Good Study Guide By Northedge:

The Good Study Guide Andrew Northedge, 2005-01-01 Developing your learning skills is one of the best investments you can make. We all need to be lifelong learners now. Whether you are an experienced student or just starting out, this book will stimulate, guide and support you. It will make you think about yourself and how your mind learns. And it will change forever the way that you study. Topics include: motivating yourself and managing your time; taking full advantage of your computer; reading with concentration and understanding; developing flexible note-taking strategies; getting the most from seminars and workshops; making presentations; researching online; handling numbers and charts with confidence; writing clear, well-argued assignments; doing yourself justice in exams. For more information go to www.goodstudyguide.co.uk **500 Tips for Tutors** Sally Brown, Phil Race, 2013-01-11 This book presents over 500 practical suggestions designed to help tutors establish active learning amongst their students. Divided into useful sections, the tips cover the entire range of teaching and learning situations and comprise a start anywhere dip-in resource suitable for both the newcomer and the old hand. Intended mainly for the university or college lecturer involved in learner-centred learning, this resource offers fresh ideas and food for thought on six broad areas of the job: getting the students going; starting off and working together; the programme itself; lectures, assignments and feedback; helping students to learn from resources; assessment demonstrating evidence of achievement; skills for career and life in general. This lively and stimulating book will prove invaluable to lecturers, tutors, teachers, trainers and staff developers. *Studying at a Distance: a Guide for Students* Christine Talbot, 2016-03-16 This authoritative book has supported thousands of distance learners providing accessible support and friendly advice for their studies. This essential guide provides practical help for anyone who is embarking on a distance learning course. Ideal for those who have not previously studied at a distance or for students returning to study after a break, it covers fundamental issues such as motivation, goal setting, time management and coping strategies. The fourth edition includes: How to understand the distance learning experience and what your institution expects of its distance learners; The practicalities of learning at a distance including how to get support when you need it; Updated information on the use of new technologies in distance learning including mobile learning; Tips and advice on doing a research project at a distance; Coverage of key study skills including reading and note making; completing written assignments; developing critical analysis skills and avoiding plagiarism; Support for international students in understanding how to make the most of studying remotely at a UK Higher Education institution. Hallmark features of this book are the comments and advice offered by students and tutors sharing their own experiences of distance learning. It also includes comprehensive self-study activities that highlight the element of active learning that is crucial to successful studying at a distance. *Studying at a Distance* 4th edition is a key resource for undergraduates and postgraduates in all open and distance learning or e-learning courses. *Learning how to learn* The Open University, 1984-01-01 This 6-hour free course explored how to make the process of learning more effective by applying
