Greatness Reagan Churchill And The Making Of Extraordinary Leaders:

Greatness Steven F. Hayward, 2006-10-24 The Unexplored Connections Between Two of History's Greatest Leaders Ronald Reagan and Winston Churchill were true giants of the twentieth century but somehow historians have failed to notice the many similarities between these extraordinary leaders Until now In *Greatness* Steven F Hayward who has written acclaimed studies of both Reagan and Churchill goes beneath superficial differences to uncover the remarkable parallels between the two statesmen In exploring these connections Hayward shines a light on the nature of political genius and the timeless aspects of statesmanship critical lessons in this or any age Ronald Reagan and the 1980s C. Hudson, G. Davies, 2008-10-27 By the end of the 1980s many Americans looked at the state of the nation with a renewed optimism which was personified by an enduring American president Ronald Wilson Reagan The essays in this volume revisit the 1980s in order to examine the factors that contributed to his political and cultural triumphs and assess his legacy *Churchill's Shadow* Geoffrey Wheatcroft, 2021-10-26 A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture Churchill is generally considered one of the greatest leaders of the twentieth century if not the greatest of all revered for his opposition to appeasement his defiance in the face of German bombing of England his political prowess his deft aphorisms and his memorable speeches He became the savior of his country as prime minister during the most perilous period in British history World War II and is now perhaps even more beloved in America than in England And yet Churchill was also very often in the wrong he brazenly contradicted his own previous political stances was a disastrous military strategist and inspired dislike and distrust through much of his life Before 1939 he doubted the efficacy of tank and submarine warfare opposed the bombing of cities only to reverse his position shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast When he was appointed to the cabinet for the first time in 1908 a perceptive journalist called him the most interesting problem of personal speculation in English politics More than a hundred years later he remains a source of adulation as well as misunderstanding This revelatory new book takes on Churchill in his entirety separating the man from the myth that he so carefully cultivated and scrutinizing his legacy on both sides of the Atlantic In effervescent prose shot through with sly wit Geoffrey Wheatcroft illuminates key moments and controversies in Churchill's career from the tragedy of Gallipoli to his shocking imperialist and racist attitudes dealings with Ireland support for Zionism and complicated engagement with European integration Charting the evolution and appropriation of Churchill's reputation through to the present day Churchill's *Shadow* colorfully renders the nuance and complexity of this giant of modern politics *The Enduring Reagan* Hugh Heclo, James W. Ceaser, George H. Nash, Stephen F. Knott, Paul G. Kengor, Andrew E. Busch, Stephen F. Hayward, Michael Barone, 2009-09-04 Essays on the fortieth president and how he changed our world Hands down the finest compilation on

Ronald Reagan that exists Robert G Kaufman author of In Defense of the Bush Doctrine A former Sunday school teacher and Hollywood actor Ronald Reagan was an unlikely candidate for president but his charisma conviction and leadership earned him the governorship of California from which he launched his successful bid to become the fortieth president of the United States in 1980 Reagan s political legacy continues to be the standard by which all conservatives are judged In The Enduring Reagan editor Charles W Dunn brings together eight prominent scholars to examine the political career and legacy of Ronald Reagan This anthology offers a bold reassessment of the Reagan years and the impact they had on the United States and the world Includes contributions by Charles W Dunn Hugh Heclo James W Ceaser George H Nash Stephen F Knott Paul G Kengor Andrew E Busch Steven F Hayward Michael Barone **Getting Right with Reagan** Marcus M. Witcher, 2019-11-29

Republicans today often ask What would Reagan do The short answer probably not what they think Hero of modern day conservatives Ronald Reagan was not even conservative enough for some of his most ardent supporters in his own time and today his practical often bipartisan approach to politics and policy would likely be deemed apostasy To try to get a clearer picture of what the real Reagan legacy is in this book Marcus M Witcher details conservatives frequently tense relationship with Ronald Reagan in the 1980s and explores how they created the latter day Reagan myth Witcher reminds us that during Reagan s time in office conservative critics complained that he had failed to bring about the promised Reagan Revolution and in 1988 many Republican hopefuls ran well to the right of his policies Notable among the dissonant acts of his administration Reagan raised taxes when necessary passed comprehensive immigration reform signed a bill that saved Social Security and worked with adversaries at home and abroad to govern effectively Even his signature accomplishment invoked by Mr Gorbachev tear down this wall was highly unpopular with the Conservative Caucus as evidenced in their newspaper ads comparing the president to Neville Chamberlain Appeasement is as Unwise in 1988 as in 1938 Reagan s presidential library and museum positioned him above partisan politics emphasizing his administration s role in bringing about economic recovery and negotiating an end to the Cold War How this legacy as Reagan himself envisioned it became the more grandiose version fashioned by Republicans after the 1980s tells us much about the late twentieth century transformation of the GOP and as Witcher s work so deftly shows the conservative movement as we know it now The Age of Reagan: The Conservative Counterrevolution Steven F. Hayward, 2010-11-02 Those who say that we re in a time when there are no heroes they just don t know where to look President Ronald Reagan January 20 1981 Hero It was a word most Americans weren t using much in 1980 As they waited on gas and unemployment lines as their enemies abroad grew ever more aggressive and as one after another their leaders failed them Americans began to believe the country s greatness was fading Yet within two years the recession and gas shortage were over Before the decade was out the Cold War was won the Berlin Wall came crashing down and America was once more at the height of prosperity And the nation had a new hero Ronald Wilson Reagan Reagan s greatness is today widely acknowledged but his legacy is still misunderstood Democrats accept the effectiveness of

his foreign policy but ignore the success of his domestic programs Republicans cheer his victories over liberalism while ignoring his bitter battles with his own party's establishment historians speak of his eloquence and charisma but gloss over his brilliance in policy and clarity of vision From Steven F Hayward the critically acclaimed author of *The Age of Reagan The Fall of the Old Liberal Order* comes the first complete true story of this misunderstood controversial and deeply consequential presidency Hayward pierces the myths and media narratives masterfully documenting exactly what transpired behind the scenes during Reagan's landmark presidency and revealing his real legacy What emerges is a compelling portrait of a man who arrived in office after thirty years of practical schooling in the ways of politics and power possessing a clear vision of where he wanted to take the nation and a willingness to take firm charge of his own administration His relentless drive to shrink government and lift the burdens of high taxation was born of a deep appreciation for the grander blessings of liberty And it was this same outlook extended to the world's politically and economically enslaved nations that shaped his foreign policy and lent his statecraft its great unifying power Over a decade in the making and filled with fresh revelations surprising insights and an unerring eye for the telling detail this provocative and authoritative book recalls a time when true leadership inspired a fallen nation to pick itself up hold its head high and take up the cause of freedom once again

Winston Churchill B.J.C. McKercher,Antoine Capet,2019-01-24 Although remembered and even lauded in the public mind as the British prime minister during the Second World War who played a major role in Allied victory over the Axis Powers and Japan Winston Churchill had a life and political career before 1939 conditioned by fighting other wars and in peacetime thinking about war While historians debate his achievements and failures between 1939 and 1945 a less explored dimension is Churchill's earlier connexion with war and warfare This book explores Churchill's earlier experience in fighting wars as a soldier and politician

The Reagan Years: a Social History of the 1980'S Richard Stanley,2017-12-15 Ronald Reagans legacy as president is nearly unparalleled in American history due to his domestic and foreign policy leadership Reagans contrarian insistence on advocating limited government and supply side economics drew much bipartisan criticism causing the Great

Communicator to take his argument that lowering taxes would encourage economic growth directly to the people The result Congress granted 750 billion in tax cuts in 1981 The Reagan Revolution had begun By mid 1983 the nations economy was booming On President Reagans first day in office the Iran Hostage Crisis finally came to an end Fifty two American embassy personnel held hostage by a defiant Iran during the last four hundred plus days of the Carter administration were freed a definite win for all Americans But Reagan soon was widely criticized for insulting Russias leaders by calling the Soviet Union the evil empire Later Reagan was criticized at home and abroad for challenging Soviet premier Gorbachev to tear down the Berlin Wall Reagans most criticized proposal of all however was his insistence on developing his Strategic Defense Initiative SDI space weapons to defend America from incoming Soviet nuclear missiles Domestic critics dismissed his proposal as a Star Wars fantasy but the Soviets feared SDI By December 1991 it was clear that Reagans Star Wars fantasy helped cause the bankruptcy and total collapse of the Soviet Union bringing a peaceful end to the decades long Cold War **Missing**

Rendezvous with Destiny Craig Shirley, 2014-04-08 A first rate work of insider history A monumental accomplishment National Review The election that changed everything Craig Shirley s masterful account of the 1980 presidential campaign reveals how a race judged too close to call as late as Election Day became a Reagan landslide and altered the course of history To write Rendezvous with Destiny Shirley gained unprecedented access to 1980 campaign files and interviewed more than 150 insiders from Reagan s closest advisers and family members to Jimmy Carter himself His gripping account follows Reagan s unlikely path from his bitter defeat on the floor of the 1976 Republican convention through his underreported wilderness years through grueling primary fights in which he knocked out several Republican heavyweights through an often nasty general election campaign complicated by the presence of a third party candidate not to mention the looming shadow of Ted Kennedy to Reagan s astounding victory on Election Night in 1980 Shirley s years of intensive research have enabled him to relate countless untold stories including at long last the solution to one of the most enduring mysteries in politics just how Reagan s campaign got hold of Carter s debate briefing books **Profiles in Ignorance** Andy Borowitz, 2022-09-13

Patriotism Is Not Enough Steven F. Hayward, 2018-12-18 This book is a lively intellectual history of a small circle of thinkers especially but not solely Harry Jaffa and Walter Berns who challenged the mainstream liberal consensus of political science and history about how the American Founding should be understood Along the way they changed the course of the conservative movement and had a significant impact on shaping contemporary political debates from constitutional interpretation civil rights to the corruption of government today Most importantly these thinkers explain the deep reasons for patriotism why we should love America not simply because it is our country but because it is a free and just country

Humility David Bobb, 2013-11-12 There is no formula for becoming humble not for individuals and not for nations Benjamin Franklin s dilemma one he passed on to the young United States was how to achieve both greatness and humility at once The humility James Madison learned as a legislator helped him to mold a nation despite his reputation as a meek timid and weak man The humility of Abigail Adams fed her impossible resilience Humility of all kinds is deeply ingrained in our American DNA Our challenge today is to rediscover and reawaken this utterly indispensable alarmingly dormant national virtue before it s too late In Humility An Unlikely Biography of America s Greatest Virtue Dr David J Bobb traces the crooked line that is the history of humility in political thought From Socrates to Augustine to Machiavelli to Lincoln passionate opinions about the humble ruler are literally all over the map Having shown classical medieval and Christian ideas of humility to be irreconcilable Dr Bobb asserts that we as a nation are faced with a difficult choice A choice we cannot put off any longer The power promised by humility is power over oneself in self government says Dr Bobb But humility s strength is obscured by the age of arrogance in which we live George Washington s humility as great as it was cannot substitute for ours today We must reintegrate this fundamental virtue if there is to be an American future The rediscovery of humility s strength awaits Humility is essential to good character and to our country In this smart and lively book David Bobb illustrates this virtue with the stories of five great Americans And he reminds us that humility is at the core of our national creed of equality and liberty Paul Ryan Nothing defies political correctness and the prevailing zeitgeist as radically as the notion that humility remains an important virtue Dr Bobb not only makes the case for this dismissed and disregarded value but emphasizes its importance as part of the American national character Michael Medved syndicated talk radio host A lively and counterintuitive argument spiced with witty prose and engaging vignettes of Franklin Washington Madison Lincoln Frederick Douglass and Abigail Adams Robert Faulkner professor of Political Science Boston College author The Case for Greatness Dr David Bobb has written a timely and timeless book on a vital virtue absent from far too many leaders today Humility should be required reading for leaders in the public and private sector as well as in our homes and communities In an age of arrogance there is much to be learned and strength to be gained from returning to the principle power and pattern of humility contained in this extraordinary book Mike Lee U S Senator Utah
