Helps you discover how to conduct sociological research. Offers advice and tips for thinking about the world in an objective way **Pose, Wobble, Flow** Antero Garcia, Cindy O'Donnell-Allen, 2015 This book proposes a pedagogical model called Pose Wobble Flow to encapsulate the challenge of teaching and the process of growing as an educator who questions existing inequities in schooling and society and frames teaching around a commitment to changing them. The authors provide six different culturally proactive teaching stances or poses that secondary ELA teachers can use to meet the needs of all students whether they are historically marginalized or privileged. They describe how teachers can expect to wobble as they adapt instruction to the needs of their students while also incorporating new insights about their own cultural positionality and preconceptions about teaching. Teachers are encouraged to recognize this flexibility as a positive process or flow that can be used to address challenges and adopt ambitious teaching strategies like those depicted in this book. Each chapter highlights a particular pose, describes how to work through common wobbles, incorporates teacher voices and provides questions for further discussion. Pose Wobble Flow presents a promising framework for disrupting the pervasive myth that there is one set of surefire culturally neutral best practices. Book Features A structure for career long growth for ELA teachers including ways to adapt pedagogy from one year to the next. A focus on culturally proactive positions within ELA classrooms to ensure criticality in how we teach and how we advocate for the teaching profession. Six different poses that are standards aligned, critical and expand the possibilities of what takes place in school. Guidelines for creating original poses beyond the scope of the book. Discussion questions for courses and resources for classroom teachers. In Pose Wobble Flow Garcia and O'Donnell Allen remind all of us that teaching is not about following directions; it's about listening to our students and paying attention to the social forces that shape their lives, about learning how to navigate department, school, district and federal rules to benefit our students so we can keep a job while we continue to honor our core beliefs about education. Linda Christensen, Director Oregon Writing Project, Lewis Clark College. Antero Garcia and Cindy O'Donnell Allen have written a book about teaching that I've been hoping someone would write. They deftly provide a clear and insightful framework from which any thoughtful teacher can build a vital practice while also inserting a wealth of examples to ground the framework in working classrooms. It's a must have for preservice and inservice teachers.

**Literature and Cartography** Anders Engberg-Pedersen, 2017-11-24 The relationship of texts and maps and the mappability of literature examined from Homer to Houellebecq Literary authors have frequently called on elements of cartography to ground fictional space to visualize sites and to help readers get their bearings in the imaginative world of the text Today the convergence of digital mapping and globalization has spurred a cartographic turn in literature This book gathers leading scholars to consider the relationship of literature and cartography Generously illustrated with full color maps and visualizations it offers the first systematic overview of an emerging approach to the study of literature The literary map is not merely an illustrative guide but represents a set of relations and tensions that raise questions about representation fiction and space Is literature even mappable In exploring the cartographic components of literature the contributors have not only brought literary theory to bear on the map but have also enriched the vocabulary and perspectives of literary studies with cartographic terms After establishing the theoretical and methodological terrain they trace important developments in the history of literary cartography considering topics that include Homer and Joyce Goethe and the representation of nature and African cartographies Finally they consider cartographic genres that reveal the broader connections between texts and maps discussing literary map genres in American literature and the coexistence of image and text in early maps When cartographic aspirations outstripped factual knowledge mapmakers turned to textual fictions Contributors Jean Marc Besse Bruno Bosteels Patrick M Bray Martin Br ckner Tom Conley J rg D nne Anders Engberg Pedersen John K Noyes Ricardo Padr n Barbara Piatti Simone Pinet Clara Rowland Oliver Simons Robert Stockhammer Dominic Thomas Burkhardt Wolf **Law Meets Literature** Gretchen Oltman, Johnna L. Graff, Cynthia Wood Maddux, 2015-12-23 This text was developed by three experienced English teachers who also happen to be lawyers The law provides a new dimension to popular literary themes like justice fairness and equality These legal documents will enhance the discussion in the English Language Arts classroom With the Common Core State Standards emphasis on incorporating primary documents of historical and literary significance

literature teachers have more opportunity than ever to use case law and other legal documents as texts Each thematic unit includes essential questions familiar fiction and nonfiction selections with connections to the theme teaching notes and relevant cases with before during and after discussion questions The text demonstrates not only the importance of the thoughtful selection of legal documents to meet state and national standards but also includes new approaches to classic texts With an easily accessible format teachers will overcome any intimidation of case law and embrace the use of legal documents to enhance the literature in a new insightful way Back to School in Babylonia Susanne Paulus,2023-09-15 This volume the companion book to the special exhibition Back to School in Babylonia of the Institute for the Study of Ancient Cultures of the University of Chicago explores education in the Old Babylonian period through the lens of House F in Nippur excavated jointly by the University of Chicago and the University of Pennsylvania in the early 1950s and widely believed to have been a scribal school The book s twenty essays offer a state of the art synthesis of research on the history of House F and the educational curriculum documented on the many tablets discovered there while the catalog s five chapters present the 126 objects included in the exhibition the vast majority of them cuneiform tablets *The Crisis of Democratic Capitalism* Martin Wolf,2023-02-07 From the chief economics commentator of the Financial Times a magnificent reckoning with how and why the marriage between democracy and capitalism is coming undone and what can be done to reverse this terrifying dynamic Martin Wolf has long been one of the wisest voices on global economic issues He has rarely been called an optimist yet he has never been as worried as he is today Liberal democracy is in recession and authoritarianism is on the rise The ties that ought to bind open markets to free and fair elections are threatened even in democracy s heartlands the United States and England Around the world powerful voices argue that capitalism is better without democracy others argue that democracy is better without capitalism This book is a forceful rejoinder to both views Even as it offers a deep lucid assessment of why this marriage has grown so strained it makes clear why a divorce of capitalism from democracy would be a calamity for the world They need each other even if they find it hard to life together For all its flaws argues Wolf democratic capitalism remains far and away the best system for human flourishing But something has gone seriously awry the growth of prosperity has slowed and the division of its fruits between the hypersuccessful few and the rest has become more unequal The plutocrats have retreated to their bastions where they pour scorn on government s ability to invest in the public goods needed to foster opportunity and sustainability But the incoming flood of autocracy will rise to overwhelm them too in the end Citizenship is not just a slogan or a romantic idea it s the only idea that can save us Wolf argues Nothing has ever harmonized political and economic freedom better than a shared faith in the common good This wise and rigorously fact based exploration of the epic story of the dynamic between democracy and capitalism concludes with the lesson that our ideals and our interests not only should align but must do so for everyone s sake Democracy itself is now at stake **El-Hi Textbooks in Print** ,1981
