• **Shedding** is the way that snakes get rid of weight and getting from one **molting** the skin and I usually shed skin. I remember, at about 3 years of age, said it was the first time the greatest time of shedding. When the skin is shed, it looks like a big ball, and it's not a good thing. But when the skin is shed, it's a good thing.

These observations suggest a possible causal role for the social environment in the development of the gender gap in the mathematics self-efficacy dimension. Future research is suggested to explore this relationship systematically. Furthermore, this paper was the first to investigate the effect of teachers' self-efficacy on students' self-efficacy and to find that the effect was positive. This finding is consistent with the previous research on teachers' self-efficacy and students' self-efficacy.

There are several important political and cultural factors in the process of the Chinese change to democracy, and these factors are becoming very clear. We are witnessing a process of "democratization" in Chinese society. This is the first time in the history of the world that a country has been able to achieve a "democratization" of its society. This is the first time in the history of the world that a country has been able to achieve a "democratization" of its society. This is the first time in the history of the world that a country has been able to achieve a "democratization" of its society.
