means for Pentecostals Charismatics to share their theological reflections Church as Fullness in All Things Mark W. Birkholz, Jonathan Mumme, Richard J. Serina, Jr., 2019-06-25 What is Lutheran ecclesiology The Lutheran view of the church has been fraught with difficulties since the Reformation Church as Fullness in All Things reengages the topic from a confessional Lutheran perspective Lutheran theologians and clergy who are bound to the Holy Scriptures and the Lutheran Confessions explore the possibilities and pitfalls of the Lutheran tradition s view of the church in the face of contemporary challenges The contributors also take up questions about and challenges to thinking and living as the church in their tradition while looking to other Christian voices for aid in what is finally a common Christian endeavor The volume addresses three related types of questions faced in living and thinking as the church with each standing as a field of tension marked by disharmonized though perhaps not inherently opposite poles the individual and the communal the personal and the institutional and the particular and the universal Asking whether de facto prioritizations of given poles or unexamined assumptions about their legitimacy impinge the church Lutherans seek the volume closes with Anglican Reformed and Roman Catholic contributors stating what their ecclesiological traditions could learn from Lutheranism and vice versa

Three Views on the New Testament Use of the Old Testament Zondervan, 2009-08-30 Three approaches to questions about the theological connection between the Old and New Testaments The relationship between the Testaments is not as simple and straightforward as it sometimes appears When New Testament authors appeal to Old Testament texts to support their arguments what is the relationship between their meanings and what was originally intended by their Old Testament forebears Leading biblical scholars Walter Kaiser Darrel Bock and Peter Enns present their answers to questions about the use of the Old Testament in the New Testament addressing elements such as Divine and human authorial intent Context of passages Historical and cultural considerations The theological grounds for different interpretive methods Each author applies his framework to specific texts so that readers can see how their methods work out in practice Each contributor also receives a thorough critique from the other two authors Three Views on the New Testament Use of Old Testament gives readers the tools they need to develop their own views on the meaning contexts and goals behind the New Testament citations of the Old The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion *Early Christian Discourses on Jesus' Prayer at Gethsemane* Karl Olav Sandnes, 2015-12-22 From early on Christians passed down the account of Jesus s agony at the prospect of his own death and his prayer that the cup should pass from him Gethsemane Yet this is a troublesome aspect of Christian tradition Jesus was committed to his death but as it approached he prayed for his escape even as he submitted himself to God s will Ancient critics mocked Jesus and his followers for the events at Gethsemane The hero failed to meet the cultural standards for noble death and masculinity As such this story calls for further reflection and

interpretation The present book unfolds discourses from the earliest centuries of Christianity to determine what strategies were developed to come to terms with Gethsemane Clouds Are the Dust of His Feet! H. Wayne Sampson PhD ThD,2015-11-16 Man s fascination with clouds is legendary their appearance their formation their beauty Meteorologists use clouds to help predict weather There s even a Cloud Appreciation Society with more than 34 000 members who share pictures and stories of clouds Clouds also remind us of God s majesty power and beauty in creation Indeed the heavens declare the majesty of God In Clouds Are the Dust of His Feet author H Wayne Sampson shares the role of clouds in Scripture He examined each of the 157 references in the Bible referring to clouds and then organized them into several similar groupings to determine their function or role in the verse In the course of this study Dr Sampson discovered that clouds in Scripture reveal an array of characteristics of the almighty God such as His might creative power mercy and gracious provision as well as the promise of security by our heavenly Father Dr Sampson also demonstrates God s imagination in using clouds as transporters His kindness in establishing a way for the frightened Israelites to speak to him and His guidance and protective power Clouds are the Dust of His Feet communicates that clouds as well as all the other wonders of nature should remind us of the loving creator Parables of Grace Joyce Koo Dalrymple,2025-07-08 Over 3 million LifeChange studies sold LifeChange Bible studies train you to have good Bible study practices as you enjoy a robust and engaging topical study Learn the skill as you study the Word and your study of the Scriptures will never be the same Through simple yet powerful stories Jesus illustrates how grace transcends human limitations and expectations These parables challenge us to embrace mercy extend compassion and understand that God s grace is available to all regardless of their past or status They serve as timeless reminders that grace is not earned but freely given transforming lives and drawing us closer to God s boundless love In this LifeChange Bible Study each session will focus on one parable and peel back the layers of these familiar stories uncovering their true significance This study is optimized for small groups and is broken down into 8 sessions of about 45 minutes Each session includes Questions interpretation and application of a passage to the topic Personally focused Your Response question For Further Study section that gives readers more to explore on the topic Callouts that include language study historical context and insight from commentaries The Gospel of Mary Esther De Boer,2005-06-20 The success of Dan Brown s *Da Vinci Code* has raised new interest in Mary Magdalene and in the Gospel of Mary Here the author examines Mary Magdalene s influence on the beginnings of Christianity and asks what was her impact and her message And furthermore what became of her and her ideas Esther de Boer studies the Gospel of Mary the only Gospel to be named after a woman to discover what it reveals about Mary Magdalene and to determine the origin of its portrayal She argues that the Gospel of Mary is not a Gnostic writing but is more closely related to the writings of Philo the letters of Paul and the Gospel of John She demonstrates that esteem of Mary Magdalene did not just belong to the Gnostic tradition but to a broader Christian context In order to determine this context the study identifies the different portrayals of

Mary Magdalene in the New Testament analyses their concepts of discipleship and their views on women and investigates their historical reality Esther de Boer concludes that the portrayal of Mary Magdalene in the Gospel of Mary is close to that in the Gospel of John and investigates the possibility that she is concealed in the Johannine disciple loved by Jesus PB *Handbook for the Study of the Historical Jesus (4 vols)* Tom Holmén, Stanley E. Porter, 2010-12-24 A hundred years after A Schweitzer's Von Reimarus zu Wrede the study of the historical Jesus is again experiencing a renaissance Ongoing since the beginning of the 1980s this renaissance has produced an abundance of Jesus studies that also display a welcome diversity of methods approaches and hypotheses The Handbook of the Study of the Historical Jesus is designed to handle this diversity and abundance Drawing from first class scholarship throughout the world the four large volumes of the Handbook offer a unique assembly of leading experts presenting their approaches to the historical Jesus as well as a thought out compilation of original studies on a large variety of topics pertaining to Jesus research and adjacent areas **Ethnicity, Race, Religion** Katherine M. Hockey, David G. Horrell, 2018-06-28 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Religion ethnicity and race are facets of human identity that have become increasingly contested in the study of the Bible largely due to the modern discipline of biblical studies having developed in the context of Western Europe concurrent with the emergence of various racial and imperial ideologies The essays in this volume address Western domination by focusing on historical facets of ethnicity and race in antiquity the identities of Jews and Christians and the critique of scholarly ideologies and racial assumptions which have shaped this branch of study The contributors critique various Western European and North American contexts and bring fresh perspectives from other global contexts providing insights into how biblical studies can escape its enmeshment in often racist notions of ethnicity race empire nationhood and religion Covering issues ranging from translation and racial stereotyping to analysing the significance of race in Genesis and the problems of an imperialist perspective this volume is vital not only for biblical scholars but those invested in Christian Jewish and Muslim identity *Memory in the Bible and Antiquity* Stephen C. Barton, Loren T. Stuckenbruck, Benjamin G. Wold, 2007 The volume brings together essays that explore the topic of memory and remembrance in the ancient world taking into account the Hebrew Bible ancient Judaism the classical world the New Testament and Early Christianity The essays which focus on a wide range of sources from antiquity open up new questions about the social and religious function of memory As a collection they demonstrate how much social memory theory can contribute to the understanding of the ways ancient texts were on the one hand shaped by conventions of memory and on the other hand participated in and contributed to evolving strategies for reading the past Contributors Loren T. Stuckenbruck Stephen C. Barton Benjamin G. Wold Joachim Schaper Erhard Blum Hermann Lichtenberger William Horbury John M. G. Barclay Doron Mendels Anthony Le Donne James D. G.
