Luke Stephenson An Incomplete Dictionary Of Show Birds:

An Incomplete Dictionary of Show Birds Vol. 2 Luke Stephenson, 2023-08-09 *An Incomplete Dictionary of Show Birds* Luke Stephenson, 2014-02-28 It all started very innocently I suppose but then it gradually turned into an obsession The first inkling of this obsession came when British photographer Luke Stephenson born 1983 met an artist who photographed pigeons side on against a blank background Impressed by the simplicity of these images Stephenson began to photograph birds His first subjects belonged to the treasurer of the UK Budgie Society who deemed his portraits crap because he had omitted the legs and tails He subsequently developed an eye for the nuances of bird photography and making a specialty of photographing show birds of all kinds developed the body of work gathered in this volume While Stephenson's photographs depict these birds with apparent neutrality against a variety of colored backgrounds Michael Smith observes in his foreword to this volume that they live in an overlap between the natural and manmade worlds and say as much about the culture that created them as they do about nature *Imaginarium* Claire Rosen, 2017-01-17 **The Eponym Dictionary of Birds** Bo Beolens, Michael Watkins, Michael Grayson, 2014-08-28 Birdwatchers often come across bird names that include a person's name either in the vernacular English name or latinised in the scientific nomenclature Such names are properly called eponyms and few people will not have been curious as to who some of these people were or are Names such as Darwin Wallace Audubon Gould and Gilbert White are well known to most people Keener birders will have yearned to see Pallas's Warbler Hume's Owl Swainson's Thrush Steller's Eider or Brunnich's Guillemot But few people today will have even heard of Albertina's Myna Barraband's Parrot Guerin's Helmetcrest or Savigny's Eagle Owl This extraordinary new work lists more than 4 000 eponymous names covering 10 000 genera species and subspecies of birds Every taxon with an eponymous vernacular or scientific name whether in current usage or not is listed followed by a concise biography of the person concerned These entries vary in length from a few lines to several paragraphs depending on the availability of information or the importance of the individual's legacy The text is punctuated with intriguing or little known facts unearthed in the course of the authors extensive research Ornithologists will find this an invaluable reference especially to sort out birds named after people with identical surnames or in situations where only a person's forenames are used But all birders will find much of interest in this fascinating dictionary an ebook to dip into time and time again whenever their curiosity is aroused

Delve into the emotional tapestry woven by Emotional Journey with in Dive into the Emotion of **Luke Stephenson An Incomplete Dictionary Of Show Birds** . This ebook, available for download in a PDF format (PDF Size: *), is more than just words on a page; it's a journey of connection and profound emotion. Immerse yourself in narratives that tug at your heartstrings. Download now to experience the pulse of each page and let your emotions run wild.
