development for board members of nonprofit organizations worldwide **Nonprofit Boards That Work** Maureen K. Robinson, 2001-06-01 Praise for Nonprofit Boards That Work This book offers a refreshing and candid look at the challenges of nonprofit boards. It moves away from theoretical frameworks to take you inside the real world of nonprofit organizations. A must for any executive director who needs reassurance that building effective boards is tough work but well worth the effort. Sherry Rockey, Executive Director, International Women's Media Foundation. Maureen Robinson is uniquely qualified to help us understand the issues related to boards that are effective, those that are not, and why. It is certain that board members, potential board members, and executive directors who read this book will better understand their roles and responsibilities and will be better able to avoid common pitfalls. As a result, the impact of their efforts on those whom their organizations exist to serve will be enhanced. Ron Burkard, Executive Director, World Neighbors. As more than 10 million people in the United States alone say yes to board service, they also expect to see their time and talents used effectively. This invaluable book presents a straightforward approach to understanding the role of the board, tailoring its work to meet the needs of specific organizations, and creating a culture of board productivity that makes participation rewarding for board members as well as the organizations they serve. *Nonprofit Boards That Work* Distinguishes between theory and practice and encourages boards to explore how they genuinely add value to the work of the organization. Goes beyond the hows and whys of nonprofit governance to provide frank advice and real world examples of what works, what doesn't, what requires a miracle, and what can be achieved through diligent and deliberate effort. Offers practical yet flexible strategies that can be tried by any nonprofit board, whatever its current effectiveness, and much more to guide nonprofit organizations and their boards toward accomplishing the goals they seek. *The Practitioner's Guide to Governance as Leadership* Cathy A. Trower, 2012-12-17 THE PRACTITIONER'S GUIDE TO GOVERNANCE AS LEADERSHIP The Practitioner's Guide to Governance as Leadership offers a resource that shows how to achieve excellence and peak performance in the boardroom by putting into practice the groundbreaking model that was introduced in the book *Governance as Leadership*. This proven model of effective governance explores how to attain proficiency in three governance modes or mindsets: fiduciary, strategic, and generative. Throughout the book, author Cathy Trower offers an understanding of the Governance as Leadership model through a wealth of illustrative examples of high-performing nonprofit boards. She explores the challenges of implementing governance as leadership and suggests ideas for getting started and overcoming barriers to progress. In addition, Trower provides practical guidance for optimizing the practices that will improve organizational performance, including flow, high skill, and high purpose; discernment; deliberation; divergent thinking; insight; meaningfulness; consequence to the organization; and integrity. In short, the book is a combination of sophisticated thinking, instructive vignettes, illustrative documents, and practical recommendations. The book includes concrete strategies that can help improve critical thinking in the boardroom, a board's overall performance as a team, as well as information for creating a strong governance culture and understanding what is required of an effective CEO.

and a chairperson To determine a board's fitness and help the members move forward the book contains three types of assessments board members evaluate each other individual board member assessments and an overall team assessment This practitioner's guide is written for nonprofit board members chief executives senior staff members and anyone who wants to reflect on governance discern how to govern better and achieve higher performance in the process
