Marine Navigation 1 : Piloting Richard R. Hobbs,2012-12-06 Throughout the history of warfare at sea navigation has been an important basic determinant of victory Occasionally new members of the fraternity of the sea will look upon navigation as a chore to be tolerated only as long as it takes to find someone else to assume the responsibility In my experience such individuals never make good naval officers Commander Hobbs has succeeded in bringing together the information and practical skills required for that individual who would take the first step down the road toward becoming a competent marine navigator At the outset of this book the author stresses the necessity for safe navigation but there is another basic tenet of sea warfare that this book serves The best weapons system man has ever devised cannot function effectively unless it knows where it is in relation to the real world where it is in relation to the enemy and where the enemy is in relation to the real world Not all defeats can be attributed to this lack of information but no victories have been won by those who did not know where they were **Marine Weather Guide** Wizvox Médias,2016-06-17 The Marine Weather Guide is a scientific book which focus on coastal navigation and the effects described therein are found everywhere where the topography and the weather conditions are similar 30 marine weather phenomena Explanatory graphics animations Explanations done by a meteorologist Interviews of marine experts Useful Information **Coastal Navigation (Master 5), ABF532** ,1997
