

THE GOOD PEOPLE

PATRICK
HARPUR

Good People Patrick Harpur

Jill Krebs

Good People Patrick Harpur:

The Good People Patrick Harpur, 2017-07-07 Two women see something uncanny in the skies over west London in the summer of 1989 It s the summer of 1989 a time of global flux just before the collapse of the Berlin wall and of South Africa s apartheid a time of signs and portents Two women see something uncanny in the skies over west London Maeve the wife of the local vicar finds she has lost nearly an hour of her life In search of this lost time she uncovers the memory of an encounter with aliens and worse a mysterious event from her childhood in Ireland which she finally redeems in the underworld of an IRA connected pub Her husband Alistair has his own nightmare preparations for the visit of an African bishop and his entourage for a Christian conference whose left wing agenda is threatened by the attendance of a famous and enigmatic nun Meanwhile Heather s sighting comes as a revelation that leads her like a questing Grail knight through strange ordeals from a menacing cult to an alternate reality from a mental hospital to finally an encounter with her own hidden depths A companion volume to the author s critically lauded Daimonic Reality a classic nonfiction study of otherworld journeys The Good People is a modern fairy tale that dramatizes with wit the interweaving of revelation and delusion the natural and the supernatural worldliness and sanctity ultimately suggesting that our humdrum lives are shadowed by the alien dimension of myth

Visionary Graham Hancock, 2022 Previously published in 2007 as Supernatural by Disinformation

Supernatural Graham Hancock, 2006-09-01 Publisher s Note A new expanded edition has replaced this book under the new title Visionary The Mysterious Origins of Human Consciousness ISBN 9781637480069 This definitive edition includes a new Introduction by Graham Hancock as well as restored chapters that were omitted from the original paperback release Less than fifty thousand years ago mankind had no art no religion no sophisticated symbolism no innovative thinking Then in a dramatic and electrifying change described by scientists as the greatest riddle in human history all the skills and qualities that we value most highly in ourselves appeared already fully formed as though bestowed on us by hidden powers In Supernatural Graham Hancock sets out to investigate this mysterious beforeandafter moment and to discover the truth about the influences that gave birth to the modern human mind His quest takes him on a detective journey from the stunningly beautiful painted caves of prehistoric France Spain and Italy to rock shelters in the mountains of South Africa where he finds extraordinary Stone Age art He uncovers clues that lead him to the depths of the Amazon rainforest to drink the powerful hallucinogen Ayahuasca with shamans whose paintings contain images of supernatural beings identical to the animalhuman hybrids depicted in prehistoric caves Hallucinogens such as mescaline also produce visionary encounters with exactly the same beings Scientists at the cutting edge of consciousness research have begun to consider the possibility that such hallucinations may be real perceptions of other dimensions Could the supernaturals first depicted in the painted caves be the ancient teachers of mankind Could it be that human evolution is not just the meaningless process that Darwin identified but something more purposive and intelligent that we have barely begun to understand

The Savoy Truffle

Patrick Harpur, 2013 Set among the mansions and tennis clubs of Surrey's richest suburb The Savoy Truffle is a darkly comic drama that evokes an era when Mod gear was fab the Shorty Nightie shocking the coffee frothy and a new Beatles single brought hysteria to the classroom The grey post war years are trembling on the verge of Technicolour and the Blythe children are struggling to cope with the transition in their own idiosyncratic ways Hugh's novel is held up by yearning for the Irish au pair Janey moons over the mystery of men and the enigmatic Black Mini George wages savage war on his Enemy and the Moo takes refuge in his exclusive Sloppy Club A crisis in their parents lives brings madness and death a supernatural visitor and an all too real tiger The children have to confront and conquer the follies of their elders with wit and invention Patrick Harpur is the acclaimed author of three novels and three works of non fiction including Daimonic Reality The Philosophers Secret Fire and Mercurius He lives in West Dorset worlds away from his Surrey upbringing *That Sense of Wonder*

Francesco Dimitri, 2018-11-29 How to reclaim wonder in our lives and achieve the good life All of us experience a sense of wonder at some point in our lives Perhaps you felt it when you experienced your first kiss when you grasped the perfectly balanced beauty of an equation or when you first saw the rose windows of Chartres Cathedral Whatever the circumstances that triggered the feeling you were left speechless by this extraordinary world of ours We may speak different languages cling to different ideas about politics religion and love but a longing for wonder connects us all through space and time Wonder is the impulse behind scientific and philosophical inquiry artistic creativity and spiritual yearning It is the most fruitful human sense firing our curiosity inspiring us to hope and dream But our sense of wonder that feeling we had as children seeing the Milky Way for the first time gets used up Faced with the practical demands of adulthood we trade a sense of wonder for a sense of reality which all too often brings anxiety and unhappiness in its wake By exploring the nature of wonder in many areas of human experience from the natural world to the spirit world from science to storytelling Francesco Dimitri reveals how we can reclaim our sense of wonder not to become children again but to become happier and more fulfilled adults better equipped to face the challenges of modern life **Scottish Fairy Belief** Lizanne

Henderson, 2007-02-27 The authorities told folk what they ought to believe but what did they really believe Throughout Scottish history people have believed in fairies They were a part of everyday life as real as the sunrise and as incontrovertible as the existence of God While fairy belief was only a fragment of a much larger complex the implications of studying this belief tradition are potentially vast revealing some understanding of the worldview of the people of past centuries This book the first modern study of the subject examines the history and nature of fairy belief the major themes and motifs the demonising attack upon the tradition and the attempted reinstatement of the reality of fairies at the end of the seventeenth century as well as their place in ballads and in Scottish literature **Conversations on the Edge of the Apocalypse** David

Jay Brown, 2025-06-25 In his latest interview collection David Jay Brown has once again gathered some of the most interesting minds of today to consider the future of the human race the mystery of consciousness the evolution of technology

psychic phenomena and more The book includes conversations with celebrated visionaries and inspirational figures such as Ram Dass Noam Chomsky Deepak Chopra and George Carlin Part scientific exploration part philosophical speculation and part intellectual rollercoaster the free form discussions are original and captivating and offer surprising revelations Conversations on the Edge of the Apocalypse is a new look into the minds of some of our groundbreaking leaders and is the perfect gift for science fiction and philosophy fans alike *Our Lady of Emmitsburg, Visionary Culture, and Catholic Identity* Jill Krebs, 2015-12-30 This ethnography explores the community of believers in a series of Marian apparitions in rural Emmitsburg Maryland asking what it means to call oneself a Catholic and child of Our Lady in this context what it means to believe in an apparition and what it means to communicate with divine presence on earth Believers fashion themselves as devotees of Our Lady in several ways Through autobiography they look backward in time to see their lives as leading up to their participation in the prayer group or in some cases moving to Emmitsburg By observing and telling miracle stories they adopt an enchanted worldview in which the miraculous becomes everyday Through relationships with Our Lady their lives are enriched and even transformed When they negotiate institutional loyalty and individual autonomy they affirm their own authority and Catholic identity Finally through social media they expand their devotional networks in ways that shift authority structures and empower individuals Individuals engage beliefs practices and attitudes both arising from and resisting elements of modernity religious pluralism and religious decline empowerment and perceived disempowerment tradition and innovation and institutional loyalty and perceived disloyalty to reveal one way of understanding Catholic identity amidst the shifts and flows of modern change **Fictional Realities / Real Fictions. Contemporary Theatre in Search of a New Mimetic Paradigm** Mateusz Borowski, Malgorzata Sugiera, 2009-03-26 The collection of essays Fictional Realities Real Fictions Contemporary Theatre in Search of a New Mimetic Paradigm tackles the problem of fictionality and reality in contemporary theatre practice and playwriting It approaches this hotly debated issue in a larger context of the theories of theatrical and dramatic mimesis The volume provides an answer to the most recent developments in performative arts such as the widespread use of new media technologies the popularity of site specific productions and the flourishing of various post dramatic forms of expression The phenomena scrutinized in this collection call into question the basic dichotomy between the fictional and the real on which the theory and practice of the Western theatre has been based right from its inception However due to their extremely heterogeneous character they pose a considerable problem for researchers and teachers who still do not find a widely applicable methodology for the analysis of contemporary performances and texts for the theatre Fictional Realities Real Fictions sets the discussion of the onset of new mimetic paradigm in three interrelated contexts the new perceptual patterns forged by contemporary theatre the use of media on stage and the strategies of today's political theatre The case studies presented here in spite of their thematic diversity are subordinated to a single theoretical framework Thus they turn out extremely useful both for the scholars investigating the problems of contemporary theatre and

students of theatre and drama Fictional Realities Real Fictions offers them a rigid methodological scaffolding supported by a number of illustrative examples from a variety of cultural context and theatre traditions which gives them an opportunity to extrapolate from the main argument of the volume to their own research The 2012 Collection Daniel Pinchbeck, 2012-02-21 Now in the years beyond 2012 discover the true meaning behind the hype that captivated the world It should be no surprise to us now but the pomp surrounding the coming of the year 2012 that grasped the human race's attention in those preceding years was not at all about the end of the world Instead much to the contrary Daniel Pinchbeck believes that the passing of the year 2012 marked the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens embracing fresh ideas about who we are and what it means to be human Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement both in one place for the first time and at one low price 2012 The Return of Quetzalcoatl Cross James Merrill H P Lovecraft and Carlos Castaneda each imbued with a twenty first century aptitude for quantum theory and existential psychology and you get the voice of Daniel Pinchbeck And yet nothing quite prepares us for the lucidity rationale and informed audacity of this seeker skeptic and cartographer of hidden realms Throughout the 1990s Pinchbeck had been a member of New York's literary select He wrote for publications such as The New York Times Magazine Esquire and Harper's Bazaar His first book Breaking Open the Head was heralded as the most significant on psychedelic experimentation since the work of Terence McKenna But slowly something happened Rather than writing from a journalistic remove Pinchbeck his literary powers at their peak began to participate in the shamanic and metaphysical belief systems he was encountering As his psyche and body opened to new experience disparate threads and occurrences made sense like never before Humanity every sign pointed is precariously balanced between greater self potential and environmental disaster The Mayan calendar's end date of 2012 seems to define our present age It heralds the end of one way of existence and the return of another in which the serpent god Quetzalcoatl reigns anew bringing with him an unimaginably ancient yet to us wholly new way of living A result not just of study but also of participation 2012 tells the tale of a single man in whose trials we ultimately recognize our own hopes and anxieties about modern life Toward 2012 Perspectives on the Next Age An informed challenging and engaging collection of essays on the new choices in lifestyles and community as we begin the countdown toward the year 2012 This fresh and thought provoking anthology draws together some of today's most celebrated visionaries thinkers and pioneers in the field of evolving consciousness exploring topics from shamanism to urban homesteading the legacy of Carlos Castaneda to Mayan predictions for the year 2012 and new paths in direct political action and human sexuality Toward 2012 highlights some of the most challenging intelligent pieces published on the acclaimed website Reality Sandwich It is coedited by Daniel Pinchbeck the preeminent voice on 2012 and online pioneer Ken Jordan and features original works from Stanislav Grof John Major Jenkins and Paul D Miller DJ Spooky interviews with Abbie Hoffman

and artist Alex Grey and a new introduction by Pinchbeck Here are ideas that trace the arc of our evolution in consciousness lifestyles and communities as we draw closer to a moment in time that portends ways of living that are different from anything we have expected or experienced

How Soon is Now? Sampler Daniel Pinchbeck, 2017-03-07 Drawing on a huge range of resources and references Daniel Pinchbeck presents a compelling argument for the need for change on a global basis it is only when we see ourselves as one planetary tribe that this change can occur The central thesis is that humanity has self willed the ecological crisis in order to bring about the necessary conditions for transcendence of our current state of being by undergoing an initiatory ordeal on a planetary scale This collective ordeal is necessary for us to evolve from one state of being our current level of consciousness to the next By passing through this initiation we realize ourselves as one unified being a planetary super organism in a symbiotic relationship with the Earth s ecology and the entire web of life Covering everything from energy and agriculture to culture politics media and ideology Pinchbeck s book is ultimately about the nature of the human soul and the future of our current world He calls for an intentional and consciously designed metamorphosis of our current systems which transform capitalist and exclusive structures into participatory democratic and inclusive ones based on an integration of Eastern metaphysics social ecology and radical political thought How Soon is Now gives us the context we need to understand the chaos and turbulence of our times Sting

How Soon is Now Daniel Pinchbeck, 2017-02-21 We are on the brink of an ecological mega crisis threatening the future of life on earth and our actions over the next few years may well determine the destiny of our descendants Between a manifesto and a tactical plan of action How Soon is Now by radical futurist and philosopher Daniel Pinchbeck outlines a vision for a mass social movement that will address this crisis Drawing on a huge range of resources and references Daniel Pinchbeck presents a compelling argument for the need for change on a global basis it is only when we see ourselves as one planetary tribe that this change can occur The central thesis is that humanity has self willed the ecological crisis in order to bring about the necessary conditions for transcendence of our current state of being by undergoing an initiatory ordeal on a planetary scale This collective ordeal is necessary for us to evolve from one state of being our current level of consciousness to the next By passing through this initiation we realize ourselves as one unified being a planetary super organism in a symbiotic relationship with the Earth s ecology and the entire web of life Covering everything from energy and agriculture to culture politics media and ideology Pinchbeck s book is ultimately about the nature of the human soul and the future of our current world He calls for an intentional and consciously designed metamorphosis of our current systems which transform capitalist and exclusive structures into participatory democratic and inclusive ones based on an integration of Eastern metaphysics social ecology and radical political thought How Soon is Now gives us the context we need to understand the chaos and turbulence of our times Sting

Treasury of Mini Comics Volume Two Michael Dowers, 2015-01-18 Treasury of Mini Comics Vol 2 is a historical survey and collection of several decades worth of some of the best that DIY comics has to offer from some

of the medium's most talented independent creators. Previously only seen in limited run pamphlets, these comics are startling, visionary, hilarious, profane, and profound.

Surfing the Galactic Highways Barry Goddard, 2022-12-09 Astrology has the power to take our breath away to enchant us through the eerie synchronicities it reveals between sky events and earth events. Life presents us all with periods that are both challenging and potentially transformative. This book shows in intimate detail and grounded in the author's personal experience how the outer planets can be used to help navigate and illuminate those testing times. Astrology can guide us through the deep initiatory and transformative experiences that life if we are willing offers us, providing an affirmation of an intuitive, non-rational means of knowing that's central to who we are as humans but undervalued and even denied in our modern age. *Surfing the Galactic Highways* is a refreshingly bold assertion of the intuitive, non-rational nature of astrological knowledge and a thoroughgoing refutation of those who would relegate astrology to the status of a pseudo-science.

God and Other Spirits Phillip H. Wiebe, 2004 Wiebe advocates the naturalizing of supernaturalism so that preoccupation with proofs is at least supplemented if not replaced by investigation of how belief in God and other spirits arises out of experience.

BOOK JACKET

Monsters John Michael Greer, 2001 The author discusses monsters from the perspective of traditional magical lore, describing the characteristics of vampires, ghosts, werewolves, fairy creatures, mermaids, dragons, spirits, angels, and demons, and examining evidence of their existence.

BWI

Quicksand Tales Keggie Carew, 2019-01-31 Keggie Carew has an unerring instinct for being in the wrong place at the wrong time of putting her foot in it and making a hash of things. From the repercussions of a missing purse to boiling a frog or the holiday when the last thing you could possibly imagine happens, Keggie has been there. She also has an enviable talent for recycling awfulness and turning embarrassment into gold. In prose that will make you laugh, wince, and curl your toes, Keggie Carew shares her most humiliating, awkward, uncomfortable, funny, true, terrible, and all too relatable moments.

Unexplained Phenomena John Michell, Bob Rickard, Robert J. M. Rickard, 2000 The Rough Guide to Unexplained Phenomena is an exploration of the zone that lies between the known and the unknown, a shadowy territory that's home to lake monsters, combusting people, teleporting frogs, and man-eating trees. Taking a Fortean path between dogmatic scientists and credulous believers, the authors trace tales of wonder back to their sources, drawing from a huge archive of observations, opinions, and discussions. As the third millennium begins, many things are not yet known or understood about our world, as this Rough Guide shows: there are still many riddles to solve and wonders to experience.

Secrets of the Mysterious Valley Christopher O'Brien, 2007 No other region in North America features the variety and intensity of unusual phenomena found in the world's largest alpine valley, the San Luis Valley of Colorado and New Mexico. Since 1989, Christopher O'Brien has documented thousands of high-strange accounts that report UFOs, ghosts, crypto-creatures, cattle mutilations, skinwalkers, and sorcerers, along with portal areas, secret underground bases, and covert military activity. This mysterious region at the top of North America has a higher incidence of UFO reports than any other area of the continent and is the publicized birthplace of the cattle mutilation.

mystery Hundreds of animals have been found strangely slain during waves of anomalous aerial craft sightings Is the government directly involved Are there underground bases here Does the military fly exotic aerial craft in this valley that are radar invisible below 18 000 feet These and many other questions are addressed in this all new work by one of America s top paranormal investigators Take a fantastic journey through one of the world s most enigmatic locales **Magical Identity**

Taylor Ellwood,2018-10-13 Unlock the power of your identity In *Magical Identity* Taylor Ellwood explores how you can change your identity and why making changes to your identity is the most effective magical practice you ll ever learn for getting results In this book you will learn Advanced neuro magic techniques for working with your body consciousness and neurotransmitter entities The web of Time and Space a space time magic technique for changing your identity Space time tarot magic techniques or evoking possibilities into results Imagination and memory techniques for manifesting possibilities into results using your identity How to use non linear time to transform possibilities into results And much much more Effective practical magic is magic that includes identity and in this book you ll learn why *Magical Identity* shows you how to transform who you are to get the results you want
