that could be our only chance to effectively confront the powerful forces producing ecological devastation and social injustice *The Magnificent Makers #8: Go, Go, Green Energy!* Theanne Griffith, 2024-03-12 Boom Snap Whiz Zap *The Magnificent Makers* is a fiction chapter book series filled with real science adventure and characters kids will love Every book includes two science activities kids can do at home A modern day Magic School Bus for today's kids Pablo Violet and their classmate Garry are on a field
