America's Gift to Golf Herbert Warren Wind, 2016-01-26 The dean of American golf writers pays tribute to the nation's greatest tournament. Over the course of his forty year career at the *New Yorker* and *Sports Illustrated*, Herbert Warren Wind covered the game of golf from many different angles, providing readers with eloquent insights on the iconic courses of Scotland as well as Bing Crosby's lifelong love affair with the sport. But no aspect of golf was closer to Wind's heart or more intimately associated with his name than the annual Masters Tournament at Augusta National Golf Course. Recounting Arnold Palmer's victory in 1958, Wind coined the phrase "Amen Corner" to describe the fateful stretch of golf course including the 11th, 12th and 13th holes. To celebrate the fiftieth anniversary of the first Augusta National Invitation held in 1934, Wind eloquently recounted a half century's worth of highlights from Bobby Jones's original vision of an informal competition between his old friends and the game's rising stars to Ben Crenshaw's impressive defeat of Tom Watson in the 1984 tournament. Full of the grand traditions including green jackets, purple azaleas and white jumpsuits and dramatic moments that have made the Masters the most entertaining of the four major championships, *America's Gift to Golf* brings the history of this majestic tournament to vivid life and testifies to the enduring legacy of Herbert Warren Wind.

Golf Course Design Robert Muir Graves, Geoffrey S. Cornish, 1998-07-23 When it comes to golf course design, Robert Muir Graves and Geoffrey S. Cornish are true masters. Over the past few decades, they have produced every type of course imaginable, long and short, entry level and upscale, courses built on ocean bluffs and swamps, courses located in the United States and around the world. Now drawing on this vast experience and their popular golf course design seminars held at the Harvard Graduate School of Design and nationwide for the Golf Course Superintendents Association of America, Graves and Cornish share a wealth of expertise on all aspects of design and construction in this outstanding book. *Golf Course Design* covers all of the major historic, aesthetic, business and technical issues of the subject, from course layout, hole design, drainage, irrigation and turf grass selection to planning, financing, construction and environmental considerations.

Golfdom, 1927 **The Finest Nines** Anthony Pioppi, 2018-02-06 Over the past few years, perhaps due to an increase in work and family commitments, there has been a noticeable rise in the number of golfers interested in playing nine hole courses. Although there are close to eight thousand such courses worldwide, how do golfers determine which are the best ones to play? In *The Finest Nines*, golf writer and historian Anthony Pioppi highlights the twenty five finest nine hole courses in North America and details how to play each one. Some of the courses featured include Whitinsville Golf Club, Whitinsville, Massachusetts; Sweetens Cove Golf Club, South Pittsburg, Tennessee; Birchwood Country Club, Westport, Connecticut; LivingStone Golf Course, Calgary, Alberta; Aetna Springs Golf Course, Pope Valley, California. And many more. This book also includes an interview with course designer and architect Mike Nuzzo about designing a nine hole golf course in the modern era, as well as profiles of courses that have a non

traditional number of holes The Finest Nines is the perfect gift for the avid golfer who does not have the time to play a full eighteen holes *The Golden Age of Pinehurst* Lee Pace,2012-11-15 One of the finest golf courses in America in the early 1900s was the revered Pinehurst No 2 designed by the legendary Donald Ross and first opened in 1907 Physically and mentally demanding the course gave players options on every hole and required them to envision and execute recovery shots from the sandy perimeters and the pine forests as well as think creatively around the intricate greens As a result No 2 became a favorite of the nation s top amateurs and professionals Unfortunately a modernization of the course over the last four decades stripped it of much of its character In *The Golden Age of Pinehurst* Lee Pace chronicles the breathtaking restoration of No 2 from its recent slick and monochromatic presentation back to a natural potpourri of hardpan sand wire grass and Sandhills pine needles The restored No 2 accessible for amateur play yet challenging enough for the professional once again stands apart for its beauty strategic appeal and Old World flavor *Be the Pine, Be the Ball* Paul J.

Zingg,2018-04-27 Focusing on the landscapes and memory of golf and examining the games nature and appeal this collection of seventy two haiku poems and essays aims to lead readers to a fuller appreciation of the culture and history of golf and a deeper awareness of a players place in the game *Be the Pine Be the Ball* also reveals the compelling beauty and power of haiku the most popular poetic form in the world Through the brevity of its style precise language and ability to reveal how ordinary moments and elements of our lives are pathways to a better understanding of ourselves and the world around us haiku can have both a meditative and consequential effect on the reader A key to the connection between haiku and golf is that both foster powers of concentration and detailed observation with a related reduction of distractions Both seek to cultivate a more tranquil and disciplined mind and to translate that condition into how a life is lived and a game is played

Architecture, Vol V Paul Daley,2003 **Wide Open Fairways** Bradley S. Klein,2020-04-01 In golf the playing field is also landscape where nature and the shaping of it conspire to test athletic prowess As golf courses move away from the big business pristine lawn approach of recent times Bradley S Klein a leading expert on golf course design and economics finds much to contemplate and much to report in the way these wide open spaces function as landscapes that inspire us stimulate our senses and reveal the special nature of particular places A meditation on what makes golf courses compelling landscapes this is also a personal memoir that follows Klein s own unique journey across the golfing terrain from the Bronx and Long Island suburbia to the American prairie and the Pacific Northwest Whether discussing Robert Moses and Donald Trump and the making of New York City or the role of golf in the development of the atomic bomb or the relevance of Willa Cather to how the game has taken hold in the Nebraska Sandhills Klein is always looking for the freedom and the meaning of golf s wide open spaces And as he searches he offers a deeply informed and absorbing view of golf courses as cultural markers linking the game to larger issues of land use ecology design and imagination Purchase the audio edition
