

What does 'grassroots' mean, anyway?

Grassroots means coming from, led by, and accountable to the people most impacted by a problem.

In the case of our ecological crisis, **those most impacted are frontline communities or those bearing the brunt of the impacts from extractive industries** and most directly affected by climate chaos, often Indigenous Peoples, women, peasant farmers, and youth.

Grassroots organizing has been a central strategy of almost every major social and economic transformation in world history. It builds people power and creates change across geographies and sectors.
