Lucretius De Rerum Natura 3 Cambridge Greek And Latin Classics:

Lucretius: De Rerum Natura Book III Lucretius, 2014-08-14 The third book of Lucretius great poem on the workings of the universe is devoted entirely to expounding the implications of Epicurus dictum that death does not matter is nothing to us The soul is not immortal it no more exists after the dissolution of the body than it had done before its birth Only if this fact is accepted can men rid themselves of irrational fears and achieve the state of ataraxia freedom from mental disturbance on which the Epicurean definition of pleasure was based To present this case Lucretius deploys the full range of poetic and rhetorical registers soberly prohibitive artfully decorative or passionately emotive as best suits his argument reinforcing it with vivid and compelling imagery This new edition has been completely revised with a considerably enlarged Commentary and a new supplementary introduction taking account of the great amount of new scholarship of the last forty years

A Reading of Lucretius' De Rerum Natura Lee Fratantuono, 2015-06-03 Lucretius philosophical epic De Rerum Natura On the Nature of Things is a lengthy didactic and narrative celebration of the universe and in particular the world of nature and creation in which humanity finds its abode This earliest surviving full scale epic poem from ancient Rome was of immense influence and significance to the development of the Latin epic tradition and continues to challenge and haunt its readers to the present day A Reading of Lucretius De Rerum Natura offers a comprehensive commentary on this great work of Roman poetry and philosophy Lee Fratantuono reveals Lucretius to be a poet with deep and abiding interest in the nature of the Roman identity as the children of both Venus through Aeneas and Mars through Romulus the consequences both positive and negative of descent from the immortal powers of love and war are explored in vivid epic narrative as the poet progresses from his invocation to the mother of the children of Aeneas through to the burning funeral pyres of the plague at Athens Lucretius epic offers the possibility of serenity and peaceful reflection on the mysteries of the nature of the world even as it shatters any hope of immortality through its bleak vision of post mortem oblivion And in the process of defining what it means both to be human and Roman Lucretius offers a horrifying vision of the perils of excessive devotion both to the gods and our fellow men a commentary on the nature of pietas that would serve as a warning for Virgil in his later depiction of the Trojan Aeneas The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7 Michael Gagarin, 2010 **Latin Poetry and the Judgement of Taste** Charles Martindale, 2005 Table of contents *Lucretius* Claudia Schindler, 2022-12-12 Lucretius De rerum natura written around 55 BCE ranks among the most influential texts in Roman literature The poet s vision of a world made of atoms his mockery of the fear of death and the gods and fervent advocacy of the mortality of the soul over many centuries incensed his critics on one hand and on the other earned him a devoted

following This volume provides an introduction to the oldest completely preserved Latin didactic poem and to the most important research questions concerned with the text

Classical Scholarship and Its History Stephen Harrison, Christopher Pelling, 2021-04-06 It is unusual for a single scholar practically to reorient an entire sub field of study but this is what Chris Stray has done for the history of UK classical scholarship His remarkable combination of interests in the sociology of scholars and scholarship in the history of the book and of publishing and especially in the detailed intellectual contextualisation of classical scholarship as a form of classical reception has fundamentally changed the way the history of British classics and its study is viewed A generation ago the history of classical scholarship still consisted largely of accounts of particular scholars and groups of scholars written by other scholars from a broadly biographical and heroic individual perspective In these works scholars often sought to find their own place in the great tradition choosing to praise or blame those whose work they admired or deprecated and to identify with particular schools or trends and there were few attempts to provide a broader and less prosopographical perspective Almost all the chapters in the volume originated as papers at a conference in honour of the honorand and have been improved both by discussion there and by the rigorous peer review process conducted by the two experienced editors It covers various aspects of classical reception with a particular focus on the history of scholars their institutions and their writings the main focus is on the UK but there are also substantial engagements with continental Europe and especially the USA the period covered runs from the Renaissance to the present The cast contains a number of world famous names Unusually the volume also contains an essay by the honorand but we are very keen to include this especially as it focusses on the topic of scholarly collaboration

Mirrors and Mirroring from Antiquity to the Early Modern Period Maria Gerolemou, Lilia Diamantopoulou, 2020-01-09 This volume examines mirrors and mirroring through a series of multidisciplinary essays especially focusing on the intersection between technological and cultural dynamics of mirrors The international scholars brought together here explore critical questions around the mirror as artefact and the phenomenon of mirroring Beside the common visual registration of an action or inaction in a two dimensional and reversed form various types of mirrors often possess special abilities which can produce a distorted picture of reality serving in this way illusion and falsehood Part I looks at a selection of theory from ancient writers demonstrating the concern to explore these same questions in antiquity Part II considers the role reflections can play in forming ideas of gender and identity Beyond the everyday we see in Part III how oracular mirrors and magical mirrors reveal the invisible

divine prosthetics that allow us to look where the eye cannot reach Finally Part IV considers mirrors roles in displaying the visible and invisible in antiquity and since **Bibliotheca Reuteriana** Auguste Julius Clemens Herbert baron de Reuter,1916 **Propertius, Greek Myth, and Virgil** Peter J. Heslin,2018-07-04 This volume offers a strikingly innovative account of Propertius relationship with Virgil positing a keen rivalry between two of the greatest poets of Latin literature contemporaries within the circle of Maecenas It begins by examining all of the references to Greek mythology in Propertius first book these passages emerge as strongly intertextual in nature providing a way for the poet to situate himself with respect to his predecessors both Greek and Roman More specifically myth is also the medium of a sustained polemic with Virgil s Eclogues published only a few years earlier Virgil s response can be traced in the Georgics and subsequently in his second and third books Propertius continued to use mythology and its relationship to contemporary events as a vehicle for literary polemic This volume argues that their competition can be seen as exemplifying a revised model for how the poets within Maecenas circle interacted and engaged with each other s work a model based on rivalry rather than ideological adhesion or subversion while also painting a revealing picture of how Virgil was viewed by a contemporary in the days before his death had canonized his work as an instant classic In particular its novel interpretation offers us a new understanding of Propertius one of the foundational figures in Western love poetry and how his frequent references to other poets especially Gallus and Ennius take on new meanings when interpreted as responses to Virgil s changing career **Dicite, Pierides** Andreas N. Michalopoulos,Andrew Zissos,2018-04-18 This volume presents essays written in honour of Stratis Kyriakidis Emeritus Professor of Latin Literature at the Aristotle University of Thessaloniki Greece It offers a rich assortment of scholarship on classical literature ranging from Homeric epic and the tradition of ecphrasis it spawned in a number of genres to 17th century English translations of Virgil s Aeneid The collection is divided into two sections the first on Greek literature and the second on Latin literature The sixteen chapters within offer fresh insights and thoughtful readings of a variety of works of classical literature as well known as the Iliad and the Aeneid and as exotic as the epigrams of Geminus

Pestilence and the Body Politic in Latin Literature Hunter H. Gardner,2019 Roman writers of the late Roman Republic and early Empire developed important conventions of the western plague narrative as a response to the destabilization of the body politic This volume examines how they used largely fictive representations of epidemic disease to address the collapse of the social order and suggest remedies for its recovery *El-Hi Textbooks in Print* ,1981 The Homeric Centos Anna Lefteratou,2023 The Homeric Centos a poem that is Homeric in style and biblical in theme is a dramatic illustration of the creative cultural and religious dialogue between Classical Antiquity and Christianity in the fifth century CE This book exposes the work s debt to centuries of Homeric reception and interpretation as well as Christian literature and exegesis and places it at the crossroads of Christian and pagan literary traditions *Tears in the Graeco-Roman World* Thorsten Fögen,2009 This volume presents a wide range of contributions that analyse the cultural sociological and communicative significance of tears

and crying in Graeco Roman antiquity The papers cover the time from the eighth century BCE until late antiquity and take into account a broad variety of literary genres such as epic tragedy historiography elegy philosophical texts epigram and the novel The collection also contains two papers from modern socio psychology *T. Lucreti Cari De rerum natura libri sex* Titus Lucretius Carus,1886 R. O. A. M. Lyne: Collected Papers on Latin Poetry R. O. A. M. Lyne,2007-05-17 A generous selection from more than three decades of scholarly articles by a world class scholar and interpreter of Latin poetry which displays both his diverse interests and his concern with the texts of first century BC Augustan poets their language and literary texture **The Classical Review** ,1925
