The Art of Haiku Stephen Addiss, 2022-11-29 In the past hundred years haiku has gone far beyond its Japanese origins to become a worldwide phenomenon with the classic poetic form growing and evolving as it has adapted to the needs of the whole range of languages and cultures that have embraced it This proliferation of the joy of haiku is cause for celebration but it can also compel us to go back to the beginning to look at haiku's development during the centuries before it was known outside Japan This in depth study of haiku history begins with the great early masters of the form like Basho Buson and Issa and goes all the way to twentieth century greats like Santoka It also focuses on an important aspect of traditional haiku that is less known in the West haiku art All the great haiku masters created paintings called haiga or calligraphy in connection with their poems and the words and images were intended to be enjoyed together enhancing each other and each adding its own dimension to the reader's and viewer's understanding Here one of the leading haiku scholars of the West takes us on a tour of haiku poetry's evolution providing along the way a wealth of examples of the poetry and the art inspired by it

and Soul **Language Awareness in Business and the Professions** Erika Darics,2022-08-04 The crucial role language plays in constituting our reality and in achieving political influence and control has long been known in scholarship However appreciation of the role of language in understanding our social realities and power relations has not been fully translated to education or even to research beyond linguistically focussed academic strands Bringing together well established scholars from a range of disciplines this book demonstrates why language awareness and discourse consciousness should be considered a key skill in business and professional life and looks closely at language in areas such as entrepreneurship leadership human resource management medical financial or business communication ecology media and politics The authors demonstrate how the understanding of the minutiae of language use in a variety of professional contexts leads to knowledge that will empower future generations of professionals and enable them to develop a self reflexive critical and more ethical practice *Persimmon* ,2002 **Dedicated to...** W B Gooderham,2015-12-18 Books are amongst the most personal of gifts The book we choose to give a loved one is informed by our intimate knowledge of their personal histories and their tastes Often when we gift books we love to explain the meaning behind our present by writing an inscription within its pages Ordinarily we hope the gift and its message will be enjoyed placed lovingly on its new owner s bookshelf and treasured forever This is not always the case though W B Gooderham is fascinated by second hand books and curates a growing collection of those featuring intriguing inscriptions The messages he finds range from the awkward scratchings of adolescent infatuation to the resentful recriminations of a love affair gone sour and offer illuminating glimpses into their books own secret histories This beautifully presented book will feature the very best from the author s collection of dedications alongside the covers of the works in which they were found From *Animal Farm* to *Pride and Prejudice* there s something here to please every book lover s taste **Oltre l'autunno. Kuhn, 2013-06-17 Dr Kuhn has written a book about her life and travels as a foreign language teacher In essence it is a book of memories autobiographical in nature She describes many of the 45 trips in detail but she also groups many of the trips together In 1973 when she began taking students to Europe she had a good background of working with students and knowing how they think and act or so she thought There is an interesting list of things to take where to put the items where they can be bought and the prices of the items There is also a list of personal rules and regulations that were required of all students They were called Mademoiselles Rules or Mlles Rules Then there is a comprehensive list of Trip Procedures giving all the do's and don'ts of traveling Students were allowed to sample beer and alcohol as long as their parents had signed a permission slip but students will always try to outthink the teacher and circumvent the procedures Dr Kuhn describes many of the things that

went wrong on both student trips and adult trips along with things that didn't seem funny at the time but in retrospect seem humorous today
