*Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office Library of Congress. Copyright Office, 1978* *Eaux Florales* Jean-Charles Sommerard, 2012-10-10 L'eau florale, c'est ce qui reste dans l'alambic après la distillation de l'huile essentielle de la plante. Cette eau, appelée aussi hydrolat, est chargée de principes actifs légers qui lui confèrent un parfum raffiné et nombre de vertus. Cadeau de la nature, l'eau florale est accessible à tous. On connaît l'eau de rose que nos grands-mères utilisaient pour apaiser les rougeurs de la peau ou parfumer les gâteaux, l'eau de fleur d'oranger traditionnellement employée pour aider les enfants à trouver le sommeil ou pour donner de la saveur aux boissons fraîches. Il existe bien d'autres eaux florales : basilic, safran, menthe. Chacune possède son parfum et ses applications. Aux informations générales, historiques, origine, mode de production, conservation, vertus, s'ajoutent ici des conseils pratiques, recettes de cuisine et de boissons, cocktails avec ou sans alcool, conseils de bien-être et de beauté. Et même des recommandations en vue d'une utilisation psychomotrice. L'auteur a mis au point une approche très originale : les Floradrinks qui permettent d'allier les vertus des eaux florales et leur grande variété gustative. [Perfume on the Page in Nineteenth-Century France](#) Cheryl Krueger, 2023-06-26 Despite long standing assertions that languages including French and English cannot sufficiently communicate the experience of smell, much of France's nineteenth century literature has gained praise for its memorable evocation of odours. As French perfume was industrialized, democratized, cosmeticized and feminized in the nineteenth century, stories of fragrant scent trails aligned perfume with toxic behaviour and viewed a woman's scent as something alluring but also something to be controlled. Drawing on a wealth of resources, *Perfume on the Page in Nineteenth Century France* explores how fiction and related writing on olfaction meet, permeate and illuminate one another. The book examines medical tracts, letters, manuscripts, posters, print advertisements, magazine articles, perfume manuals, etiquette books, interviews and encounters with fragrant materials themselves. Cheryl Krueger explores how the olfactory language of a novel or poem conveys the distinctiveness of a text, its unique relationship to language, its style and its ways of engaging the reader, its signature scent. Shedding light on the French perfume culture that we know today, *Perfume on the Page in Nineteenth Century France* follows the scent trails that ultimately challenge us to read perfume and literature in new ways. **Reference Catalogue of Current Literature**, 1936

Thank you very much for reading **Guide Hachette Du Parfum**. As you may know, people have search numerous times for their favorite readings like this Guide Hachette Du Parfum, but end up in malicious downloads.
