**Reckoning Day** Jacqueline Foertsch, 2013-08-30 Too often lost in our understanding of the American Cold War crisis with its nuclear brinkmanship and global political chess game is the simultaneous crisis on the nation's racial front *Reckoning Day* is the first book to examine the relationship of African Americans to the atom bomb in postwar America It tells the wide ranging story of African Americans response to the atomic threat in the postwar period It examines the anti nuclear writing and activism of major figures such as W E B Du Bois Rev Dr Martin Luther King Jr and Lorraine Hansberry as well as the placement or absence of black characters in white authored doomsday fiction and nonfiction Author Jacqueline Foertsch analyzes the work of African American thinkers activists writers journalists filmmakers and musical performers in the atomic decades of 1945 to 1965 and beyond Her book tells the dynamic story of commitment and interdependence as these major figures spoke with force and eloquence for nuclear disarmament just as they argued unassailably for racial equality on numerous other occasions Foertsch also examines the placement of African American characters in white authored doomsday novels science fiction and survivalist nonfiction such as government sponsored forecasts regarding post nuclear survival In these black characters are often displaced or absented entirely in doomsday narratives they are excluded from executive decision making and the stories often triumphant conclusions in the nonfiction they are rarely envisioned amongst the typical American survivors charged with rebuilding US society Throughout *Reckoning Day* issues of placement and positioning provide the conceptual framework abandoned at ground zero America's inner cities during the height of the atomic threat African Americans were figured in white authored survival fiction as compliant servants aiding white victory over atomic adversity while as historical figures they were often perceived as elsewhere indifferent to the atomic threat In fact African Americans position on the bomb was rarely one of silence or indifference Ranging from appreciation to disdain to vigorous opposition atomic era

African Americans developed diverse and meaningful positions on the bomb and made essential contributions to a remarkably American dialogue      *Representations of Anne Frank in American Literature* Rachael McLennan, 2016-08-05 This book explores portrayals of Anne Frank in American literature where she is often invoked if problematically as a means of encouraging readers to think widely about persecution genocide and victimisation often in relation to gender ethnicity and race It shows how literary representations of Anne Frank in America over the past 50 years reflect the continued dominance of the American dramatic adaptations of Frank's Diary in the 1950s and argues that authors feel compelled to engage with the problematic elements of these adaptations and their iconic power At the same time though literary representations of Frank are associated with the adaptations critics often assume that these texts unquestioningly perpetuate the problems with the adaptations This is not true This book examines how American authors represent Frank in order to negotiate difficult questions relating to representation of the Holocaust in America and in order to consider gender coming of age and forms of inequality in American culture in various historical moments and of course to consider the ways Frank herself is represented in America This book argues that the most compelling representations of Frank in American literature are alert to their own limitations and may caution against making Frank a universal symbol of goodness or setting up too easy identifications with her It will be of great interest to researchers and students of Frank the Holocaust in American fiction and culture gender studies life writing young adult fiction and ethics      Channeling the Past Erik Christiansen, 2013-03-15 After the turmoil of the Great Depression and World War II Americans looked to the nation's more distant past for lessons to inform its uncertain future By applying recent and emerging techniques in mass communication including radio and television programs and commercial book clubs American elites working in media commerce and government used history to confer authority on their respective messages With insight and wit Erik Christiansen uncovers in *Channeling the Past* the ways that powerful corporations rewrote history to strengthen the postwar corporate state while progressives communists and other leftists vied to make their own versions of the past more popular Christiansen looks closely at several notable initiatives CBS's flashback *You Are There* program the Smithsonian Museum of American History constructed in the late 1950s the *Cavalcade of America* program sponsored by the Du Pont Company the History Book Club and the Freedom Train a museum on rails that traveled the country from 1947 to 1949 exhibiting historic documents and flags including original copies of the U S Constitution and the Magna Carta It is often said that history is written by the victors but Christiansen offers a more nuanced perspective history is constantly remade to suit the objectives of those with the resources to do it He provides dramatic evidence of sophisticated calculations that influenced both public opinion and historical memory and shows that Americans' relationships with the past changed as a result      *Readers' Advisory Service in North American Public Libraries, 1870-2005* Juris Dilevko, Candice F.C. Magowan, 2007-02-13 Beginning in the early 1980s readers advisory services were a widely discussed topic in North American public libraries By 2005 almost every public library in the United States and Canada

offered some form of readers advisory service The services offered have changed significantly in ways perhaps disadvantageous to adult North American library patrons This book provides a critical history of readers advisory philosophy and offers a new perspective on the evolution of the service The book analyzes the debate that shaped readers advisory and discusses how the service has assumed its present form The study follows readers advisory through its three prominent stages of development beginning with the period 1870 to 1916 when the service was still a subject of much crucial debate about its meaning and purpose During the second phase 1917 to 1962 readers advisory systematically committed itself to meaningful adult education through serious and purposeful reading The book argues however that during the most recent phase of readers advisory from 1963 until the present contemporary public libraries have turned their backs on the rich heritage of readers advisory services by valorizing the reading of entertainment oriented and commodified genre titles and bestsellers Historical analysis case studies and statistical charts augment the book's central argument

### **American Republic Since 1877, Teaching Strategies for American History Classroom, Including Block Scheduling**

McGraw-Hill Staff,2002-08      *Pure and Simple Politics* Julie Greene,1998-06-28 Scholarship on American labor politics has been dominated by the view that the American Federation of Labor the dominant labor organization rejected political action in favor of economic strategies Based upon extensive research into labor and political party records this study demonstrates that despite the common belief the AFL devoted great attention to political activity The organization's main strategy however which Julie Greene terms pure and simple politics dictated that trade unionists alone should shape American labor politics Exploring the period from 1881 to 1917 *Pure and Simple Politics* focuses on the quandaries this approach generated for American trade unionists Politics for AFL members became a highly contested terrain as leaders attempted to implement a strategy which many rank and file workers rejected Furthermore its drive to achieve political efficacy increasingly exposed the AFL to forces beyond its control as party politicians and other individuals began seeking to influence labor's political strategy and tactics

*The Land Between the Lakes* Ronald A. Foresta,2013-11-01 Between Barkley and Kentucky Lakes two great artificial bodies of water in western Tennessee and western Kentucky lies a wooded land that looks from above like the flattened thumb of a green giant Once a land of marginal farms and small settlements this 240 square mile peninsula known as the Land Between the Lakes has been a national recreation area for the last half century Its rolling wooded hills and open bottomlands give the place charm but little majesty The place swallows up its few campgrounds and visitors they attracts creating a vacuous tranquility In this volume Foresta explores how this forgotten and bypassed region became a national recreation area He uses its history to retrieve our old attitudes toward nature progress and personal development He also uses its history to retrieve a vision of the future that rallied idealists intellectuals and even public officials to its banner In the early 1960s the Tennessee Valley Authority set out to create a great park for posterity at the Land Between the Lakes The park was to host the vast stretches of leisure that wealthy secure and more equal Americans of the late twentieth

and early twenty first centuries would have at their disposal It would be a place where such Americans could turn that leisure into happiness psychic well being and strength of character The TVA cleared the land of its inhabitants to create the park removing people from their homes and severing their roots thus effacing the history of the place It then set about reshaping the land in the image of an anticipated future But when that future never arrived managers struggled to fit the place to the America that actually came into being In the end they failed leaving the Land Between the Lakes enveloped in a haunting sense of emptiness A deft blend of environmental history geography politics and cultural history Land Between the Lakes demonstrates both the idealism of mid twentieth century planners and how quickly such idealism can fall out of alignment with the flow of history In so doing it explores a forgotten vision of the future that was in many ways more appealing than the present that came into being in its place *Rethinking the North American Long Poem* Ridvan Askin, Julius

Greve, 2024-12-15 For centuries critics poets poet scholars and philosophers have either openly proclaimed or tacitly assumed the long poem as the highest expression of literary ambition and excellence *Rethinking the North American Long Poem* focuses on the North American variant of this notorious form notorious because of its often forbidding and difficult character particularly with respect to the dialectics of content and form aesthetics and politics matter and genre In nine essays and a contextual introduction the editors and contributors scrutinize seminal long poems by North American writers including Walt Whitman's *Song of Myself* Ezra Pound's *The Cantos* Muriel Rukeyser's *The Book of the Dead* and Charles Olson's *The Maximus Poems* They also explore recent efforts that have redefined or reopened the case of the long poem including Rachel Blau DuPlessis's *Drafts* M. NourbeSe Philip's *Zong* and Claudia Rankine's *Citizen* Taking the categories of form matter and experiment as frames of conceptual reference the book examines the ways in which material and immaterial aspects of literary practice and the philosophically and politically inscribed duality of experience and experiment are negotiated in and by North American long poems from the nineteenth century to the present *Demographic Angst* Alan Nadel, 2017-12-26 Prolific literature both popular and scholarly depicts America in the period of the High Cold War as being obsessed with normality implicitly figuring the postwar period as a return to the way of life that had been put on hold first by the Great Depression and then by Pearl Harbor *Demographic Angst* argues that mandated normativity as a political agenda and a social ethic precluded explicit expression of the anxiety produced by America's radically reconfigured postwar population Alan Nadel explores influential non fiction books magazine articles and public documents in conjunction with films such as *Singin in the Rain* *On the Waterfront* *Sunset Boulevard* and *Sayonara* to examine how these films worked through fresh anxieties that emerged during the 1950s **CA Te Am Anthem 2007 Mod** Holt Rinehart & Winston, 2007

**American Fictions, 1940-1980** Frederick Robert Karl, 1983 This comprehensive critical analysis of American novels of the past four decades interprets and evaluates a wide range of writers and works of what Karl views as the first sustained period of American Modernism *Foreign Service Journal*, 1973 **Readers' Guide to Periodical Literature**, 1945

Routledge Companion to Media and Humanitarian Action Robin Andersen, Purnaka L. de Silva, 2017-09-14 In this moment of unprecedented humanitarian crises the representations of global disasters are increasingly common media themes around the world The Routledge Companion to Media and Humanitarian Action explores the interconnections between media old and new and the humanitarian challenges that have come to define the twenty first century Contributors including media professionals and experts in humanitarian affairs grapple with what kinds of media language discourse terms and campaigns can offer enough context and background knowledge to nurture informed global citizens Case studies of media practices content analysis and evaluation of media coverage and representations of humanitarian emergencies and affairs offer further insight into the ways in which strategic communications are designed and implemented in field of humanitarian action
