Middle Managers as Agents of Collaboration Paul Williams, 2019-07-10. This important book examines the role, behaviours and management practices of middle managers operating within the context of collaboration, complex inter-organizational and multi-sector settings that demand cross-boundary governance policy and practice to tackle challenging contemporary societal problems and issues. Presenting new evidence and offering perspectives from both the public and private sectors, the author critically explores the main themes that are integral to the management challenges facing this cadre of managers. The book sets out the implications of this research for policy and practice and offers practical recommendations to policy makers and managers working in this area.

Resource Management, Sustainable Development and Governance Baleshwar Thakur, Rajiv R. Thakur, Srikumar Chattopadhyay, Rajesh K. Abhay, 2022-01-01. This book examines the relationship between natural resource management, sustainable development and governance with case studies from India and other places covering disaster risk reduction, conflict resolution, capacity building, climate change adaptation and resilience, citizen engagement and ecological conservation. Though the studies focus mostly on cases in India, the volume discusses how governance can be employed to help develop and implement sustainable practices globally through the lens of the United Nations Sustainable Development Goals (SDGs) framework. Readers will learn how to integrate concepts of resource management, sustainable development and governance to improve human resilience to global environmental change and to assess the proper development approaches to assist economically stressed and resource-deprived individuals. The book will be of use to graduate students and academics.
