## **Lyme Whisperer The Secrets Out:**

Lyme Whisperer Joy Pelletier Devins, 2014-11-13 In Lyme Whisperer The Secrets Out Joy lets you in on her conversations or whispers with Borrelia the bacteria that causes Lyme. If you've ever wondered how Borrelia could be compared to the White Witch from the Chronicles of Narnia, the transformer Megatron, the serpent monster from Harry Potter, Snow White's apple, a Disney World roller coaster ride, The Perfect Storm, a World War Z zombie, or Gone with the Wind, then this book is for you. If you haven't wondered any of this before, you should be wondering now. This book is for Lyme warriors, Lyme friends, Lyme family, Lyme doctors, Lyme legislators, the Lyme curious, and even Lyme skeptics. It's for everyone because quite simply, Lyme is the epidemic of our time. Join Joy as she whispers defiantly to Borrelia in her fight against Lyme. A fight filled with humor and hope. She's not crazy. And she's not alone.

**Rising Above Lyme Disease** Julia Greenspan, 2019-01-08 Rising Above Lyme Disease is a comprehensive whole body approach to overcoming Lyme disease and reclaiming your life. Incidence of Lyme disease is skyrocketing. If caught early, antibiotics can often successfully treat it, but more often than not, Lyme is asymptomatic and evades diagnosis until it is a full-blown chronic condition that requires a multi-faceted treatment plan. In Rising Above Lyme Disease, renowned naturopath and Lyme literate doctor Julia Greenspan presents a Comprehensive and Alternative Medicine (CAM) approach for recovery for those who have been suffering with this disease for weeks, months, years, or even decades. Operating from the front lines of the epidemic in New England, she gives hope to those who thought there was none or feel unheard by all those around them. Dr. Greenspan's integrative treatment plan addresses not only the body but the mind as well and includes Standard protocols such as antibiotic and probiotic care, which can be essential to long-term healing, despite fears. Detoxing and dietary changes that help get proven results. Therapies such as yoga, massage, earthing, and qi gong. Therapies that dig deeper when nothing else seems to be working, and focus on removing obstacles to healing, such as past trauma, negative beliefs, about self, unhealthy lifestyle choices, genetics, hormone imbalance, environmental toxins, and other infections, all of which have a very real and often overlooked effect on recovery. Through this comprehensive approach that focuses on the whole person and the very personal ways in which the disease may affect one's life, it is possible to find relief, become your best advocate, and ultimately
