Side by Side in Eternity James Robert McNeal, J. Eric Smith, 2023-02-23 Every gravestone in every graveyard can frame a story far more complex than the dates engraved upon it It's common for spouses to be memorialized together as a final affirmation of the commitments made in life or for bereaved parents to be buried with children who tragically preceded them in death Close proximity burials of seemingly unrelated figures can similarly reveal the tales of people who otherwise walked together in life by choice or by chance For example the Confederate burial of Union Col Robert Gould Shaw was certainly meant as a dishonor as Shaw was buried in an unmarked low lying coastal trench alongside the fallen African American members of the 54th Massachusetts Regiment he had commanded at Fort Wagner After the war however the men's remains were recovered and reinterred meaningfully still together at the newly commissioned Beaufort National Cemetery This book explores a dozen unique examples of such side by side burials over the course of U S history It begins by describing each of the protagonists final chapters before spooling out the tales and significance of their actual journeys to such interwoven endpoints The evolution of funerary practices and

observances in the United States is interspersed throughout with a special focus on military honors and burials *Blue Rhapsodies* Nancy Arbuthnot,2021-05-23 In brief compelling vignettes Arbuthnot presents the story of a navy life that spans a Navy junior childhood of constant moves and an often absent father a career teaching poetry to midshipmen at the Naval Academy and her recent years as a Navy daughter helping care for her father the Captain greatly debilitated by a major stroke but still master and commander
