Significant Events in U.S. Foreign Relations (1900 - 2001) , *Acting Alone* Bradley F. Podliska, 2010-02-15 Acting Alone A Scientific Study of American Hegemony and Unilateral Use of Force Decision Making is a straight forward analysis of unilateral U S military actions which are dependent upon the power disparity between the U S and the rest of the world In solving the puzzle as to why individual presidents have made the wrong decision to act alone the author lays out a president s behavior during a crisis as a two step decision process Acting Alone reviews the well studied first decision deciding to use force based on international conflict literature and organized along traditional lines The author then details the second decision deciding to use unilateral force with an explanation of the criticisms of multilateralism and the reasons for unilateralism To test a new theory of unilateral use of force decision making Acting Alone devises a definition and coding rules for unilateral use of force develops a sequential model of presidential use of force decision making and constructs a new alternative measure of military power a Composite Indicator of Military Revolutions CIMR It then uses

three methods a statistical test with a heckman probit model an experiment and case studies to test U S crisis behavior since 1937 By applying these three methods the author finds that presidents are realists and make expected utility calculations to act unilaterally or multilaterally after their decision to use force The unilateral decision in particular positively correlates with a wide military gap with an opponent an opponent located in the Western hemisphere and a national security threat

The Role of Ideology in the Origins of the Cold War Nicolas Lewkowicz,2018 This book argues that American Exceptionalism and Eurasianism engendered the ideological principles that propelled the geostrategic interests of the United States and the Soviet Union in the post World War Two period The correlation between ideology and the pursuit of certain geostrategic aims led to the creation of the interventionist mechanisms that established a sound management of the international order in the post World War Two era
