Greek And Latin Letters Greek And Latin Letters:

Greek and Latin Letters in Late Antiquity Pauline Allen, Bronwen Neil, 2020-09-10 This is the first general book on Greek and Latin letter writing in Late Antiquity 300 600 CE Allen and Neil examine early Christian Greek and Latin literary letters their nature and function and the mechanics of their production and dissemination They examine the exchange of Episcopal monastic and imperial letters between men and the gifts that accompanied them and the rarer phenomenon of letter exchanges with imperial and aristocratic women They also look at the transmission of letter collections and what they can tell us about friendships and other social networks between the powerful elites who were the literary letter writers of the fourth to sixth centuries The volume gives a broad context to late antique literary letter writing in Greek and Latin in its various manifestations political ecclesiastical practical and social In the process the differences between pagan and Christian letter writing are shown to be not as great as has previously been supposed Greek Letters Michael S. Macrakis, Greek Font Society, 1996 Written by some of the foremost typographic and book history scholars in the world such as Hermann Zapf Nicolas Barker and Nicolas Panayotakis these essays bring to life the rich history and development of the Greek letter form its role in the history of the printed word and civilization the urgent need for quality modern fonts and the challenges faced by the current and future realm of Greek type design In response to these challenges the Greek Font Society formed in 1992 to promote and design quality Greek fonts for printing and use on the computer screen The Society also gathered some of the most respected professionals designers and scholars at the first International Symposium on the Evolution of the Greek Alphabet and published the papers presented on these topics now contained in this volume Greek Letters **The**

Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric David Edward Aune, 2003-01-01 The Westminster Dictionary of New Testament and Early Christian Literature and Rhetoric details the variety of literary and rhetorical forms found in the New Testament and in the literature of the early Christian church This authoritative reference source is a treasury for understanding the methods employed by New Testament and early Christian writers Aune's extensive study will be of immense value to scholars and all those interested in the ways literary and rhetorical forms were used and how they functioned in the early Christian world This unique and encyclopedic study will serve generations of scholars and students by illuminating the ways words shaped the consciousness of those who encountered Christian teachings *Letter Writing in Greco-Roman Antiquity* Stanley K. Stowers, 1986-01-01 Making use of letters both formal and personal that have been preserved through the ages Stanley Stowers analyzes the cultural setting within which Christianity arose The Library of Early Christianity is a series of eight outstanding books exploring the Jewish and Greco Roman contexts in which the New Testament developed **Salutatio Formulas in Latin Letters to 1200** Carol Lanham, 2004-10-27 Jusqu'à maintenant l'intitulatio et l'inscriptio avaient été suffisamment étudiées mais la salutatio restait relativement négligée Cette lacune est aujourd'hui en partie comblée C. D. Lanham a l'art de situer la question qu'elle traite

dans le cadre plus vaste des regles du style epistolaire elle ouvre des aperçus interessants sur certains aspects de l'education medievale et ne manque pas de signaler des problemes qui meriteraient l'attention des chercheurs

Revue des etudes latines 1977 Ms Lanham's study has the great merit first of all of reflecting her own eager interest in pursuing such an apparently narrow theme Her enthusiasm even leads her to conclude with a postscript suggesting further research Lanham is obviously a born medievalist Her work has the further merit of providing us fully and reliably with the means necessary to enable us to make our own interpretations and reach our own conclusions It is well organized the problems are clearly stated at the outset and every promise is fulfilled She starts with the obligatory rapid survey of classical usage both Greek and Latin then passes to a detailed and skillful analysis of the various types of conventional epistolary formulas that developed from it in the Middle Ages This is clearly not a work that can be summarized suffice it to say that the transition is indeed a wondrous one and every step of the way is here clearly illuminated

The Classical Journal 1977 Das Buch der Schulerin von Bengt Lofstedt ist ein bedeutender Beitrag fur die Erforschung der Epistolographie des Mittelalters ausgezeichnet durch die absolute Neuartigkeit der Untersuchung bei nur minimalen und sporadischen bisherigen Beitragen die Untersuchung ist gleichzeitig ein Musterbeispiel fur wissenschaftliches Arbeiten im Hinblick auf die sorgfaltig genaue dokumentarische und bibliographische Information die methodische Strenge und Vorsicht die bei einem so stark formalisierten und daher willkurlichen Manipulationen ausgesetzten Bereich nichts zulässt was nicht eindeutig belegt werden kann und ebenso hinsichtlich der reichen und treffenden Ergebnisse die des ofteren über den Ausgangspunkt der Arbeit hinausgehen und Auswirkungen haben fur einen viel umfassenderen Bereich der mal Kultur
