published in 1928 The result is an important contribution to our understanding of early Indian religion and society and will be of interest to those in the fields of Buddhist studies Asian history art history and anthropology

possession and the meaning that his exorcisms conveyed to his first century audience Thus the methodology includes textual analysis sociological analysis of general cultural patterns within which first century Palestine can be fitted and anthropological analysis of the plausible functions of both spirit possession and exorcism in agrarian societies **Studying Buddhism in Practice** John S. Cook,2016-12-06 Why Islam is more political and fundamentalist than other religions Why does Islam play a larger role in contemporary politics than other religions Is there something about the Islamic heritage that makes Muslims more likely than adherents of other faiths to invoke it in their political life If so what is it Ancient Religions Modern Politics seeks to answer these questions by examining the roles of Islam Hinduism and Christianity in modern political life placing special emphasis on the relevance or irrelevance of their heritages to today s social and political concerns Michael Cook takes an in depth comparative look at political identity social values attitudes to warfare views about the role of religion in various cultural domains and conceptions of the polity In all these fields he finds that the Islamic heritage offers richer resources for those engaged in current politics than either the Hindu or the Christian heritages He uses this finding to explain the fact that despite the existence of Hindu and Christian counterparts to some aspects of Islamism the phenomenon as a whole is unique in the world today The book also shows that fundamentalism in the sense of a determination to return to the original sources of the religion is politically more adaptive for Muslims than it is for Hindus or Christians A sweeping comparative analysis by one of the world s leading scholars of premodern Islam Ancient Religions Modern Politics sheds important light on the relationship between the foundational texts of these three great religious traditions and the politics of their followers today [Yoga in the Modern World](#) Mark Singleton,Jean Byrne,2008-06-30 Today yoga is a thoroughly globalised phenomenon Yoga has taken the world by storm and is even seeing renewed popularity in India Both in India and abroad adults children and teenagers are practicing yoga in diverse settings gyms schools home work yoga studios and temples The yoga diaspora began well over a hundred years ago and we continue to see new manifestations and uses of Yoga in the modern world As the first of its kind this collection draws together cutting edge scholarship in the field focusing on the theory and practice of yoga in
