Hollywood's West Peter C. Rollins, John E. O'Connor, 2005-11-11 American historians such as Frederick Jackson Turner have argued that the West has been the region that most clearly defines American democracy and the national ethos Throughout the twentieth century the frontier thesis influenced film and television producers who used the West as a backdrop for an array of dramatic explorations of America's history and the evolution of its culture and values The common themes found in Westerns distinguish the genre as a quintessentially American form of dramatic art In Hollywood's West Peter C Rollins John E O Connor and the nation's leading film scholars analyze popular conceptions of the frontier as a fundamental element of

American history and culture This volume examines classic Western films and programs that span nearly a century from Cimarron 1931 to Turner Network Television's recent made for TV movies Many of the films discussed here are considered among the greatest cinematic landmarks of all time The essays highlight the ways in which Westerns have both shaped and reflected the dominant social and political concerns of their respective eras While Cimarron challenged audiences with an innovative complex narrative other Westerns of the early sound era such as The Great Meadow 1931 frequently presented nostalgic visions of a simpler frontier era as a temporary diversion from the hardships of the Great Depression Westerns of the 1950s reveal the profound uncertainty cast by the cold war whereas later Westerns display heightened violence and cynicism products of a society marred by wars assassinations riots and political scandals The volume concludes with a comprehensive filmography and an informative bibliography of scholarly writings on the Western genre This collection will prove useful to film scholars historians and both devoted and casual fans of the Western genre Hollywood's West makes a significant contribution to the understanding of both the historic American frontier and its innumerable popular representations

Southern by the Grace of God Megan Hunt, 2024-11 Like the media coverage of the civil rights era itself Hollywood dramas have reinforced regional stereotypes of race class and gender to cleanse and redeem the wider nation from the implications of systemic racism As Southern by the Grace of God reveals however Hollywood manipulates southern religion in particular to further enhance this pattern of difference and regional exceptionalism consistently displacing broader American racism through a representation of the poor white southerner who is as religious as he and it is always a he is racist By foregrounding the role of religion in these characterizations Megan Hunt illuminates the pernicious intersections between Hollywood and southern exceptionalism a long standing U S nationalist discourse that has assigned racial problems to the errant South alone enabling white supremacy to not only endure but reproduce throughout the nation Southern by the Grace of God examines the presentation and functions of Protestant Christianity in cinematic depictions of the American South Hunt argues that religion is an understudied signifier of the South on film used with varying degrees of sophistication to define the region's presumed exceptionalism for regional national and international audiences Rooted in close textual analysis and primary research into the production and reception of more than twenty Hollywood films that engage with the civil rights movement and or its legacy this book provides detailed case studies of films that use southern religiosity to negotiate American anxieties around race class and gender Religion Hunt contends is an integral trope of the South in popular culture and especially crucial to the divisions essential to Hollywood storytelling
