Fielding, 2008-09-26 Traditionally university students have gained access to world religions by reading primary texts *Discovering World Religions at 24 Frames Per Second* takes students beyond the written page offering an exploration of the same religious traditions through the study of feature films The many definitions of religion are examined along with its various components including doctrine myth ethics ritual and symbol Specific religious traditions including Hinduism Sikhism Zoroastrianism Buddhism Confucianism Daoism popular religion and Shinto are examined Biographical sketches of directors whose films tend to focus on a particular religious tradition are also included such as Zhang Yimou Hayao Miyazaki Deepa Mehta and Akira Kurosawa *Discovering World Religions at 24 Frames Per Second* is unique in the area of religion and film studies in that it isn't just a collection of essays Instead it provides the introductory student with the necessary background information on the various religions before looking at how their ideas can be understood not through texts but through the cinematic medium To keep the conversation fresh most of the films used in the book were made within the last decade Furthermore examples range from popular mainstream fare such as *Star Wars* and the *Lord of the Rings* trilogy to lesser known foreign films such as *The Wooden Man's Bride* and *The Great Yokai War* Several films with a cult like following are also discussed including *Fight Club* *Princess Mononoke* *Spirited Away* and *Jacob's Ladder* This book is also unique in that instead of drawing upon the Judeo Christian tradition it draws from Eastern traditions **Psychedelic Mysticism** Morgan Shipley, 2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical dimensions a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s *Psychedelic Mysticism Transforming Consciousness Religious Experiences and Voluntary Peasants in Postwar America* traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary Richard Alpert and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm Building directly off the pioneering psychedelic writing of Huxley these psychedelic mystics understood the height of

psychedelic consciousness as an existential awareness of unitive oneness a position that offered worldly alternatives to the maladies associated with the postwar moment e g vapid consumerism and materialism lifeless conformity unremitting racism heightened militarism In opening a doorway to a common world Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence In 1960s America psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us In the exact moments that historians and cultural critics often locate as signaling the death knell of the counterculture Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politics but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously Today as we continue to confront issues of socioeconomic inequality entrenched differences widespread violence and the limits of religious pluralism Psychedelic Mysticism serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate world
