Puay Yok Tan, Chi Yung Jim

Greening In The Red Zone Disaster Resilience And Community Greening:

Greening in the Red Zone Keith G. Tidball, Marianne E. Krasny, 2013-07-22 Creation and access to green spaces promotes individual human health especially in therapeutic contexts among those suffering traumatic events But what of the role of access to green space and the act of creating and caring for such places in promoting social health and well being Greening in the Red Zone asserts that creation and access to green spaces confers resilience and recovery in systems disrupted by violent conflict or disaster This edited volume provides evidence for this assertion through cases and examples The contributors to this volume use a variety of research and policy frameworks to explore how creation and access to green spaces in extreme situations might contribute to resistance recovery and resilience of social ecological systems

Expanding Peace Ecology: Peace, Security, Sustainability, Equity and Gender Úrsula Oswald Spring, Hans Günter Brauch, Keith G. Tidball, 2013-11-29 This book has peer reviewed chapters by scholars from Australia Canada Germany Japan Mexico and the USA that were presented to the Ecology and Peace Commission EPC of the International Peace Research Association IPRA in November 2012 in Japan The chapters address these themes Expanding Peace Ecology Peace Security Sustainability Equity and Gender Two Discourses on Global Climate Change Impacts From Climate Change and Security to Sustainability Transition Peace Research and Greening in the Red Zone Community based Ecological Restoration to Enhance Resilience and Transitions Toward Peace Social and Environmental Vulnerability in a River Basin of Mexico Mobile Learning Rebuilding Community Through Building Communities Supporting Community Capacities Post Natural Disaster Experience Transforming Consciousness through Peace Environmental Education Building Peace by Rebuilding Community Ability Expectations and Peace and on Satoyama Sustainability and Peace Field Exercises Stephanie Westlund, 2014-06-01 How connecting with nature is helping veterans reintegrate into civilian life and recover from PTSD There are nearly twenty five million veterans and active duty soldiers in North America Some experts estimate that more than one quarter of these men and women suffer from post traumatic distress and many other military persons experience difficulty reintegrating into civilian life While conventionally prescribed treatments primarily involve medication and therapy many people are discovering additional ways to manage their injuries and reduce their suffering Field Exercises How Veterans Are Healing Themselves through Farming and Outdoor Activities shares the compelling stories of men and women who are finding relief from stressful and traumatic military experiences while also establishing community networks and other peer support initiatives Stephanie Westlund examines The deep and far reaching connections between nature and human health The tremendous impact of stress and trauma on survivors lives Resources and groups providing opportunities in the emerging field of Green Care Field Exercises offers hope for veterans searching for methods to ease the transition to civilian life and recover from military stress and trauma This book will appeal to millions of North American soldiers veterans and their loved ones doctors psychiatrists social workers and other caregivers other groups struggling with high rates of stress and post

traumatic experience and all those interested in the relationship between nature and human health Stephanie Westlund holds a PhD in peace and conflict studies She has been conducting research with veterans since 2009 and continues to be inspired by their courage and personal resolve to move through pain toward recovery and their unrelenting desire to serve their communities

A Field Guide to the Apocalypse Athena Aktipis, 2024-04-09 A common sense field guide to understanding surviving and thriving in our time of complex chaos and crises Is this finally it The end times Because from COVID 19 to climate catastrophe to the looming AI revolution not to mention the ever growing background hum of rage fear and anxiety it s starting to feel like the party we call civilization is just about over The good news It s always felt that way Drawing on evolutionary psychology history brain science game theory and more cooperation theorist and coincidentally zombie expert Athena Aktipis reassuringly explains how we as a species are hardwired to survive big existential crises And how we can do so again by leveraging our innate abilities to communicate and cooperate Pack a ukulele in your prep kit Practice your risk management skills Enlist your crew into a survival team And embrace the apocalypse You might just enjoy it Plus it will help us build a better and more resilient future for all humankind

Sustainable Tourism David A. Fennell, Chris Cooper, 2020-01-30 This new textbook provides a comprehensive overview of sustainable tourism framed around the UN s sustainable development goals It examines the origins and dimensions of sustainable tourism and offers a detailed account of sustainable initiatives and management across destinations the tourism industry public sector and leading agencies The book explores the principal values and priorities in sustainable development through a better understanding of values ethics and human nature It covers a broad range of studies from an array of disciplinary perspectives and includes learning objectives discussion questions and international case studies throughout It is an important text for students and researchers in tourism and sustainability

The Cultural Context of Aging Jay Sokolovsky, 2020-06-09 From the laughing clubs of India and robotic granny minders of Japan to the Flexsecurity system of Denmark and the elderscapes of Florida experts in this collection bring readers cutting edge and future focused approaches to our aging population worldwide In this fourth edition of an award winning text on the consequences of global aging a team of expert anthropologists and other social scientists presents the issues and possible solutions as our population over age 60 rises to double that of the year 2000 Chapters describe how the consequences of global aging will influence life in the 21st century in relation to biological limits on the human life span cultural construction of the life cycle generational exchange and kinship makeup of households and community and attitudes toward disability and death This completely revised edition includes 20 new chapters covering China Japan Denmark India West and East Africa Indonesia Mexico Peru indigenous Amazonia rural Italy and the ethnic landscape of the United States A popular feature is an integrated set of web book chapters listed in the contents discussed in chapter introductions and available on the book s web site

Urban Living Labs Simon Marvin, Harriet Bulkeley, Lindsay Mai, Kes McCormick, Yuliya Voytenko Palgan, 2018-05-03 All cities face a pressing

challenge how can they provide economic prosperity and social cohesion while achieving environmental sustainability In response new collaborations are emerging in the form of urban living labs sites devised to design test and learn from social and technical innovation in real time The aim of this volume is to examine inform and advance the governance of sustainability transitions through urban living labs Notably urban living labs are proliferating rapidly across the globe as a means through which public and private actors are testing innovations in buildings transport and energy systems Yet despite the experimentation taking place on the ground we lack systematic learning and international comparison across urban and national contexts about their impacts and effectiveness We have limited knowledge on how good practice can be scaled up to achieve the transformative change required This book brings together leading international researchers within a systematic comparative framework for evaluating the design practices and processes of urban living labs to enable the comparative analysis of their potential and limits It provides new insights into the governance of urban sustainability and how to improve the design and implementation of urban living labs in order to realise their potential

Favela Resistance Timo Bartholl, Christos Filippidis, Antonis Vradis, Minhoc Urbanas, 2024-12-31 Food is at the heart of security peace and health But millions live without access to basic nutrition and billions live without control or understanding of where their food will come from and how it is produced Nowhere is this problem clearer than in the favelas of Rio de Janeiro Through meticulous research community engagement and direct action within the Mar region a cluster of seventeen favela communities in the northern zone of Rio Antonis Vradis Timo Bartholl and Christos Filippidis have created a shocking inspiring and revolutionary collection of essays that go beyond the question of food in the Brazilian urban periphery and highlights critical issues concerning state control pacification solidarity and grassroots organizing *Favela Resistance* is a lens through which we can understand how the state creates marginalized lives in cities throughout the world under the auspices of security and emergency support The link between food and public security is intertwined with decades long pacification operations in the favelas of Rio This fight for food sovereignty shows how local production structures and solidarity networks have radically rethought and reconfigured the relationship between cities and farms providing a map of how impoverished populations can organize resistance create health and community and fight literally from the ground up for a better world

Grassroots to Global Marianne E. Krasny, 2018-06-15 This edited volume presents diverse case studies about the implications of civic ecology practices worldwide It answers how civic ecology practices emerge the role the practices play in the ability of communities and individuals to address social ecological stresses and given climate associated disturbances what strategies can be used to expand impacts of community driven practices to foster large scale resilience and sustainability

The Social Ecology of Border Landscapes Anna Grichting, Michele Zebich-Knos, 2017-05-02 The collection of essays in *The Social Ecology of Border Landscapes* defines borders and borderlands to include territorial interfaces marginal spaces physical sociological and psychological and human consciousness From theoretical and conceptual presentations on social ecology and its

agencies and representations to case studies and concrete projects and initiatives the contributing authors uncover a thread of contemporary thought and action on this important emerging field The essays aim to define the territories of social ecology to investigate how social agencies can activate ecological processes and systems and to understand how the interactions of people and ecosystems can create new sustainable landscapes across tangible and intangible territorial rifts

Designing Cities with Children and Young People Kate Bishop, Linda Corkery, 2017-05-25 *Designing Cities with Children and Young People* focuses on promoting better outcomes in the built environment for children and young people in cities across the world This book presents the experience of practitioners and researchers who actively advocate for and participate with children and youth in planning and designing urban environments It aims to cultivate champions for children and young people among urban development professionals to ensure that their rights and needs are fully acknowledged and accommodated With international and interdisciplinary contributors this book sets out to build bridges and provide resources for policy makers social planners design practitioners and students The content moves from how we conceptualize children in the built environment what we have discovered through research how we frame the task and legislate for it and how we design for and with children *Designing Cities with Children and Young People* ultimately aims to bring about change to planning and design policies and practice for the benefit of children and young people in cities everywhere

The Power of Place in Place Attachment Alexander C. Diener, Joshua Hagen, 2023-02-28 This book provides geographical perspectives on the complex and multifaceted relationship between people and their lived environments Scholars with varied regional theoretical and topical specialties offer chapters that explore different aspects of a phenomenon so pervasive that no conception of social or political action can afford to ignore it In the process of spatial organization and differentiation people develop emotional attachments to specific places as well as people objects and practices associated with those places Place attachments thereby shape everyday routines e g routes to work shopping social interactions major life choices e g places of residence education and vacations and identities e g civic national and religious These attachments occur across multiple scales from personal dwellings to community region and homeland It is our hope that this book reveals synergies between geography and other disciplines engaging with place attachment whilst invigorating research on the topic *The Power of Place in Place Attachment* will be of great value to researchers and scholars of geography identity mobility and urban landscape change The chapters in this book were originally published as a special issue of *Geographical Review*

Urban Environmental Education Review Alex Russ, Marianne E. Krasny, 2017-06-06 *Urban Environmental Education Review* explores how environmental education can contribute to urban sustainability Urban environmental education includes any practices that create learning opportunities to foster individual and community well being and environmental quality in cities It fosters novel educational approaches and helps debunk common assumptions that cities are ecologically barren and that city people don't care for or need urban nature or a healthy environment Topics in *Urban Environmental Education Review*

range from the urban context to theoretical underpinnings educational settings participants and educational approaches in urban environmental education Chapters integrate research and practice to help aspiring and practicing environmental educators urban planners and other environmental leaders achieve their goals in terms of education youth and community development and environmental quality in cities The ten essay series Urban EE Essays excerpted from Urban Environmental Education Review may be found here naaee.org/eepr/resources/urban-ee-essays These essays explore various perspectives on urban environmental education and may be reprinted reproduced only with permission from Cornell University Press

Nature and Psychology Anne R. Schutte, Julia C. Torquati, Jeffrey R. Stevens, 2021-08-23 This volume is comprised of contributions to the 67th Nebraska Symposium on Motivation which brought together various research disciplines such as psychology education health sciences natural resources environmental studies to investigate the ways in which nature influences cognition health human behavior and well being The symposium is positioned to explore two proposed mechanisms in the most depth 1 the psycho evolutionary theory of stress recovery and 2 Attention Restoration Theory The contributions in the volume represent research guided by both of these posited mechanisms rigorously examine these theories and processes and share methodological innovations that can be utilized across programs of research This volume will be of great interest to researchers on natural environments practitioners and clinicians working with an environmental lens at the intersection of psychology social work education and the health sciences as well as researchers and students in environmental and conservation psychology Chapter 5 is available open access under a Creative Commons Attribution 4.0

International License via link springer.com *GIS in Sustainable Urban Planning and Management* Martin van Maarseveen, Javier Martinez, Johannes Flacke, 2018-12-07 The Open Access version of this book available at <http://www.tandfebooks.com/doi/view/10.1201/9781315146638> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license GIS is used today to better understand and solve urban problems GIS in Sustainable Urban Planning and Management A Global Perspective explores and illustrates the capacity that geo information and GIS have to inform practitioners and other participants in the processes of the planning and management of urban regions The first part of the book addresses the concept of sustainable urban development its different frameworks the many ways of measuring sustainability and its value in the urban policy arena The second part discusses how urban planning can shape our cities examines various spatial configurations of cities the spread of activities and the demands placed on different functions to achieve strategic objective It further focuses on the recognition that urban dwellers are increasingly under threat from natural hazards and climate change Written by authors with expertise on the applications of geo information in urban management this book showcases the importance of GIS in better understanding current urban challenges and provides new insights on how to apply GIS in urban planning It illustrates through real world cases the use of GIS in analyzing and evaluating the position of disadvantaged groups and areas in cities and provides clear examples of applied GIS in urban

sustainability and urban resilience The idea of sustainable development is still very much central in the new development agenda of the United Nations and in that sense it is of particular importance for students from both the Global South and Global North Professionals researchers and students alike will find this book to be an invaluable resource for understanding and solving problems relating to sustainable urban planning and management Urban Environmental Stewardship and Civic Engagement Dana R. Fisher,Erika S. Svendsen,James Connolly,2015-02-11 Once considered the antithesis of a verdant and vibrant ecosystem cities are now being hailed as highly efficient and complex social ecological systems Emerging from the streets of the post industrial city are well tended community gardens rooftop farms and other viable habitats capable of supporting native flora and fauna At the forefront of this transformation are the citizens living in the cities themselves As people around the world increasingly relocate to urban areas this book discusses how they engage in urban stewardship and what civic participation in the environment means for democracy Drawing on data collected through a two year study of volunteer stewards who planted trees as part of the MillionTreesNYC initiative in the United States this book examines how projects like this can make a difference to the social fabric of a city It analyses quantitative survey data along with qualitative interview data that enables the volunteers to share their personal stories and motivations for participating revealing the strong link between environmental stewardship and civic engagement As city governments in developed countries are investing more and more in green infrastructure campaigns to change the urban landscape this book sheds light on the social importance of these initiatives and shows how individuals efforts to reshape their cities serve to strengthen democracy It draws out lessons that are highly applicable to global cities and policies on sustainability and civic engagement *Greening Cities* Puay Yok Tan,Chi Yung Jim,2017-03-29 This book offers an overview of recent scientific and professional literature on urban greening and urban ecology focusing on diverse disciplines such as landscape architecture geography urban ecology urban climatology biodiversity conservation urban governance architecture and urban hydrology It includes contributions in which academics public policy experts and practitioners share their considerable knowledge on the multi faceted aspects of greening cities The greening of cities has witnessed a global resurgence over the past two decades and has made a significant contribution to urban liveability and sustainability as well as increasing resilience As urban greening efforts continue to expand it is useful to promote recent advances in our understanding of various aspects of planning design and management of urban greenery but at the same time it is also important to realize that there are important gaps in our knowledge and that further research is needed The book is organized in three main parts concepts functions and forms of urban greening The first part examines the historical roots of greening cities and how the burgeoning field of urban ecology can contribute useful principles and strategies to guide the planning design and management of urban greening The second part shifts the focus to the diverse range of services the functions provided by urban greening such as those related to urban climate urban biodiversity human health and community building The final part explores conventional often neglected but

important forms of urban greenery such as urban woodlands and urban farms as well as relatively recent forms of urban greenery like those integrated with buildings and waterways It offers a ready reference resource for researchers practitioners and policy makers to grasp the critical issues and trigger further studies and applications in the quest for high performance green cities *Sustainable Solutions: University-Community Partnerships* B.D. Wortham-Galvin,Jennifer H. Allen,Jacob Sherman,2017-09-08 What is the role of the university Current systems may stress research output but Wortham Galvin Allen and Sherman seek to re establish the importance of teaching and service in the work of the 21st century university The Sustainable Solutions series shares Portland State University s experience of community engaged teaching and research With a focus on sustainability we see that such collaboration is vital to making Portland one of the world s most sustainable cities Volume 2 University Community Partnerships builds on the themes introduced in Volume 1 Let Knowledge Serve the City to explore how these partnerships play out in practice Covering 13 projects which range from supporting local artisans and researching food access to sharing Indigenous history and decolonizing perceptions of knowledge readers receive pragmatic advice on working with community organizations Authors also offer critical reflection on how theories of engagement have structured PSU s work and how their findings impact our very understanding of partnership This reader friendly text provides an ideal introduction to anyone wishing to learn more about models of effective collaboration and how to put these into practice Explained through the context of specific projects the book offers both inspiration and practical guidance to anyone in local government academia or the third sector looking to set up productive community university partnerships **Cities at Risk** Pierre Filion,Gary Sands,2016-03-03 As levels of urbanization increase around the world the growing concentrations of population and economic activity increases vulnerability to natural disasters Interdependencies among urban populations mean that damage to the built environment including water sewer and energy infrastructure can affect millions Even if there is no change in the rate of occurrence of natural disasters an unlikely prospect in the face of ongoing climate change the potential for human and economic loss will continue to increase along with the time required to recover How do cities prepare for and recover from natural disasters In this book the authors provide a broad overview of the issues related to the impacts of disasters on cities around the world from assessing risks to accounting for damages The comparative approach across different types of disasters in a range of urban locations is useful in identifying opportunities for policy transfer While there is no one size fits all solution to hazard mitigation valuable lessons can be learned from the experiences of others The chapters emphasize different modes for assessing hazard risk as well as strategies for increasing the resiliency of vulnerable populations **The Routledge Handbook on the Influence of Built Environments on Diverse Childhoods** Kate Bishop,Katina Dimoulis,2024-07-01 Children and young people are often discussed as if they are homogenous groups The reality is of course very different with an enormous variation within each of these groups and in any domain of experience pertaining to childhood or adolescence Driven by personal sociocultural geographic or economic

circumstances many children and young people worldwide are experiencing a totally different reality to those who fit with more mainstream patterns of childhood This has substantial implications for their sociophysical environmental experience and our understanding of their physical environmental needs The aim of this book is to draw attention to these alternate realities for a number of these groups of children and young people highlighting the unique and different considerations associated with their particular circumstances in each instance and identifying the repercussions for their physical environmental needs Ultimately this book creates an evidence based discussion which can be used by designers planners and policy makers and those delivering services and programs to children and young people as a basis to make informed decisions on how to work with the groups of children and young people in our book for better environmental provision

Greening In The Red Zone Disaster Resilience And Community Greening: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.

Greening In The Red Zone Disaster Resilience And Community Greening Introduction

In today's digital age, the availability of Greening In The Red Zone Disaster Resilience And Community Greening books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Greening In The Red Zone Disaster Resilience And Community Greening books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Greening In The Red Zone Disaster Resilience And Community Greening

books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Greening In The Red Zone Disaster Resilience And Community Greening versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Greening In The Red Zone Disaster Resilience And Community Greening books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Greening In The Red Zone Disaster Resilience And Community Greening books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Greening In The Red Zone Disaster Resilience And Community Greening books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Greening In The Red Zone Disaster Resilience And Community Greening books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for

continuous learning and self-improvement. So why not take advantage of the vast world of Greening In The Red Zone Disaster Resilience And Community Greening books and manuals for download and embark on your journey of knowledge?

FAQs About Greening In The Red Zone Disaster Resilience And Community Greening Books

1. Where can I buy Greening In The Red Zone Disaster Resilience And Community Greening books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Greening In The Red Zone Disaster Resilience And Community Greening book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
