Strategic Stability in the Post-Cold War World and the Future of Nuclear Disarmament Melvin L. Best, Jr.,John Hughes-Wilson,Andrei A. Piontkowsky,2013-04-17 This Report contains a Consensus Report and the papers submitted to the April 6 10 1995 NATO Advanced Research Workshop on Strategic Stability In The Post Cold War World And The Future Of Nuclear Disarmament held in Washington D C United States Of America of at The Airlie Conference Center The workshop was sponsored by the NATO Division Scientific and Environmental Affairs as part of its ongoing outreach programme to widen and deepen scientific contacts between NATO member countries and the Cooperation Partner countries of the former Warsaw Treaty Organization The participants recognize that the collapse of the former Soviet Union has left a conceptual vacuum in the definition of a new world order Never before have the components of world order all changed so rapidly so deeply or so globally As Henry Kissinger points out the emergence of the new world order will have answered three fundamental questions What are the basic units of the international order What are their means of interacting and What are the goals on behalf of which they interact The main question is whether the establishment and maintenance of an international system will turn out to be a conscious design or the outgrowth of a test of strength The concept of a planning framework that could shape or govern these interactions is emerging and may now be at hand Capturing this emerging framework is the thrust of this NATO sponsored Advanced Research Workshop

Congress. Senate. Committee on Armed Services. Subcommittee on Special Preparedness, 1962 Continuation of hearings on U S Cold War informational and educational programs for military personnel **Military Cold War Education and Speech Review Policies** United States. Congress. Senate. Committee on Armed Services, 1962 **Guide to U.S. Foreign Policy** Robert J. McMahon, Thomas W. Zeiler, 2012-08-02 At no time in American history has an understanding of the role and the art of diplomacy in international relations been more essential than it is

today Both the history of U S diplomatic relations and the current U S foreign policy in the twenty first century are major topics of study and interest across the nation and around the world Spanning the entire history of American diplomacy from the First Continental Congress to the war on terrorism to the foreign policy goals of the twenty first century Guide to U S Foreign Policy traces not only the growth and development of diplomatic policies and traditions but also the shifts in public opinion that shape diplomatic trends This comprehensive two volume reference shows how the United States gained the strength of a giant and also analyzes key world events that have determined the United States changing relations with other nations The two volumes structure makes the key concepts and issues accessible to researchers The set is broken up into seven parts that feature 40 topical and historical chapters in which expert writers cover the diplomatic initiatives of the United States from colonial times through the present day Volume II s appendix showcases an A to Z handbook of diplomatic terms and concepts organizations events and issues in American foreign policy The appendix also includes a master bibliography and a list of presidents secretaries of state war and defense and national security advisers and their terms of service This unique reference highlights the changes in U S diplomatic policy as government administrations and world events influenced national decisions Topics include imperialism economic diplomacy environmental diplomacy foreign aid wartime negotiations presidential influence NATO and its role in the twenty first century and the response to terrorism Additional featured topics include the influence of the American two party system the impact of U S elections and the role of the United States in international organizations Guide to U S Foreign Policy is the first comprehensive reference work in this field that is both historical and thematic This work is of immense value for researchers students and others studying foreign policy international relations and U S history ABOUT THE EDITORS Robert J McMahon is the Ralph D Mershon Professor of History in the Mershon Center for International Security Studies at The Ohio State University He is a leading historian of American diplomatic history and is author of several books on U S foreign relations Thomas W Zeiler is professor of history and international affairs at the University of Colorado at Boulder and is the executive editor of the journal Diplomatic History

From Cold War to Cyber War Hans-Joachim Heintze, Pierre Thielbörger, 2015-08-04 This book follows the history of the international law of peace and armed conflict over the last 25 years It highlights both the parameters that have remained the same over the years as well as the new challenges now facing international law The articles analyze new developments concerning the prohibition of the use of force in international relations self determination of peoples human rights and human security as well as international coordination of humanitarian assistance **The Reagan Administration, the Cold War, and the Transition to Democracy Promotion** Robert Pee, William Michael Schmidli, 2018-11-28 This book posits that democracy promotion played a key role in the Reagan administration s Cold War foreign policy It analyzes the democracy initiatives launched under Reagan and the role of administration officials neoconservatives and non state actors such as the National Endowment for Democracy NED in shaping a new model of democracy promotion characterized by aid to foreign

political movements and the spread of neoliberal economics The book discusses the ideological strategic and organizational aspects of U S democracy promotion in the 1980s then analyzes case studies of democracy promotion in the Soviet bloc and in U S allied dictatorships in Latin America and East Asia and finally reflects on the legacy of Reagan s democracy promotion and its influence on Clinton Bush and Obama Based on new research and archival documents this book shows that the development of democracy promotion under Reagan laid the foundations for US post Cold War foreign policy

How We Forgot the Cold War Jon Wiener, 2012-10-15 Here s a book that would ve split the sides of Thucydides Wiener s magical mystery tour of Cold War museums is simultaneously hilarious and the best thing ever written on public history and its contestation Mike Davis author of City of Quartz Jon Wiener an astute observer of how history is perceived by the general public shows us how official efforts to shape popular memory of the Cold War have failed His journey across America to visit exhibits monuments and other historical sites demonstrates how quickly the Cold War has faded from popular consciousness A fascinating and entertaining book Eric Foner author of Reconstruction America s Unfinished Revolution 1863 1877 In How We Forgot the Cold War Jon Wiener shows how conservatives tried and failed to commemorate the Cold War as a noble victory over the global forces of tyranny a good war akin to World War II Displaying splendid skills as a reporter in addition to his discerning eye as a scholar this historian s travelogue convincingly shows how the right sought to extend its preferred policy of rollback to the arena of public memory In a country where historical memory has become an obsession Wiener s ability to document the ambiguities and absences in these commemorations is an unusual accomplishment Rick Perlstein author of Nixonland The Rise of a President and the Fracturing of America In this terrific piece of scholarly journalism Jon Wiener imaginatively combines scholarship on the Cold War contemporary journalism and his own observations of various sites commemorating the era to describe both what they contain and just as importantly what they do not By interrogating the standard conservative brand of American triumphalism Wiener offers an interpretation of the Cold War that emphasizes just how unnecessary the conflict was and how deleterious its aftereffects have really been Ellen Schrecker author of Many Are The Crimes McCarthyism in America

Access to History for the IB Diploma: The Cold War David Williamson, 2013-03-08 Ensure your students have access to the authoritative in depth and accessible content of this series for the IB History Diploma This series for the IB History Diploma has taken the clarity accessibility reliability and in depth analysis of our best selling Access to History series and tailor made it to better fit the IB learner s needs Each title in the series provides depth of content focussed on specific topics in the IB History guide and examination guidance on different exam style questions helping students develop a good knowledge and understanding of the topic alongside the skills they need to do well Ensures students gain a good understanding of the IB History topic through an engaging in depth reliable and up to date narrative presented in an accessible way Helps students to understand historical issues and examine the evidence through providing a wealth of relevant sources and analysis of the historiography surrounding key debates Gives

students guidance on answering exam style questions with model answers and practice questions *Cold War 2.0* George S. Takach, 2024-03-05 A vivid thoughtful examination of how technological innovation especially AI is shaping the tensions between democracy and autocracy during the new Cold War So much of what we hear about China and Russia today likens the relationship between these two autocracies and the West to a rivalry or a great power competition Some might consider it alarmist to say we are in the midst of a second Cold War but that may be the only responsible way to describe today's state of affairs What's more we have come a long way from Mao Zedong's infamous observation that political power grows out of the barrel of a gun Now we live in an age more aptly described by Vladimir Putin's cryptic prophecy that artificial intelligence is the future not only of Russia but of all mankind and whoever becomes the leader in this sphere will become ruler of the world George S Takach's incisive and meticulously researched new volume *Cold War 2.0* is the book we need to thoroughly understand these frightening and perilous times In the geopolitical sphere there are no more pressing issues than the appalling mechanizations of a surveillance state in China Russia's brazen attempt to assert its autocratic model in Ukraine and China's increasingly likely plans to do the same in Taiwan But the key here Takach argues is that our new Cold War is not only ideological but technological the side that prevails in *Cold War 2.0* will be the one that bests the other in mastering the greatest innovations of our time Artificial intelligence sits in our pockets every day but what about AI that coordinates military operations and missile defense systems Or the highly sophisticated semiconductor chips and quantum computers that power those missiles and a host of other weapons And where recently we have seen remarkable feats of bio engineering to produce vaccines at record speed shouldn't we be concerned how catastrophic it would be if bio engineering were co-opted for nefarious purposes Takach thoroughly examines how each of these innovations will shape the tension between democracy and autocracy and how each will play a central role in this second Cold War Finally he crafts a precise blueprint for how Western democracies should handle these innovations to respond to the looming threat of autocracy and ultimately prevail over it **Study Guide** Gitelson, 2003-07 *Ukrainian Historical Writing in North America during the Cold War* Volodymyr V. Kravchenko, 2022-12-13 This book is the first comprehensive survey of Ukrainian historical writing in North America during the Cold War The author describes the development of Ukrainian historical studies in Canada and the United States as an open sometimes difficult dialogue between the Ukrainian ethnic and academic communities on the one hand and between Ukrainian scholars and Western academic mainstream on the other He focuses on the institutional and the intellectual issues including various interpretations of major topics related to the Ukrainian national grand narrative considering them in the evolving academic and political contexts of Slavic East European and Soviet studies
