Mastering Christianity Missionary Anglicanism And Slavery In The Atlantic World:

Mastering Christianity Travis Glasson, 2012 This book examines how missionaries of the Anglican Church in North America the Caribbean and Africa initially spread a religiously grounded understanding of human diversity that stressed the essential unity of all people but over time developed the idea that slavery and Christianity were entirely compatible and could be mutually beneficial leading the Church to become an institutional opponent of the abolition movement

Christian Slavery Katharine Gerbner, 2018-02-07 Could slaves become Christian If so did their conversion lead to freedom If not then how could perpetual enslavement be justified In *Christian Slavery* Katharine Gerbner contends that religion was fundamental to the development of both slavery and race in the Protestant Atlantic world Slave owners in the Caribbean and elsewhere established governments and legal codes based on an ideology of Protestant Supremacy which excluded the majority of enslaved men and women from Christian communities For slaveholders Christianity was a sign of freedom and most believed that slaves should not be eligible for conversion When Protestant missionaries arrived in the plantation colonies intending to convert enslaved Africans to Christianity in the 1670s they were appalled that most slave owners rejected the prospect of slave conversion Slaveholders regularly attacked missionaries both verbally and physically and blamed the evangelizing newcomers for slave rebellions In response Quaker Anglican and Moravian missionaries articulated a vision of Christian Slavery arguing that Christianity would make slaves hardworking and loyal Over time missionaries increasingly used the language of race to support their arguments for slave conversion Enslaved Christians meanwhile developed an alternate vision of Protestantism that linked religious conversion to literacy and freedom *Christian Slavery* shows how the contentions between slave owners enslaved people and missionaries transformed the practice of Protestantism and the language of race in the early modern Atlantic world

Ministry in the Anglican Tradition from Henry VIII to 1900 John L. Kater, 2022-06-01 Once Henry VIII

declared the Church of England free of papal control in the sixteenth century and the process of Reformation began the Church of England rapidly developed a distinctive style of ministry that reflected the values and practices of the English people In Ministry in the Anglican Tradition from Henry VIII to 1900 John L Kater traces the complex process by which Anglican ministry evolved in dialogue with social and political changes in England and around the world By the end of the Victorian period ministry in the Anglican tradition had begun to take on the broad diversity we know today This book explores the many ways in which laypeople clergy and missionaries in multiple settings and under various conditions have contributed to the emergence of a uniquely Anglican way of responding to the call to serve Christ and the world That ministry preserved many of the insights of its Reformation ancestors and their heritage even as it continued to respond to the new and often unfamiliar contexts it now calls home *Anglicanism, Missions and Empire* Rowan Strong, 2025-09-25 In Anglicanism Empire and Missions Rowan Strong offers fresh insights into Christian missions illuminating both large scale movements and smaller local initiatives Tracing the origins of Anglican missions back to the foundation of the Society for the Propagation of the Gospel in Foreign Parts in 1701 the work explores their evolution from a transatlantic context in the eighteenth century to a truly global presence within the expanding British Empire of the nineteenth century Contemporary Anglophone mission historiography has often overlooked Anglican missionary endeavours during this period instead privileging the activism of Evangelical missions This volume redresses the balance revealing the far reaching influence of Anglican mission leaders and societies and restoring their rightful place in the broader history of Christian missions *The Oxford History of Anglicanism, Volume II* Jeremy Gregory, 2017-09-29 The Oxford History of Anglicanism is a major new and unprecedented international study of the identity and historical influence of one of the world s largest versions of Christianity This global study of Anglicanism from the sixteenth century looks at how was Anglican identity constructed and contested at various periods since the sixteenth century and what was its historical influence during the past six centuries It explores not just the ecclesiastical and theological aspects of global Anglicanism but also the political social economic and cultural influences of this form of Christianity that has been historically significant in western culture and a burgeoning force in non western societies today The chapters are written by international experts in their various historical fields which includes the most recent research in their areas as well as original research The series forms an invaluable reference for both scholars and interested non specialists Volume two of The Oxford History of Anglicanism explores the period between 1662 and 1829 when its defining features were arguably its establishment status which gave the Church of England a political and social position greater than before or since The contributors explore the consequences for the Anglican Church of its establishment position and the effects of being the established Church of an emerging global power The volume examines the ways in which the Anglican Church engaged with Evangelicalism and the Enlightenment outlines the constitutional position and main challenges and opportunities facing the Church considers the Anglican Church in the regions and parts of the growing British

Empire and includes a number of thematic chapters assessing continuity and change *Doctrine and Disease in the British and Spanish Colonial World* Kathleen Miller, 2025-06-03 During the early modern period unprecedented migration caused diseases to take hold in new locales turning illness and the human body into battlegrounds for competing religious beliefs as well as the colonial agendas in which they were often ensnared This interdisciplinary volume follows the contours of illness epidemics and cures in the early modern British and Spanish Empires as these were understood in religious terms Each chapter of this volume centers on a key moment during this period of remarkable upheaval including Jesuit co optation of Indigenous knowledge in Peru the Catholic Church s dissemination of the smallpox vaccine across the Spanish Empire Puritan collective fasting during smallpox outbreaks and the practice of eating dirt as Obeah resistance among enslaved people in Jamaica Throughout the contributors explore how the porous geographical borders of the transatlantic world meant that medicine and religion were translated through and against each other over and over again Residing at the nexus between two largely discrete areas of inquiry this collection provides significant insight into the numerous points of juncture between medicine and religion in the Atlantic world In addition to the editor the contributors to this volume include Matthew James Crawford Crawford Gribben Rana A Hogarth Philippa Koch Allyson M Poska Catherine Reedy and Rebecca Totaro

Invisible Masters Elisabeth Ceppi, 2018-07-03 *Invisible Masters* rewrites the familiar narrative of the relation between Puritan religious culture and New England s economic culture as a history of the primary discourse that connected them service The understanding early Puritans had of themselves as God s servants and earthly masters was shaped by their immersion in an Atlantic culture of service and the worldly pressures and opportunities generated by New England s particular place in it Concepts of spiritual service and mastery determined Puritan views of the men women and children who were servants and slaves in that world So too did these concepts shape the experience of family labor law and economy for those men women and children the very bedrock of their lives This strikingly original look at Puritan culture will appeal to a wide range of Americanists and historians *A Short History of Transatlantic Slavery* Kenneth Morgan, 2016-04-25 From

1501 when the first slaves arrived in Hispaniola until the nineteenth century some twelve million people were abducted from west Africa and shipped across thousands of miles of ocean the infamous Middle Passage to work in the colonies of the New World Perhaps two million Africans died at sea Why was slavery so widely condoned during most of this period by leading lawyers religious leaders politicians and philosophers How was it that the educated classes of the western world were prepared for so long to accept and promote an institution that would later ages be condemned as barbaric Exploring these and other questions and the slave experience on the sugar rice coffee and cotton plantations Kenneth Morgan discusses the rise of a distinctively Creole culture slave revolts including the successful revolution in Haiti 1791 1804 and the rise of abolitionism when the ideas of Montesquieu Wilberforce Quakers and others led to the slave trade s systemic demise At a time when the menace of human trafficking is of increasing concern worldwide this timely book reflects on the deeper motivations of slavery as both ideology and merchant institution *From Empire to Humanity* Amanda B. Documentary as Exorcism Robert Beckford, 2014-01-16 Documentary as Exorcism is an interdisciplinary study that builds upon the insights of postcolonial studies critical race theory theological and religious studies and media and film studies to showcase the role of documentary film as a system of signifying capable of registering complex theological ideas while pursuing the authentic aims of documentary filmmaking Robert Beckford marries the concepts of theology as visual practice and theology as political engagement to develop a new mode of documentary filmmaking that embeds emancipation from oppression in its aesthetic In various documentaries made for Channel 4 and the BBC Beckford narrates the complicit relationship of Christianity with European expansion slavery and colonialism as a historic manifestation of evil In light of the cannibalistic practices of colonialism that devoured black life and the church's role in the subjugation and theological legitimization of black bodies Beckford characterises this form of historic Christian faith as colonial Christianity and its malevolent or occult practices as a form of bewitchment that must be exorcised He identifies and exorcises the evil practices of colonialism and their present impact upon African Caribbean Christian communities in Britain in films such as Britain's Slave Trade and Empire Pays Back through a deliberate process of encoding decoding The emancipatory impact of this form of documentary filmmaking is demonstrated by its ability to bring issues such as reparations to the public square for debate and its capacity to change a corporation's trade policies for the good of Africans *The Jewish South* Shari Rabin, 2025-04 A panoramic history of the Jewish American South from European colonization to today In 1669 the Carolina colony issued the Fundamental Constitutions of Carolina which offered freedom of worship to Jews heathens and other dissenters ushering in an era that would see Jews settle in cities and towns throughout what would become the Confederate States The Jewish South tells their stories and those of their descendants and coreligionists who followed providing the first narrative history of southern Jews Drawing on a wealth of original archival findings spanning three centuries Shari Rabin sheds new light on the complicated decisions that southern Jews made as individuals families and communities to fit into a society built on Native

land and enslaved labor and to maintain forms of Jewish difference often through religious innovation and adaptation She paints a richly textured and sometimes troubling portrait of the period exploring how southern Jews have been targets of antisemitism and violence but also complicit in racial injustice Rabin considers Jewish immigration and institution building participation in the Civil War the 1915 lynching of Leo Frank and Jewish support for and resistance to the modern fight for Black civil rights She examines shifting understandings of Jewishness highlighting both the reality of religious diversity and the ongoing role of Christianity in defining the region Recovering a neglected facet of the American experience The Jewish South enables readers to see the South through the eyes of people with a distinctive religious heritage and a southern history older than the United States itself *Native Apostles* Edward E. Andrews, 2013-04-01 As Protestantism expanded across the Atlantic most evangelists were not Anglo Americans but were members of the groups that missionaries were trying to convert Native Apostles reveals the way Native Americans Africans and black slaves redefined Christianity and addressed the challenges of slavery dispossession and European settlement
