Review Questions

Directions: Read the lesson and complete the outline below. Refer to your text to fill in the blanks.

I. Types of Bills and Resolutions

- A. Bills dealing with individual people or places are called private bills, while bills involving general matters that apply to the entire nation are called public bills.
- B. Congress also passes resolutions to make policy on unusual or temporary matters.
- C. A joint resolution resolution is passed in the same form by both houses of Congress, a simple resolution resolution is passed by one house alone and affects matters only in that house, and senate resolutions cover matters requiring the action of the House and Senate but do not need a law.
- D. Lawmakers attach riders to bills that are likely to pass.

II. Introducing a Bill

- A. stage A bill is introduced in the House or Senate by a member of Congress. The bill is then assigned to a committee. The committee holds hearings and makes recommendations. The bill is then reported back to the House or Senate.
- B. stage The bill is then debated in the House or Senate. The bill is then voted on. If the bill is passed, it is sent to the President for signature. If the bill is not passed, it is sent back to the committee.
- C. stage The bill is then passed by the House or Senate. The bill is then sent to the President for signature. If the President signs the bill, it becomes law. If the President vetoes the bill, it is sent back to the House or Senate for a second vote.
