

Choosing A Pocketknife

Cub Scout & Webelos Scout Whittling Chip

When choosing a first pocketknife for a Cub Scout working on the Bear Cub Scout Achievement 19 "Shavings and Chips" and completing the Whittling Chip card, the choices are many. As a concerned parent, the following factors must be considered:

1. Safety
2. Cost
3. Quality and durability
4. Utility

The intent of the "Shavings and Chips" Achievement is to teach the safe use of a pocketknife to every Bear Cub. It uses a systematic approach to teach each Cub respect for their pocketknife as a tool, the proper care and maintenance of their pocketknife, and safe use of their pocketknife. While working to complete this achievement, each Cub Scout learns a shared responsibility for pocketknife use, which reinforces the need for adult permission and supervision.

The choice of pocketknives is limited only by what an individual is willing to spend. This strategy is not the best when choosing a pocketknife for a Bear Cub Scout. In general, you should expect to spend less than \$25 on a first pocketknife.

Quality and durability will contribute to what you spend on a pocketknife for a Bear Cub. In most cases, "you get what you pay for" when choosing a pocketknife. There are many brands from which to choose, and few offer significant warranties, but the "Victorinox" brand of Swiss Army knives carry a lifetime warranty, which contributes significantly to their value, and speaks well of their quality and durability.

One of the single most important factors in choosing a pocketknife is the utility of the tool. While a single blade or locking blade knife is great for cutting and carving, the utility of such a knife for use in other camp tasks is limited. On the other hand, a Swiss Army knife that offers 64 different tool choices will be overwhelming to a third grade Bear Cub Scout.
