KEY CONCEPTS

1. Before the arrival of Europeans, native populations in North America developed a wide variety of social, political, and economic structures based in part on interactions with the environment and each other.
2. European overseas expansion resulted in the Columbian Exchange, a series of interactions and adaptations among societies across the Atlantic.
3. Conflicts among American Indians, Africans, and Europeans challenged the worldviews of each group.
4. Differences in imperial goals, cultures, and the North American environments that different empires confronted led Europeans to develop diverse patterns of colonization.
5. European colonization efforts in North America stimulated intercultural contact and intensified conflict between the various groups of colonizers and native people.
6. The increasing political, economic, and cultural exchanges within the "Atlantic World" had a profound impact on the development of colonial societies in North America.
7. Britain's victory over France in the imperial struggle for North America led to new conflicts among the British government, the North American colonists, and American Indians, culminating in the creation of a new nation, the United States.
