Fortune Henry Robinson Luce, 2006-10      Summary of Traffic Secrets Alexander Cooper, 2021-09-25 Summary of Traffic Secrets Digital marketing is still new With all the new trends services and concepts it seems to be staying that way for a while Every social network is rolling out ad networks and introducing new features retargeting is growing in popularity and experts continue to pop up and endorse various tactics Next year or heck next month a slew of new experts tactics and networks will rise So where does that leave us Well with a huge burden Ever really try to keep up with digital marketing It's nearly impossible If your job is to know the ins and outs of digital marketing and you love doing so then you might be okay But for everyone else out there particularly the business owners with enough going on between work and personal life there's no chance There's just too much clutter to always know what's valuable or a fad Don't get me wrong us digital marketers have it tough also We might live in this world but that means it's our job to make sense of it all And if you don't have a system to link all the tactics into it becomes a huge headache That's why I tested out different concepts and mindsets when I approached digital marketing leaving me with one central theory We only need two things a digital sales funnel and a strategy We still need to invest endless hours discovering and testing the latest tools and tactics But when we know that the tools and tactics have to fit into a funnel and strategy we begin to understand how the whole machine works It's how digital marketing changes from being a business expense into a business investment When I discovered that I just need to focus on the funnel and strategy I didn't want to stop learning Maybe in my position I don't have a choice to stop learning each day assuming I want to stay as an expert But the fact that it didn't bother me anymore was a huge advantage Sounds simple doesn't it Just two things And you already know what a sales funnel and strategy is right But don't worry we're going to get much more in depth than that as we go through this book As you'll see this book isn't about digital marketing tools and tactics I frankly couldn't care less whether you know how to code your own website design beautiful graphics or run detailed analytics I just want you to know two things digital sales funnels and strategy When it comes time to get something technical done you'll find that you can hire help to take care of those high skill technical and creative jobs And if you're cash strapped don't worry either I can't think of anything you'll ever need that hasn't been commoditized by the internet making potentially extremely expensive initiatives affordable for the solopreneur Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book      **Top Secret Twenty One - 101 Amazing Facts You Didn't Know** G Whiz, 2014-07-10 What are the amazing facts of Top Secret Twenty One by Janet Evanovich Do you want to know the golden nuggets of facts readers love If you've enjoyed the book then this will be a must read delight for you Collected for readers everywhere are 101 book facts about the book author that are fun down to earth and amazingly true to keep you laughing and learning as you read through the book Tips Tricks to Enhance Reading Experience Enter G Whiz after your favorite title to see if publication exists ie Top Secret Twenty One G Whiz Enter G Whiz
