Greek Mythology For Beginners For Beginners For Beginners:

Greek Mythology For Beginners Joe Lee, 2013-07-30 Would there be a Western civilization without the Greek myths Would we be able to define our civilization and ourselves without some reference to the grand violent and venal doings of those denizens of Mount Olympus Greek Mythology For Beginners presents the pantheon that immortal collection of rogues and heroes misfits and tyrants and the stories about these deities and their dealings with the mortals It delves into their undying influence on our thought and culture and how each age from Rome to Shakespeare to Freud down to our own Marvel Comics and NASA has been enlightened informed and inspired by these tales So strap on Hermes winged sandals saddle up Pegasus or even grab the nearest Harpy remember to keep your eyes closed and come along for the ride of your life Let s fly to that world that s as old as Chaos the ancient and refreshingly timely Greek myths **Greek Mythology for Beginners** Ethan Craftwell, 2024-07-10 *Bukowski For Beginners* Polimeni, Carlos, 2015-04-07 Charles Bukowski poet novelist short story writer journalist and cult figure of the dissident and rebellious was born in Germany in 1920 and died in the USA in 1994 During his life he was hailed as laureate of American lowlife by Time magazine literary critic Adam Kirsch of The New Yorker wrote The secret of Bukowski s appeal is that he combines the confessional poet s promise of intimacy with the largethan life aplomb of a pulp fiction hero Bukowski was one of the most unconventional writers and cultural critics of the 20th century He lived an unorthodox idiosyncratic life and wrote in a style that was unique one that is impossible to classify or categorize His work was at times cynical or humorous but was always brilliant and challenging His life and work are distinguished not only by a remarkable talent for words but also by his rejection of the dominant social and cultural values of American society Bukowski began writing at the age of forty and published forty five books six of them novels He is also considered one of the great literary voices of Los Angeles In *Bukowski For Beginners* playwright Carlos Polimeni evaluates the life and literary achievements of the cult writer whose voice of dissidence and discontent is still heard and appreciated by readers worldwide *Joyce For Beginners* W. Terrence Gordon, 2021-02-16 The works of James Joyce are part of the literary canon worldwide and the need to have his works broken out into palatable pieces even for the most avid of fans is known the world over as well In *Joyce For Beginners* W Terrence Gordon does just that With the assistance of Lynsey Hutchinson s humorous illustrations throughout Gordon successfully captures bits and pieces of Joyce s works and reconstructs them in a picturesque way for the reader to visualize the stories Gordon also examines Joyce s passion for music and how it materializes in his writing This will be the perfect addition to any Joyce lover s library *Harriet Tubman for Beginners* Annette Alston, 2017-12-01 As the most famous conductor on the Underground Railroad escaped slave Harriet Tubman earned the nickname Moses of her People for leading scores of men women and children from bondage to freedom in the North During the Civil War she worked as a nurse for wounded soldiers a caretaker of refugee slaves and a spy and scout for Union forces Late in life she was active in the fight for women s suffrage Mythologized by many biographers and

historians Tubman was an ordinary but complex woman tiny but strong guided by her belief in God and religious visions yet a tough savvy leader who the radical abolitionist John Brown admired as the General In 2016 it was announced that Tubman would become the first woman to appear on US currency the 20 bill in over a century Drawing on the latest historical research Harriet Tubman For Beginners portrays a woman who resisted and transcended slavery and fought injustice her entire life Beyond legend she made her mark on history by defending core American principles life liberty and the pursuit of happiness for others

Paul Robeson For Beginners Paul Von Blum,2013-12-17 Paul Robeson despite being one of the greatest Renaissance figures in American history still remains in relative anonymity An exceptional scholar lawyer athlete stage and screen actor linguist singer civil rights and political activist he performed brilliantly in every professional enterprise he undertook Any serious treatment of civil rights history and radical politics as well as American sports musical theatrical and film history must consider the enormous contributions of Paul Robeson And yet Paul Robeson remains virtually unknown by millions of educated Americans People typically know him for only one if any of the major successes of his life the concert singer best known for Old Man River the star of Shakespeare s Othello on Broadway in the early 1940s the political activist blacklisted for his radical views and activism during the era of McCarthyism in the 1950s Paul Robeson For Beginners demystifies and bestows light and long overdue credence to the life of this extraordinary American

French Revolutions For Beginners Michael J. LaMonica,2014-11-11 Allons enfant de la Patrie le jour de gloire est arriv Arise children of the Fatherland the day of glory has arrived These opening lines to La Marseillaise France s famously stirring and evocative national anthem capture perfectly the passion fear and frenetic energy of Republicanism s sanguinary birth on French soil Through the violence of the Revolutions yes there were many the reign of the Bourbon monarchy came to an end and modern France was born French Revolutions For Beginners examines the several bloody revolutions and counter revolutions throughout the course of the 19th century and the constant upheavals and disruptions in France s ever changing political landscape from 1789 1900 While most people have some familiarity with names like Louis XVI and Napoleon the details of what exactly happened during the French Revolution apart from pithy royal pronouncements about cake eating and the ever falling blade of the guillotine are often difficult to understand and for good reason there were a whopping 15 changes of government in less than a century The legacy of the French Revolutions remains with us today we see it all over the world when an oppressed people rise up against an authoritarian regime demanding their rights as citizens be recognized French Revolutions For Beginners presents the major political figures events and hot button political issues of this extremely violent chaotic confusing but always exciting period in a way that is accessible interesting and fun to both history buffs and the neophyte alike
