and Questions Education      **Teacher's Resource Pack** Keith Gaines, Shirley Tully, 2008-05-23 Wellington Square is designed to meet the needs of children aged 7-13 who are having difficulty in learning to read. It provides straightforward progression through all 5 levels of the scheme from wordless picture books to storybooks with full text.      Connecting the Library to the Curriculum Lynette Torres, Fiona Salisbury, Barbara Yazbeck, Sharon Karasmanis, Janice Pinder, Caroline Ondracek, 2022-01-20 This book shares the experiences of the Monash University and La Trobe University libraries in Melbourne Australia regarding the paths taken to transform and reposition these libraries within their institutions. The book showcases the respective frameworks used to enhance library skill development programs and addresses central topics such as partnerships, pedagogy, curriculum, emerging skill agendas and student success. It offers a theoretical and practical approach to overcoming persistent challenges and discusses several pertinent areas, e.g. establishing library faculty partnerships explicitly and coherently developing students' research skills with discipline-specific content and transforming perceptions of academic libraries' educative role. The book highlights the current issue of enhancing students' research skills, which is forcing many academic libraries to reassess their established practices and adopt pedagogical approaches that will more readily resonate with faculty. Chapters 3 and 19 are available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](https://link.springer.com).      Literacy in the Early Years Claire J. McLachlan, Alison W. Arrow, 2016-11-07 This edited collection provides an in-depth exploration of different aspects of contemporary early childhood literacy research and the implications for educational practice. Each chapter details how the research was conducted and any issues that researchers encountered in collecting data with very young children, as well as what the research findings mean for educational practice. It includes photographs of effective literacy practice, detailed explanations of research methods so the studies can be replicated or expanded upon, and key features for promoting effective literacy practice in early childhood settings. This book is an essential read for everyone who is interested in exploring the complexities and challenges of researching literacy acquisition in the youngest children.      **Mastery Learning in the Science Classroom** Kelly Morgan, 2011 In these pages Kelly Morgan presents a compelling case for implementing a mastery learning science classroom and then shows us how to do it. Using research-based student performance data, Morgan compiles impressive statistics that support her assertion: OC Mastery learning results in improved student learning and motivation. OCO Showing challenges as well as benefits, this text covers a step-by-step implementation from the traditional classroom to a mastery classroom.      *Literacy Assessment and Intervention for Classroom Teachers* Beverly A.
