curriculum demands of middle school Laura Robb's Teaching Middle School Writers offers teachers lessons and routines that are uncommonly attuned to adolescents' developmental and social needs. As she taps into the energy and enthusiasm of adolescents' personal writing lives, Laura presents writing plans that support first drafts, strategies for crafting leads that grab and endings that satisfy, grammar lessons that address writing conventions, editing lessons that have students revise their writing before the teacher reads it, guidelines for grading and responding to student work. Straight from the classroom, writing samples and videos give teachers the opportunity to see how Laura uses compelling questions and powerful mentor texts to teach writing, support struggling writers, and weave twenty-first-century literacies into the writing curriculum. Throughout, teachers learn ways of connecting to students' lives in order to bring out their best writing, their best self.
