Wordfly's menu bar is styled with the word aspect, such as File, Edit, Window and Help. Wordfly's View menu is a little different from the ones in most programs (Figure 1.4). The View menu has items in the Wordfly window that you can show or hide, including things like drawing guides, are there, measurement tools and even different toolbars. If you're looking for tools that change your view of the drawing window, such as a View or Show tool, look under the View menu.
