Bryan Westra, 2015-11-30 Indirect Hypnosis is the ability to hypnotize someone with your words having a seemingly normal conversation with someone yet being able to change minds influence and persuade without being so overt Indirect Hypnosis is about being round about and still getting your way making an impression causing someone to re think a position and in the end causing them to do as you would have them do because you ve hypnotized them without them knowing it and have given them the hypnotic instructions you wanted them to have Indirect Hypnosis is a powerful way of holding space for yourself and others It s about this power to take your words and magically drop people into the most profound states of mind emotionally and in other ways as well It s about hypnosis on a very deep level Learn how to do indirect hypnosis in this book

watched Even your own personality values ideas identity persuasions and so forth may change as a result of one BREAKTHROUGH book or movie In this book I ll teach you how to write hypnotically I ll teach you how to paint with words in such a way they impress influence and change people s persuasions without question You ll learn how to phrase sentences hypnotically how to affect people emotionally and how to hypnotize readers without them knowing they re being hypnotized You will even learn how to get people to take action on what you propose they do Writing hypnotically is the missing ingredient in most people s writing I would argue To exemplify this point think of the worst book you ve ever read and contrast that to the best book you ve ever read What was the primary difference I ll tell you One affected you and left an indelible mark on your psyche the other was remembered only because it was so horrible and for no other reason The book you love is the one you might say this about I ll never be the same after reading this book and you d be right After you read this book how you write will forever change and neither you nor your writing will ever be the same I promise Learn How To Word Hypnotically Grab Your Copy Now **Hypnotic Storytelling** Bryan Westra,2014-05-27 If you ve ever wanted to master hypnotic storytelling namely for the purpose of hypnotizing people covertly and indirectly then the time is now to take action This book walks you through all sequences of hypnotic storytelling while also teaching you exactly what you need to know and then some about hypnotizing someone through the art of hypnotic storytelling You ll be a walking talking hypnotist that people can t get enough of You ll be smiling to bank if you re in sales but then even if you re not you will Point being Yeah THIS IS THE BOOK along with the ANSWERS you ve been wanting Pick up a copy today and take the journey into the world of the hypnotic mind Remote Hypnosis Bryan Westra,2017-09-25 Learn how to do remote hypnosis and hypnotize anyone without them physically being present This is a new revelation in hypnosis and hypnotic psychology By the end of this short course you ll be able to hypnotize anyone covertly secretly without the need for that person to be present in your location It works This course will astonish you The results you get will exceed your wildest expectations Grab This Course Now Order Now Hypnotize Bryan Westra,2014-12-17 When you learn these astonishing lessons you will be amazed at how easy it is to hypnotize people without them even knowing If you want to learn to be a truly refined conversational hypnotist faster than most people own this book You will discover profound changes start to happen when you apply these simple techniques to your everyday conversations with others You ll come to understand what the truly mastered conversational hypnotists know and apply all the time To the extent you want more YOU WILL GET IT Make yourself commit After you do you ll receive more than you imagined possible It s beyond this and that it will shake the ground beneath your feet I m telling you The more you learn the more you will learn NOW IS THE TIME Don t wait another 8 seconds Grab your copy NOW How to Hypnotize How to Persuade Bryan Westra,2015-05-09 One night lying in bed I had this insight It came very quickly unexpectedly and I jotted it down on a tiny piece of paper on my bedside table I ll explain to you the insight inside this book as the insight is in all actuality what this book is entirely about In this introduction I ll say this I ve seen a lot

of repeating patterns happening in the world of influence and persuasion People who are more influential and persuasive seem to acquire greater material riches in life I used to think that some people simply possessed qualities and attributes which made them this way In other words some people were destined for success while others weren't This belief isn't true anymore for me I've disproved it personally and I've known others who have disproved it too If you want to persuade someone change their mind make them do something and so on you might want to start with chapter one of this book and keep reading until you are finished I've done my best to simplify each of these lessons I had hoped to write this book in under 100 words and I definitely exceeded that number Even so the book is still simple enough and won't take you very long to read through grasp and put the lessons into action These lessons are intentionally actionable and you'll more than likely gain great value when you do put them into action in your life One thing is for sure You'll be more persuasive hypnotic and know how better to convince people that you know what you are talking about It doesn't matter the subject matter either nor how well read you are on it though this helps This book is about lessons from two Greek philosophers namely Socrates and Aristotle They both had unique philosophies on influence and persuasion Aristotle is called the Father of Persuasion in fact Socrates is known for his uncanny ability to ask questions in dialogue and somehow mysteriously get people to change their mind see things differently change beliefs about what they may have earlier thought true and the like We'll go over this in much more detail and I'll outline and give you content that will help you take the best of their philosophies regarding persuasion and connect these philosophies with conversational hypnosis and hypnosis in general You'll learn how much in common the Greek philosophies have in common with the hypnotic process and you'll learn how this unique hybrid system I've discovered through my insight can be utilized in your life to make you incredibly more persuasive and hypnotic You'll be able to fearlessly hold your own in conversations with others and inspire them and hypnotize them without them knowing they are even being hypnotized and from this point you'll be able to instruct them to do things and they will Please make sure after you read this book that you use these covert persuasion and hypnosis lessons to do right by people Never manipulate or hurt anyone or make them do something that goes against their will As a hypnotist you have the power to make someone's will what you want it to be though I advise you against doing this I don't think it is right I could go on but now that I've asked you to take the moral high road it is time to flip the page and start your first lesson Learn Well Live Well Bryan Westra www.indirectknowledge.com www.bryanwestra.com Hypnosis Bryan Westra, 2016-09-26 This is a phenomenal book on conversational hypnosis explained in a way like no other What you get in a whole resource on the topic including Lots of instructions Tons of techniques Hypnotic Language Patterns Lots of practical advice MUCH MUCH MORE You will get so much out of this book you won't believe it until you check it out Bryan Westra a master hypnosis practitioner and trainer reveals a different way of looking at conversational hypnosis giving you a different perspective This book comes highly recommended by top people in the industry This book is a wonderful training resource for trainers and practitioners alike
