Guy Hocquenghem Homosexual Desire:

Homosexual Desire Guy Hocquenghem, 1978 *Homosexual Desire* represents the best of left social theory of sexual politics a tradition that has never had an adequate reception in the United States Reprinting this book now is a step toward recovering that tradition and could therefore open debates about the significance of sexuality Michael Warner *Gay Liberation after May '68* Guy Hocquenghem, 2022-02-25 In *Gay Liberation after May 68* first published in France in 1974 and appearing here in English for the first time Guy Hocquenghem details the rise of the militant gay liberation movement alongside the women's movement and other revolutionary organizing Writing after the apparent failure and eventual selling out of the revolutionary dream of May 1968 Hocquenghem situates his theories of homosexual desire in the realm of revolutionary practice arguing that revolutionary movements must be rethought through ideas of desire and sexuality that undo stable gender and sexual identities Throughout he persists in a radical vision of the world framed through a queerness that can dismantle the oppressions of capitalism and empire the family institutions and ultimately civilization The articles, communiques and manifestos that compose the book give an archival glimpse at the issues queer revolutionaries faced while also speaking to today's radical queers as they look to transform their world **Guy Hocquenghem** Bill Marshall, 1997 Guy Hocquenghem brings an important challenging and overly neglected French theorist back to the main stage Gender Protest and Same-Sex Desire in Antebellum American Literature David Greven, 2016-04-22 Expanding our understanding of the possibilities and challenges inherent in the expression of same sex desire before the Civil War David Greven identifies a pattern of what he calls gender protest and sexual possibility recurring in antebellum works He suggests that major authors such as Margaret Fuller Edgar Allan Poe Herman Melville and Nathaniel Hawthorne consciously sought to represent same sex desire in their writings Focusing especially on conceptions of the melancholia of gender identification and shame Greven argues that same sex desire was inextricably enmeshed in scenes of gender role strain as exemplified in the extent to which *The Narrative of Arthur Gordon Pym* depicts masculine identity adrift and in disarray Greven finds similarly compelling representations of gender protest in Fuller's exploration of the crisis of gendered identity in *Summer on the Lakes* in Melville's representation of Redburn's experience of gender nonconformity and in Hawthorne's complicated delineation of desire in *The Scarlet Letter* As Greven shows antebellum authors not only took up the taboo subjects of same sex desire and female sexuality but were adept in their use of a variety of rhetorical means for expressing the inexpressible Insult and the Making of the Gay Self Didier Eribon, 2004-07-07 Published in English for the first time Didier Eribon's well received and celebrated work on a philosophy of and examination of gay life *Gay Male Fiction Since Stonewall* Les Brookes, 2008-09-22 Arguing that gay fiction is torn between assimilative and radical impulses this study focuses on fiction by White Holleran Leavitt Cunningham Hollinghurst Cooper Mars Jones and others positing the existence of two distinct strands of gay fiction where opposing impulses are at work within individual texts Rethinking Life Silvia Benso, 2022-07-01 This volume gathers

fourteen contributions written by Italian philosophers within the context of the precariousness and vulnerability revealed by the Covid 19 pandemic The pandemic compels us to rethink what is affected most by this global occurrence yet does not end with it that is life Beyond the geographical socio political and medical contexts in which the reflections originate Rethinking Life is deeply utopian presenting aspirations toward a different configuration of life and collective living centered on relational subjectivities interconnectedness interdependence and ultimately solidarity How does the pandemic what it represents and exposes call us to rethink our notion of life How does an episode of morbidity affect a fuller understanding of life Can such a hermeneutic shift be dared and sustained The sobriety of the reflections yields elegant incisive and direct prose of profound effect and immediacy and a captivating lucid and thought provoking narrative

Illumination Rollan McCleary, 2017-07-28 Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion
