Robert Dick

M4 Sherman Vs Type 97 Chi Ha The Pacific 1945 Duel:

M4 Sherman vs Type 97 Chi-Ha Steven J. Zaloga, 2012-05-20 Although US and Japanese tank forces first clashed in 1941 it was on in 1944 that tank vs tank action became more common as both sides poured larger numbers of tanks into the combat zone These battles were a means of demonstrating each side's latest tank technology For the US the pinnacle of their tank machinery came in the form of the M4 Sherman and for the Japanese their most notable feat of engineering was the smaller yet still effective Type 97 Chi Ha The last two campaigns of the war Iwo Jima and Okinawa saw tanks used by both sides the Japanese finally concluding that the fight against the US Army is a fight against his M4 tanks Accompanying Zaloga's detailed analysis are profile illustrations of the Type 97 kai Shinhoto Chi ha and the M4A3 views showing the ammunition of both types interior illustrations showing the turret layout in both types and a battlescene showing the Type 97 kai in combat against US armour

USMC M4A2 Sherman vs Japanese Type 95 Ha-Go Romain Cansière, Ed Gilbert, 2021-02-18 The different national tank doctrines of the United States and Imperial Japan resulted in a terrible mismatch of the predominant tank types in the crucial Central Pacific campaign A flawed Japanese doctrine emphasized light infantry support tanks often used in small numbers Tactically tanks were often frittered away in armored versions of the familiar banzai attacks Meanwhile the Americans saw the tank as an infantry support weapon but developed a more systematic tactical doctrine They settled upon a larger medium tank in the case of most Marine Corps tank battalions the diesel powered M4A2 unwanted by the US Army This superbly detailed title reveals how both the two sides tactical and technical differences in the approach to armored warfare soon became apparent over a series of deadly engagements from the first tank fight at the battle of Tarawa in November 1943 through to engagements on Parry Island Saipan and Guam before ending with Peleliu in September 1944

Tanks on Iwo Jima 1945 Romain Cansière, 2024-06-20 An award winning US Marine Corps armor historian's account of the role of US and Japanese tanks on Iwo Jima The battle of Iwo Jima is iconic and known for its brutality this was the only battle in which the number of US casualties outnumbered those of the Japanese But as is often the case with the Pacific campaigns the tank action on the island has generally been overshadowed by that of infantry The tank however played an important role as a support weapon especially on the US side despite the rough terrain and unconventional enemy tactics Using unpublished official records and veterans accounts award winning USMC armor specialist Romain Cansière sheds new light on Japanese and USMC armored operations on the island This book offers new information on the battle in a complete concise and accessible format and its illustrations include unpublished photographs from private collections and meticulously researched new color profiles highlighting the tanks modifications and their diverse camouflage and markings

US Battle Tanks 1917-1945 Steven J. Zaloga, 2024-05-23 A comprehensive and detailed illustrated examination of the development and combat performance of US battle tanks from World War I to the end of World War II In this the first of two highly illustrated volumes examining the complete history of US Army and US Marine Corps

battle tanks Steven J Zaloga focuses on the history of the tank in American service from the first experiments with armored vehicles in the early years of the 20th century through to the end of World War II Expanding on material published in Osprey series including New Vanguard Campaign and Duel US Battle Tanks 1917 1945 explores the concepts and practice of tank development from the Renault FT through the M4 Sherman to the M26 Pershing It describes the experiences of the crews who saw combat the performance of each tank in battle and how each American armored fighting vehicle compared with the enemy armor it faced as well as the key lessons learned from combat that led to new concepts and technological breakthroughs Published in association with the AUSA Book Program offering quality books about US Army heritage military theory and policy and security in the modern world **M7 Priest 105mm Howitzer Motor Carriage** Steven J.

Zaloga,2013-07-20 Based upon the ubiquitous Grant Sherman tank the M7 Priest is the iconic Allied self propelled howitzer This compact illustrated guide explores the most widely manufactured vehicle of its type in World War II utilized by the US British Canadian and Free French forces Its combat debut was with Montgomery s Eighth Army at El Alamein and it fought subsequently in every major campaign through Sicily Italy Normandy and the final battles in Germany In addition to covering all variants of the Priest this book also looks at the major derivatives including the British Canadian Sexton and the US M12 155mm GMC **Cutthroats** Robert Dick,2006 A Sherman tank driver provides a firsthand account of tank war in the Pacific detailing their missions in the Leyte jungle valleys of Okinawa and more and the perils he and his five man crew confronted everyday from Japanese soldiers who refused to surrender Original *Tank Battles of the Pacific War* Steve Zaloga,1995
