Cook, James Tatum, 2024-05-31 Constraints on freedom education and individual dignity have always been fundamental in determining who is able to write when and where Considering the singular experience of the African American writer William W Cook and James Tatum here argue that African American literature did not develop apart from canonical Western literary traditions but instead grew out of those literatures even as it adapted and transformed the cultural traditions and religions of Africa and the African diaspora along the way Tracing the interaction between African American writers and the literatures of ancient Greece and Rome from the time of slavery and its aftermath to the civil rights era and on into the present the authors offer a sustained and lively

discussion of the life and work of Phillis Wheatley Frederick Douglass Ralph Ellison and Rita Dove among other highly acclaimed poets novelists and scholars Assembling this brilliant and diverse group of African American writers at a moment when our understanding of classical literature is ripe for change the authors paint an unforgettable portrait of our own reception of classic writing especially as it was inflected by American racial politics

The Public Mind and the Politics of Postmillennial U.S.-American Writing Jolene Mathieson, Marius Henderson, Julia Lange, 2022-08-22 In the last twenty years how has U S American writing and the reading public responded to the complexity of an American culture resolutely situated in a larger highly politicized globalized world undergoing radical change The 20th century modes of realism and postmodernism have been succeeded by writerly practices that are that are invested in the idea of embodied authenticity and that are relatable to neorealism whether it be via outright affirmation or critical experimentation and appropriation The individual case studies mark the ways in which postmillennial U S American writing is marked by an ongoing awareness toward complexity and the entanglement of writers and the reading public with pressing political concerns and at times oppressive social and economic discursive and structural formations These contributions further attest to how narrative and structural complexity grammatical and lexical sophistication and social nuance endure as the main literary modes of confronting 21st century political life This volume is

thus of interest for both the study of U S American political culture and U S American literature The Search for the Ancient Novel James Tatum,1994 In The Search for the Ancient Novel Tatum brings together a distinguished group of scholars to examine every aspect of ancient Greek and Roman novelists the recovery of their texts their reception ancient and modern and their place in literary theory and history The contributors explore subjects ranging from antiquity to the present from the anonymous authors of Apollonius King of Tyre and The Apochryphal Acts of Peter to Tasso Cervantes and Rabelais from Lucian Heliodorus and Petronius to Chr tien de Troye and Samuel Richardson *Traces of the Past* Karen Bassi,2016-08-17 An innovative multidisciplinary study of the relationship between visual perception and temporal meaning in ancient Greek literature and history writing , Antike Mythen Ueli Dill,Christine Walde,2009 Dieser Band versammelt Beitr ge von namhaften europ ischen und amerikanischenAltertumswissenschaftlern und Religionswissenschaftlern die einen repr sentativen Querschnitt der zeitgen ssischen Erforschung des Mythos seiner Erscheinungsformen und seiner Transformationen in unterschiedlichen Bereichen und Epochen darbieten **The Wiley Blackwell Anthology of African American Literature, Volume 2** Gene Andrew Jarrett,2014-01-28 The Wiley Blackwell Anthology of African American Literature is a comprehensive collection of poems short stories novellas novels plays autobiographies and essays authored by African Americans from the eighteenth century until the present Evenly divided into two volumes it is also the first such anthology to be conceived and published for both classroom and online education in the new millennium Reflects the current scholarly and pedagogic structure of African American literary studies Selects literary texts according to extensive research on classroom adoptions scholarship and the expert opinions of leading professors Organizes literary texts according to more appropriate periods of literary history dividing them into seven sections that accurately depict intellectual cultural and political movements Includes more reprints of entire works and longer selections of major works than any other anthology of its kind This second volume contains a comprehensive collection of texts authored by African Americans from the 1920s to the present The two volumes of this landmark anthology can also be bought as a set at over 20% savings **The Historical Jesus of the Gospels** Craig S. Keener,2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in The Historical Jesus of the Gospels In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history **The Childhood of Jesus** Reidar Aasgaard,2011-06-30 The mid second century apocryphal infancy gospel the Gospel of Thomas which deals with the childhood of Jesus from age five to age twelve has attained only limited interest

from scholars Much research into the story has also been seriously misguided especially study of the story's origin character and setting This book gives a fresh interpretation of the infancy gospel not least by applying a variety of new approaches including orality studies narrative studies gender studies and social scientific approaches The book comes to a number of radically new conclusions The Gospel of Thomas is dependent on oral storytelling and has far more narrative qualities than has been previously assumed The narrative world depicted in the gospel is that of middle class Christianity with the social and cultural ideas and values characteristic of such a milieu The gospel's theology is not heretical as has often been claimed but mirrors mainstream thinking rooted in biblical tradition particularly in the Johannine and Lukan traditions Jesus is portrayed as a divine figure but also as a true to life child of late antiquity The audience for the Gospel of Thomas is likely to have come from the rural population of early Christianity a milieu that has received little attention A main audience for the story was children among early Christians making this at least within Christianity the oldest known children's tale The book provides a Greek text and a translation and several appendixes on the story along with other early Christian infancy material
